An unable to keep up payments on my piano. First class condition—nearly new. Any one can have it by paying me a small amount for my equity and keeping up payments. If interested write for price and full particulars to Lock Box 716, Omaha, Nebraska.

We can save you Fifteen Dollars on a Wilton Rug. We can save you Ten Dollars on a good Axminster Rug. We can save you from Five to Ten Dollars on Cheaper Rugs.—Johnson & Graham Furniture Co., Red Cloud, Nebr.—We Sell Them For Less And Deliver The Goods.

FARM BUREAU NOTES
(By County Extension Agent Henry R. Fausch)

GET HOLD OF THE BOYS AND GIRLS

"Give me the period in the life of the girl and the boy between six and sixteen years of age and my ideals will prevail; it makes no difference what the future environment may be," asserted Frobel, the great Swiss-German educator.

This statement is so true that it is almost a platitude. Nowhere is the truth of the assertion being better exemplified than upon the American farm where boys' and girls' club work is in full swing. These youngsters are learning that farming is a science and that upon its progress largely depends the progress of the entire country.

Not a dollar spent upon work for these clubs is wasted. The club work, more than any other branch of the extension service is carrying the university to the people. An objector to university agricultural extension work protested not long ago, in a signed article, because the extension work was dominating the entire youthful life of Nebraska. The extension work should dominate the life of the state just as every college of the university should dominate the thought and the future of the state.

This is a consumation for which the people of Nebraska have spent many millions. They are to be congratulated that the end of their ambition and their effort is in sight.

An Enterprise that Merits Your Support

Notwithstanding the amount of shipping that is now lying idle in the harbors and at the docks of the United States, ocean travelers are still obliged to pay high rate for trans-Atlantic travel, and an unparalleled opportunity to build up the American Merchant Marine is being lost. Recognizing this fact, and realizing that the time was opportune for an undertaking of this nature, the organizers of the Great Northern S. S. Co formed their Corporation, which received its charter from the State of Massachusetts, October 11, 1922.

They visualized a new ocean steamship line, plying between Boston and European ports, which would offer to these same people a chance for ocean travel on comfortable commodious ships, at a price within the reach of all, but large enough to allow a profit for the investor and a sufficient margin to allow for the carrying on and enlarging of the enterprise.

This was their threefold purpose—to render a genuine service to the people,—to help build up American shipping,—and to bring business and trade to the port of Boston.

In spite of the failure of the Ship Subsidy Bill, in spite of the opposition which each new competitor in an established field encounters, this Company is bringing its plans to maturity and expects that very soon it will be able to offer definite sailing dates to the public.

This, surely is an enterprise that merits your support.

Cole Bros' World-Toured Shows

Away from the old time methods of presenting tented amusement enterprises, is Cole Bros' World-Toured Show and Trained Animal Exhibition, which will give two performances, afternoon and night at Red Cloud, Tuesday, August 7th. The Cole Bros' World-Toured Show travels in its own two all steel trains. As its title denotes, animal features predominate, but do not by any means form all of the programme; high class European novelties and horse, pony, dog and monkey acts are interwoven into the programme with such varied effects, that the on-looker is taken from one surprise to another with such wonderful rapidity that he hardly knows what to expect next, and it is in the arranging of the programme so as to take advantage of these surprises wherein lies the charm of Cole Bros' performance.

A noticeable feature of the show is its absolute freedom from anything suggestive that mars so many performances; its clean wholesome fun, the real comedy of the clowns, in burlesquing important topics of the day, and grotesque impersonations of people prominent in the limelight, is real humor and greatly appreciated. Twenty funny clowns under the leadership of Happy Billy Reid, the master clown of the day, feature many absurdly comic acts. "The Big Suffragettes Meeting," "A Baseball Number," "Comedy Policemen," "Flying Machine and Automobile Number," "Rube and Old Lady Number," and dozens of other foolish and ludicrous comedy acts by clowns who are eminent in foolery.

The Berne Brothers the strongest men in the world, direct from Europe first time seen in America, keep the audience spellbound with their many varied feats of strength and wrestling. Prof. John Ducander the world's greatest horse trainer, with his troupe of five educated performing white Arabian horses. Prof. F. J. Rogers with his troupe of educated dogs and Shetland ponies will be the delight of the children and interesting to the grownups. 25 of these ponies present drills and difficult military maneuvers with all precision and skill of trained soldiers. This is recognized as the best trained school of ponies seen with any tented organization. Chas. Post and his trained trick mules, Herr Diefenbach's trained bears are another European importation. Herr Diefenbach comes highly recommended by the press of Europe and the performance of his huge Siberian Grizzly Bears range from comedy to sensationalism.

The above are only a few of the many acts interwoven in a program of undisputed excellence.

The one show that is absolutely different from all others and is without doubt the highest class, most progressive and most pleasing tented exhibition that will visit Red Cloud this season. A tremendous exhibition of splendor of scores of open dens, glittering tableaux, savage animals lead in leash, brass bands, clowns, scores of pretty women. The entire enriched by a beautiful display of flashy costumes and trappings, altogether representing an immense fortune.

Show grounds two blocks south of Royal Hotel in Mrs. Koontz field.
