

POLICE VETERAN REGAINS HEALTH

Could Hardly Eat or Sleep Because of Chronic Indigestion—Now Praises Tanlac.

W. N. Hatcher, 110 Luelle Ave., Greenville, S. C., is still another who has realized the wonderful merits of Tanlac. Mr. Hatcher has been a member of the Greenville Police department for thirty years and is one of the most efficient and popular officers on the force. In commenting on his experience with Tanlac Officer Hatcher said:

"I know many others, besides myself, Tanlac has helped and I am glad to speak out for it. I had suffered from indigestion and constipation for something like fifteen years. I had about reached the point where I could neither eat nor sleep, for every time I ate it hurt me and the misery kept me awake at night. I had lost energy and strength until when my day's work was over I would feel completely 'plaid out.'"

"I now eat anything I want, always have a fine appetite, and have gained eight pounds. I am certainly thankful to be able to enjoy a good meal once more and not suffer afterwards. I am just like a new man and Tanlac gets all the credit."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advertisement.

Red Tape at Its Highest.

Circumlocution in the civil service is not always the result of the system.

A few weeks ago an official in one department made an inquiry about a certain case to a subordinate official in another section who allowed the matter to slide.

Last week the first official addressed a complaint to the subordinate's superior and the superior passed on the minute to the subordinate with the query, "Has nothing been done?"

The minute was returned marked "Yes" and was sent back to the subordinate with a laconic "What?"

"Nothing," was the subordinate's comment on the minute.

Fancy Work Limit.

The other day a Eureka man in a friendly chat with a neighbor, among other things, asked him if his wife did fancy work. "Great Scott," he exclaimed, "she won't even let a porous plaster come into the house without crocheting a red border around it and running a yellow ribbon through the holes."—Eureka Herald.

HAIR STAYS COMBED, GLOSSY

"Hair Groom" Keeps Hair Combed—Well-Groomed.

Millions Use It—Fine for Hair!—Not Sticky, Greasy or Smelly.

A few cents buys a jar of "Hair-Groom" at any drug store. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions.

Greaseless, stainless "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains so soft and pliable and so natural that no one can possibly tell you used it.

CHRISTIAN WELFARE UNION.

Not Charity, but a Helping Hand is Extended to the Needy—Christian in Character, United in Effort.

The National Christian Welfare Union of Omaha was incorporated to seek a Christian solution for humanity's needs. First, their health if impaired; second, education if neglected; third, morals if loose; fourth, recreation if necessary; fifth, a home if they have none; sixth, environment if wrong, through the direction and guidance of the Christian forces in each and every community throughout the state.

From the inception of the organization, in 1921, the promoters had with fixed definite objectives, growing out of a knowledge gained by the many years spent in Christian and welfare work. The first of these objectives was a home in which to give temporary care to welfare cases, hence last November was begun the construction of a modern, perfectly adapted house, provided with a large living room, a spacious dining room, a convenient kitchen, and ample bedrooms, over a light airy full basement.

The building is now about completed and ready to be furnished. Besides the regular furniture required in every home, there is yet need for single beds, mattresses, bed spreads, pillows (small), tablecloths for a ten foot table, napkins, hand towels, tea towels, silverware, dishes and cooking utensils for a family of twelve.

BEAUTY IN LEGION PAGEANT

Miss Gladys Hicks, Louisville, as Miss Columbia, Wins by Fifty Thousand Votes.

Trim, piquant, lovable, little Miss Gladys Hicks, voted the most beautiful girl in Louisville, attracted the eye of the artistic, as well as the lay world, when she appeared recently in the American Legion pageant accompanying the presentation of the patriotic film, "The Man Without a Country."

Legion posts of Louisville in conjunction with a local newspaper conducted the contest and several hundred thousand votes were cast. Miss Hicks won by some 50,000, after her

photograph and those of other entrants were published. For a week thereafter she posed as Miss Columbia in the Legion men's tableau of America.

Of course, letters by the thousands came to Miss Hicks following her leap to fame, and offers of matrimony were as numerous as mulberries in August. Stage and screen managers also recognized in Miss Hicks features an appeal that might become widespread, and she received several flattering offers.

One manager, of undoubted financial standing, made a flat offer of \$12,000 a year for four years. However, the queen of beauty, in a city ever renowned for its fair women, has to date refused all offers.

VERY BUSY AUXILIARY UNIT

Minnesota Department Distinguishes Itself in Activity in Behalf of the Wounded and Others.

Minnesota department of the American Legion auxiliary is again at the front with its distinctiveness. One little unit, auxiliary to Hutchinson post, No. 96, has particularly distinguished itself in activity recently.

A short chronicle of the activities of the unit follows:

Twenty-four pairs of pajamas were recently contributed to one of the hospitals, the work of the members. All sick soldiers were kept supplied with flowers; \$250 was cleared at a circus given under the auspices of the auxiliary; a poppy sale netted the unit \$237.50; two flags were purchased for the Legion post and one for the unit; when the forty and eight conducted their initiation, the auxiliary gave a banquet, with a \$15 profit. This was sent as a contribution to Doctor Helen Hellscher's welfare fund.

The unit has been very active in charity work; two needy families have been taken care of financially and socially; a cedar "hope chest" was disposed of at a profit of \$187.50. This money was used in furnishing a room in the new community hospital at Hutchinson. On Christmas, 48 boxes filled with personal gifts were sent to the disabled soldiers of Minnesota by the unit, also 12 pairs of pajamas.

Three families were made comfortable and happy at Yuletide, by the Hutchinson auxiliary members. Work never stops with this unit, which is at all times progressive.

Awards to 3,904 Veterans.

Joseph Sparks, chairman of the national rehabilitation committee of the American Legion, has announced that the "bedside cleanup" inaugurated recently in United States Veterans' bureau hospitals by the Legion in conjunction with the Veterans bureau has resulted in awards being made to 3,904 disabled veterans of the World war. Checks for the amounts due under the awards have already been mailed to the bureau.

INTERESTED IN WORLD PEACE

H. Nelson Jackson, Vermont, One of Legion Men Presenting Program to President Harding.

H. Nelson Jackson of Huntington, Vt., is one of the prominent American Legion representatives in its relations with veterans' organizations of other countries. Mr. Jackson is vice president of the International Veterans' association, composed of societies of ex-fighters in eight allied countries.

Recently, Mr. Jackson, with other Legion representatives, submitted to President Harding a program leading toward world peace, recommended by the international veterans' organization at its last convention held in New Orleans.

Born in Burlington, Mr. Jackson was graduated from the public schools and the University of Vermont. Following his graduation, he entered the practice of medicine in Burlington. In 1900, falling health caused his retirement from professional activities, and he entered in a series of extensive travel in continental Europe. Continuing in his quest of health, Doctor Jackson took up motoring in 1903, when the automobile was in its early stages of development. He was the first man to accomplish the difficult trip across the American continent by automobile, making the journey in 63 days. Afterward he went to Mexico.

From the beginning of the World war, his interest was on the side of the allies. When Theodore Roosevelt offered to raise a volunteer division and to lead it against the Germans, Doctor Jackson, on Colonel Roosevelt's personal request, guaranteed a regiment of cavalry from Vermont. On America's entrance into the war, Doctor Jackson was refused enlistment for active combat service on account of his age. Volunteering hereafter in the medical corps, he was commissioned a first lieutenant. He reached the front line trenches a major in 1918, and was wounded three times in the capture of Mont Faucon. For his heroism on the field of battle, he received the Distinguished Service Cross, the Croix de Guerre, and the decoration of Chevalier of the Legion of Honor.

A leader in American Legion affairs in Vermont, Doctor Jackson obtained national distinction among ex-service men, and served the Legion as a national vice commander in 1921-1922.

K. C. PROVIDES \$50,000 FUND

Organization Turns Over Large Sum to Legion to Aid Tubercular Veterans in Southwest.

Tubercular ex-service men are flocking by the thousands to the states of the Southwest, where they hope to find the promised land of convalescence, according to Claude J. Harris, director of the American Legion's national service division.

Mr. Harris, with William J. McGinley, supreme secretary of the Knights of Columbus, has completed a survey of conditions among tubercular veterans in a number of states, which has resulted in the allotment of a fund of \$50,000 by the Knights of Columbus to the Legion to relieve the situation.

"Our survey showed that the former fighters, who are migrating to Colorado, California and other states, are oftentimes in destitute circumstances," Mr. Harris stated. "In many instances they have brought their families with them. Legion posts and charitable organizations are attempting to provide for the veterans, but their number has increased to such an extent that these organizations are unable to care for a large percentage of veterans."

The Legion will administer the fund authorized by the Knights of Columbus in the communities where the problem is the heaviest, according to Mr. Harris, who stated that the fund will relieve many ex-fighters who have developed tuberculosis since the war. A great many of these men are ineligible for compensation from the United States Veterans' bureau because their disability developed at a period later than two years from time of discharge, the bureau's time limit for compensation in cases of pulmonary tuberculosis.

GIRL, LEGION POST ADJUTANT

Miss H. C. Hilden, Cleveland, is Honored by the Shupe Machine Gun Organization.

Wounded veterans in the hospitals of France learned to submit to the rule of the weaker sex as represented by members of the army nurse corps. Members of the Shupe Machine Gun post at Cleveland are now honored by Miss H. C. Hilden, a former nurse, who has recently been elected post adjutant.

Miss Hilden has taken a great interest in the various activities of the post. She has been especially interested in the relief of disabled ex-service men and of other sick and needy veterans.

In a recent membership campaign, Miss Hilden led her post to victory.

Listening to Conscience. We are bound not only to follow our conscience, but to have a right conscience to follow; and to follow it, not as one follows the beast he drives, but as the soldier follows his commander. —Rev. Augustus H. Strong, D.D.

Health is the Most Valuable Asset You Have

Newago, Mich.—"Some years ago I was troubled with dizziness, palpitation, loss of appetite and sore and painful stomach. I tried the best physicians I could hear of, and also several put-up medicines, but nothing did me any good. Some physicians said it was my heart; some said it was my stomach; while others said it was my nerves. I got so bad I could not work; very steadily, when a friend came to see me and insisted upon my trying Dr. Pierce's Golden Medical Discovery. I was discouraged, but tried it anyway, and after taking the second bottle I felt much better. I then bought six bottles and I believe the 'Discovery' saved my life. It was rightfully named 'Golden Medical Discovery.' I would recommend it to all who need such a medicine.—Chas. E. Backus.
