

HAIR STAYS COMBED, GLOSSY

"Hair Groom" Keeps Hair Combed—Well-Groomed.

Millions Use It—Fine for Hair!—Not Sticky, Greasy or Smelly.

Get a jar of "Hair-Groom" from any druggist for a few cents. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Greaseless, stainless "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains so soft and pliable and so natural that no one can possibly tell you used it.

His Usual Fee.

"Sir," said the barber to the lawyer, who was passing the door, "will you kindly tell me whether this 50-cent piece is good?"

The lawyer pronounced the piece good, then he deposited it in his pocket, remarking with gravity, "If you'll send your boy to my office I'll return a quarter. I keep 50 per cent for an opinion."

Mrs. A. Van Arnam

Davenport, Iowa.—"I wish I could tell to all the world how much I owe to Dr. Pierce's Favorite Prescription. I was nearing middle life when my last child came and my health was miserable. I had continuous pain in my right side. I took nine bottles of 'Favorite Prescription' and can truly say that I suffered the least that time and my health afterwards was better than it had ever been before. While passing through the critical time of life I depended solely upon 'Favorite Prescription' to keep me well and strong and it did not fail me. I had none of the distressing symptoms most women have at this period, such as heat flashes and dizzy spells. I came through in excellent health and am still just as strong and well as I was thirty years ago, thanks to this best of medicines, Dr. Pierce's Favorite Prescription."—Mrs. Alice Van Arnam, 1705 W. My liver wasn't acting right, and I suffered so much from rheumatism I could hardly use my arms.

"But Tanlac has made a clean sweep of my troubles, and now, with plenty of strength and energy, I am working and feeling fine."

Kansas's Destructive Laugh.

In the days when horseflesh was in flower one of the hardest things in town was to get horses accustomed to Job Hofer's laugh. Every time he took off the main latch and helped himself to a real mastolonic gurgle of glee there were two or three runaways down Main street. The horses largely have passed, but Job's laugh has the same devastating effect. Today he became amused at something while in Lem Lump's Ford, and two panes of window glass fell out.—Eldorado Times.

THE AMERICAN LEGION

LEGION MEN DEMAND ORDER

Carter County, Oklahoma, Guarded by Former Commander of Ardmore Post, Assisted by Buddies.

Ewing London.

It is one thing to oratorically advocate the maintenance of law and order and another to actually enforce these principles.

When Carter county, Oklahoma, tired of a reputation for lawlessness—a reputation unfortunately backed by occurrences—sent for Ewing London, American Legion post commander, former

sailor and bandy fighter, and told him to go to it.

Carter county said it with votes, giving a two-to-one majority to the young veteran of the World war. London got busy almost before the last precincts were heard from.

He first picked his active allies, ten deputies, all of them experienced in police work and the majority of them service and Legion men. Then he took stock of the forces of the enemy—reconnaissance, they called it in military circles.

Numbered among this genial tribe were peddlers, gun men, automobile drivers, hijackers, gamblers, yeggs and plain "bad men."

Not that Carter county merits, or has merited, a particularly unsavory reputation. But it was late a border community, easy of access to the lawless, attractive in its newness to their predatory instincts. There was a strong and growing better element in Carter county, the element that sought out Ewing London for the sheriff's place and elected him thereto.

London planned his campaigns like a field officer. There was nothing impromptu about raids. His slogan was, "Get the man at the top," and a raid that didn't produce the person of the directing genius in lawlessness was considered a failure.

Now London has been in office not quite a year and he and his men have made 900 arrests for violation of laws.

London has paid a tribute to the assistance of American Legion men in cleaning up Carter county. He was formerly commander of George R. Anderson post of Ardmore.

Patriotic Indianapolis Barber Supplies Tensorial Attention to Disabled Soldiers in Hospital Ward.

Service to disabled veterans of the World war is the hobby of Randolph S. Oehltree, proprietor of an Indianapolis barber shop.

Mr. Oehltree has been making visits to the soldiers' wards at an Indianapolis hospital every Sunday, along with eight or ten barbers employed by him, and has visited the hospital at least one afternoon each week by himself, for more than a year. He has shorn and shaved the disabled soldiers without charge and his brothers have done likewise in volunteering their services without cost to the heroes.

R. S. Oehltree.

Alvin Owsley, national commander of the American Legion, has written a personal letter to Mr. Oehltree, stating: "Please accept the sincere thanks of the American Legion for your unselfish devotion to the men who fought for us. It is an inspiration to our organization which places justice to the disabled above all other aims and purposes. I hope that I may have the pleasure of seeing you some day and thanking you in person for your service."

When on the Losing Side. The securities of the Hamburg-American and North German Lloyd steamship companies ranked as reasonably conservative investments before the World war. On April 1 these companies will call in bonds issued at a par value of \$32,500,000. The redemption will cost only \$10,000—the bonds happen to be in marks instead of dollars. The sound American business man who ten years ago put \$100,000 into these securities will get back something less than \$31. One advantage of our having won the war instead of Germany is that Liberty bonds are still worth from 98 to 99 cents to the dollar. The Kaiser can paper his house at Doorn with dollar bills, if he wants to, but it will cost him \$6.25 a square foot to do it, plus paste and labor. The steamship bonds would be much cheaper.—American Legion Weekly.
