ILLINOIS MEN WIN BONUS

Supreme Court Upholds Act Providing for the Allowance of Fifty Cents Per Day.

The close relation existing between the services of the individual soldier of the World War and the general welfare of the state gives rise to a claim appealing to a universal sense of fairness and justice, declared the opinion of the Supreme court of Illinois in upholding the bonus act of that state. The court was unanimous on the constitutionality of the act and by this decision paves the way for 300,000 ex-service men and women to obtain a state bonus.

The Illinois act provides for the payment of 50 cents per day for each day of service in the army, navy or marine corps. The maximum payment which any veteran may draw is \$300. To pay the veterans a bond issue of \$55,000,000 has been made and will be sold immediately. Palmer D. Edmunds, chief clerk of the board which passes on the bonus applications, has estimated that payment will begin about July 1, and that the former soldiers will be paid at the rate of approximately 24,000 a month. Applications to the number of 220,000 are already on file with the board.

The case in Supreme court, a "friendly suit" brought by the father of a Legion man of Springfield, Ill., attracted much attention. It was the contention of the attorneys for the appellants that the law violated the constitution by granting extra compensation after public service had been rendered.

The opinion of the court, written by Chief Justice Thompson, and without a dissenting vote, held that the recipients of compensation in the case did not come within this specification of the constitution. They, the opinion said, do not stand in the relation of a public officer, agent, servant or contractor of, or with the state, and "that the section has no application here."

The activity of the American Legion in assisting the securing of the passage of the Illinois act is well known. The organization was called on to write the act and was at all times active in moving toward its passage. On the eve of the election by which the voters of the state approved the bond issue to pay compensation, the organization staged a demonstration throughout the state that won thousands of votes. Under advice of the Legion, the ruling was made by the bonus board that all service should be compensated at the specified rate until 1920. The previous acceptance had been for service actually rendered before the armistice.

USED FLOUR TO 'RAISE DOUGH'

Unique Money-Raising Plan Successfully Carried Out by Waukegan (Ill.) Legion Auxiliary.

By use of a unique funding plan, the American Legion Auxiliary at Waukegan, Ill., has succeeded in providing club-room furniture for the Legion post of that city. Little expense was incurred in the campaign and the ladies were able to deliver a sufficient fund to the members of the Legion to completely equip the clubrooms.

A house-to-house canvass was made by the auxiliary women in the interest of a certain brand of flour. When a Waukegan woman was impressed by the "canvass"—and they usually were—they placed an order for a bag of flour, to be delivered at a future date.

On every barrel of flour sold the workers received \$1, the goal being set at \$1,000, which it is said was realized within a short time. Incidentally, Waukegan grocers were forced to lay in a large stock of the flour to care for the demands from the result of the solicitation of the workers.

TO THOSE IN OCEAN GRAVES

Special Memorial Services Conducted by Legion in Honor of Victims of Sea Warfare.

Those Americans who perished at sea during the World War were paid fitting tribute on Memorial day by the American Legion. Hundreds of Americans went down as sea victims of the submarine and their unmarked graves were remembered.

On the Ticonderoga alone 213 brave Americans went down, and scores of others perished in a similar manner.

Recognition of the sailor's part in the war was paid by numerous posts of the Legion when the members set adrift barks of flowers in memory of those who perished at sea, now resting in wave-swept graves.

Heavy Load for Legion.

Kenesaw Mountain Landis, supreme arbitrator of organized baseball recently predicted that "within five years many supposedly able-bodied veterans will begin to falter because of shock and exposure suffered in the trenches." And he added: "The American Legion is the only body which is taking an active stand for justice to disabled men, and on the Legion will fall the responsibility of seeing that congress does its duty."

COMPILING WORLD WAR DATA

Achievements of Men and Women During Great Conflict to Be Recorded in General History.

Compilation of the achievements of the men and women of the World War, and the establishment of a national historical archives for the preservation of documents and important data concerning the campaigns of the war, is the principal work which has fallen to the office of the national historian of the American Legion.

One of the most recent advances of this important cog in the Legion machine at headquarters in Indianapolis, is the completion of the biographical data of the men whose World War careers and prominence in Legion history will be of interest to Legion men in future years.

Eben E. Putnam, of Wellesley Farms, Mass., national historian of the organization, whose entire time is demanded in the obtaining of data and records for the continuance of the archives section of the Legion, has delegated much of this work for biographical reference to Harvey G. Thomas, assistant national historian formerly of Monticello, Ind.

Under Mr. Thomas' direction, accumulation of this data concerning nearly 3,000 Legion members throughout the 11,000 posts of the organization

Harvey G. Thomas.

In the world is progressing rapidly. Comprehensive questionnaires have been sent out and there is already a mass of this matter in his office, awaiting classification.

In preparation of this general history of the Legion, the history of each post is necessary. Through the state organization, requests are made to the individual posts for names of organizers, dates, the officers since the chartering of the unit, the progress in members annually, all of which points out definitely the leaders in that post. This information is in turn garnered by the department historian, executive committee meetings and conferences. This combined with the post history will give the entire department history. The history of posts and departments will be added to the biographical data obtained by Mr. Thomas, making complete records for a Legion history, publication of which is now contemplated.

Thomas entered the service early in May, 1917. He received a commission of lieutenant in infantry shortly afterwards and was assigned to the Fifty-eighth Infantry, which later became a unit of the Fourth division. He went overseas with this organization and was with the regiment during the Alsace-Marne campaign. Wounded at Fismes, he was returned to the United States, landing on Armistice day, and was retired from the service in July, 1920, with the rank of captain.

FLOWERS ON NURSES' GRAVES

Maj. Julia C. Stimson Makes Trip to Paris to Decorate Last Resting Places.

Honoring the last resting places of eleven American nurses who sleep in Suresnes cemetery in France, an impressive ceremony conducted by United States representatives, and attended by American residents in France, recently marked the decoration of the graves of these brave women. Their bodies lie in the American cemetery, where sleep nearly 1,500 other American World war dead.

The cemetery, now a shrine of American patriotism, was chosen for the services presided over by Maj. Julia C. Stimson, former chief of the American nursing service and a member of the Jane A. Delano post of the American Legion of Washington, D. C. Major Stimson made the trip to France for the purpose of decorating the graves.

Col. Francis A. Drake of Paris represented the American Legion of Continental Europe at the services. Elliott Wadsworth, assistant secretary of the treasury of the United States, was present, as was Col. T. Bentley Mott of the American embassy, and other prominent members of the American colony in Paris. Prayers were recited by Dr. Frederick Beckman of the American church of the Holy Trinity.

Additional Wards Ordered.

An additional ward building has been authorized by the Oklahoma legislature for the Soldiers' Tubercular home at Sulphur, due to the efforts of the American Legion of that state. The legislature also authorized the construction of an additional ward to care for mentally incompetent and shell-shocked veterans at the Norman (Okla.) hospital, another suggestion of the Legionnaires. The expenditures in the two cases will reach \$200,000.

PROVED EFFECTIVE BY A FIFTY YEARS TRIAL

The most widely used remedy in the world to overcome the stagnating effects of catarrh. Catarrh is silent and insidious in its ravages, invades nearly every household and hovers like pestilence everywhere.

PE-RU-NA

FOR CATARRH AND CATARRHAL CONDITIONS

It strikes at the root of catarrhal troubles by stimulating the digestion, enriching the blood, toning up the nervous system and soothing the raw and inflamed mucous membranes. Pe-Ru-Na sets every organ to working properly and gives strength, vigor and pep to the whole body. Try it, and like thousands of others, learn what it means to be well.

EXPECT BIG CROPS

Conditions in Western Canada Please Farmers.

Seeding Has Been Begun Earlier Than for Many Years, and Soil is in Perfect Shape.

With weather conditions highly favorable, the farmers of Western Canada, with the exception probably of a portion of Manitoba, have completed seeding from ten to fifteen days earlier than for some years past. In some parts of Manitoba there were floods which delayed seeding, but they have abated, and left the land in good shape for quick work and speedy germination. In Saskatchewan soil conditions for seeding were never better. With a generous quantity of snow, which after melting left needed moisture, and another snowstorm after seeding was finished, there was an ideal condition created. From all parts of Alberta there came the best of reports as to rainfall and snow moisture, leaving the ground in the condition required for the prospects of a good crop.

Spring, as in most other parts of the continent, was backward, but notwithstanding this, as has been said, farmers were able to get on the land earlier than for some years. In fact, seeding was practically commenced about the 12th of April, which to many readers may seem remarkable, when it is known that several hundred miles farther south it was not possible to do spring seeding for several days later. Reports to hand on the 16th of May state that wheat is up above the ground in a great many places, oats are being sown, and corn planted. Farm labor was scarce for awhile, but the demand has fallen off. One feature of the demand for farm help is that farmers are now employing help by the year, at of course smaller wages than those paid for special work. The increasing tendency to employ help by the year is evidence that farmers are not relying solely upon wheat growing, but are going out into other branches, such as dairying, stock raising, etc. The prospects in all portions of Western Canada were never brighter than at present. Information regarding the condition of the crops at any time will be sent on request made to any Canadian government agent.—Advertisement.

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.
