Foot Ball Game

The first foot ball game of the season will be played Friday afternoon at 3 o'clock at the Kowitz field. The Guide Rock high school team, which has won one game and lost one, will meet the Red Cloud High team on the field. The local team is composed of light weight boys but they are promising to put up a hard game.

Bigger, Better Than Ever

The Red Cloud American Legion Post has set November 8, 9 and 10th, as the dates for holding their indoor carnival "Hell's Half Acre" this year. Different committees have been appointed and they are busy buying goods etc. for this event. There will be some new features this year and a good orchestra will be secured to furnish the dance music.

September Weather Report

Temperature: Mean 67 deg., maximum 95 deg., on 31 and 4th, minimum 41 deg., on 21st.

Precipitation since Jan. 1st, 23.19 inches. Chas. Ludlow, Observer.

Mail Carriers Convention

The quarterly convention of the Webster County Rural Carriers Association met Thursday evening at the Red Cloud Post Office. Thirteen in all were present. The postmaster Mr. Garber, graciously furnishing the place of meeting and also his desired presence. Pres. Porter Hale called the meeting to order and secretary C. P. Conley of Inavale further officiated. Mr. Fisher of Bladen gave a good report of the State Rural Carriers Convention held last August at Beatrice. Some business was transacted and the remainder of the evening was very pleasantly spent in telling incidents of the rural carriers life and discussions ranging from the unnecessary practice of "penny picking" to the more elevating thots of future carrier maintenance.

After adjourning to meet next February 22 in Blue Hill the visiting carriers were guests of the local carriers at the Monte Cristo cafe.

Growing Bulbs Indoors

Hyacinths, Paper white Narciss, Chinese sacred lilies and even tulips may be grown indoors with a fair degree of success, according to the horticulturists at the University of Nebraska Agricultural College. They may be grown either in water or dirt. To grow the bulbs in water, the bowl or vase should be partly filled with gravel, pebbles, coal, together with a small amount of crushed oyster shell. Then the bulbs are placed firmly among the stones, etc., partly covered with water and removed to a cool dark part of the cellar while the roots are forming. They should be left there about 6-8 weeks, the water being changed every week. At the end of this period they are brought into the light and into a heated room to flower. The bulbs may be grown in pots also, a 6 inch pot being suitable for 3 bulbs. The pot is filled with garden soil in which a cupful of sand has been mixed and a little well rotted manure. The bulbs are set just beneath the surface of the soil, watered and removed to a cool dark moist place such as a cave or out-of-doors under a covering of dirt, straw or ashes. Here they are left for 6-8 weeks and then gradually introduced to heat.

Mrs. T. W. White, who has been here for the past month visiting with her daughter, Mrs. Will Hines and family, returned to her home in Ardmore South Dakota Friday morning.

Red Cloud Merchants to use Uniform Flag Decoration

Friday, Messrs H. L. Allen and O. W. Graham representing the Shenandoah Flag & Decorating Co. under the auspices of the Red Cloud Fire Department, sold fifty flags to the progressive business men of this city which they will use for decorating purposes. When in use these flags will stand in front of the stores along the curbing in a uniform line. The flags are 4 x 6 feet and will hang on a twelve foot pole.

These gentlemen stated that they are only making the larger towns in this state but this city had been highly recommended and our merchants were indeed pleased to secure this uniform system of decorating for use here as it is something that has been needed for years. The Fire Department has a few of these flags left which they will sell to those wanting same.

Red Cloud Fair in Full Swing Today

The annual exhibit of the Webster County Agricultural Society is now in full swing in this city. Tuesday was entry day and a large number of exhibits were entered. The cattle hogs and sheep fill the Sale Pavilion. There are several good breeds of cattle on exhibit among them being the Shorthorn cattle of Johnson & Auld, also the Aberdeen-Angus herd of Wessels of Blue Hill. The hog exhibit is not as large as usual, but Henry Fauch has several good Poland Chinas there and there are several pens of good Durocs and Spotted Poland Chinas.

The poultry and farm products occupy the Heaton building. The farm products are much better than formerly and a large variety of good corn is to be seen. The poultry department is well represented with the different breeds of chickens, geese and ducks, and makes a very creditable show for the poultry raisers of this community.

The Ladies Departments and the School Exhibits occupy the Peterson building. The baking, needle work and canned fruit display excels all other displays made here, while the creditable exhibits of the schools proves that the scholars are apt in their studies and shows that the teachers are giving them good training. The old relics collection is also in this department and several articles in well preserved condition over a hundred years old were on display, among them a bible owned by Dr. Martin, although quite worn due perhaps to Docs. continuous usage.

Tuesday evening the picture "Hunting Big Game in Africa" was shown at the Auditorium to a large and appreciative audience. This picture was photoed by H. A. Snow, and besides the animal life the mining of diamonds was shown. The Betz orchestra furnished the music for the occasion.

Wednesday evening there was not very many present for the program owing to the heavy rain at supper time. The high school orchestra were the first on the program and the scholars played several selections which pleased the audience.

County Agent Fauch introduced the Guide Rock High School Live Stock Judging team which won the honors in judging and they will represent the county at the High School contest held at Lincoln next year. He then introduced the State Champion team composed of Alfred Sommerfelt of Blue Hill, Cecil Means of Red Cloud, Earl Portinier of Guide Rock being absent. These boys will represent this state and our county at the Kansas City and Chicago Live Stock shows and they hope to bring back the fruits of victory for which they are achieving. The double quartet, under the leadership of N. B. Bush, sang two appropriate selections in their usual pleasing way.

C. N. Gurney, who came here in the early 70's, spoke of his experience of farming in the early days of this county. His talk was brief but proved to be interesting.

MONDAY and TUESDAY
THE L. D. FULLER CONCERT CO.
45 minute Concert in addition to the regular
Motion Picture Program

Chas. Steward was assigned the subject "The Farmer and the Merchant" and he dwelt considerably on how the farmers and merchants here and elsewhere had cooperated in making such shows as this a success. He proved to be a very able speaker and furnished much food for thought for those present.

Rev. B. S. Daugherty sang two solos in a very pleasing manner after which President Overing introduced Capt. Ralph Pope, of the U. S. Navy, who spoke on his experience in the navy and also stated that this country needed a Merchant Marine in order that we might establish foreign markets for our products.

The quartet closed the program with a selection.

Methodist Church Notes

The new Methodist pastor and his wife arrived in this city from their former home in Nelson on last Thursday afternoon and found waiting for them a beautiful modern parsonage home left all spic and span by our predecessors Rev. and Mrs. Cope. We have since been digging our way out from the avalanche of boxes and furniture which had been shipped from Nelson.

And so this is Red Cloud. Well, it looks like an exceedingly attractive and hospitable little city to us. From the looks of things we are certain to enjoy our ministerial labors among the people of Red Cloud. While we have come as utter strangers the reception which we have had thus far has been most cordial and kind.

We were greeted with unfavorable weather on our opening Sabbath last Sunday nevertheless we enjoyed the day and are looking forward to next Sunday hoping that the day may be favorable and that we may be privileged to meet the entire congregation and friends of our church at the Sabbath services.

The Methodist people of Red Cloud and community as well have felt a distinct loss in the removal of Mr.

and Mrs. Cope to another field. These esteemed people wrought well during their stay in this city and have taken with them the universal esteem and good will of the people. And now we are indulging the fond hope that we too who come may share in the same hearty cooperation and loyal support accorded to them during their ministry in this place.

The Epworth League of our church impresses us as being a live wire. Our League has recently had an election of officers for the new year with the following results:

President—Evelyn Hansen
First Vice President—Nellie Kailey
Second Vice President—Jean Beezley.

Third Vice President—Marion Hartzook.
Fourth Vice President—Florance Monagon.

Secretary—Marguerite Schnelber
Treasurer—Garland Baker.

Here is something that will interest you. Instead of the regular Sunday evening church service next Sunday night the Epworth League will render a special program of addresses and music and at this service the installation of the new officers will be conducted by the pastor. The minister's wife will also be one of the speakers on the program. We shall be pleased to have you with us next Sunday night.

Another interesting program which our League is about to feature is an automobile contest. This will interest the young folks of our congregation and many others who are not members of any of the young peoples societies in town. Every young person in the church will want to get into this automobile race.

Strangers and visitors always have a hearty welcome to the services of the church.

H. G. WILCOX, Pastor.
