

GRACE EPISCOPAL

The Church of Jesus Christ today needs more men and women who feel the great pressure of the task, and not only the task but also the wonderful opportunities which are theirs.

If the Church does her work on earth it must have the help and cooperation of its members. THINK! Are you doing your part? If each of us who call ourselves Christian would do our best to follow out the following "Community Church Beatitudes" there would be some wonderful changes in our Community.

Blessed are they who are willing to do what they can when asked to serve on committees

Blessed are they who come to Church and on time

Blessed are they who bring some one with them.

Blessed are they who make special effort to come to Church when it storms.

Blessed are they who send their children to Sunday School.

Blessed are they who find delight in shaking hands with others.

Blessed are they who fully realize that they have a duty to perform for the Christ and his Church, and do it.

This church invites you to attend its services and you will receive a cordial welcome.

Rev. Basil S. Daugherty.

Methodist Church Notes

H. G. WILCOX, PASTOR

Last Sunday was a day of real inspiration with splendid congregations present both morning and evening. The pastor brought a morning message from I Cor. 6:20. In the evening an Epworth League platform meeting was conducted. Interesting talks were given by Miss Evelyn Hansen and Garland Baker. An inspirational address followed which was given by Mrs. Wilcox. Special music, spirited singing and an impressive installation service contributed to make a most interesting service.

The pastor and wife were called to Hastings on Monday of this week, one to attend a District Ministerial gathering and the other to attend the Annual Convention of the Nebraska State W. C. T. U. Our new District Superintendent, Dr. M. E. Gilbert presided over the ministerial meeting in which fifty ministers were present.

It is our understanding that the officers of Webster County W. C. T. U. are planning to put on a W. C. T. U. meeting in Red Cloud next Sunday night with R. v. Mrs. Lutes, State Representative, as the speaker of the evening.

It is an honored custom of the Women's Home Missionary Society of our

church to give a sunset social each autumnal season to the aged people of the entire community. This annual gathering was held at the church today. A beautiful dinner was provided and the opening feature of this special day. Then came the social hour which was followed by an interesting program consisting of devotionals, music and brief addresses. These most esteemed guests of the occasion highly appreciate such special recognition and it brought joy as well to the hearts of all who helped make possible such a delightful coming together.

We saw Brother Harry Cope in Hastings this week. He was looking wistfully towards his old familiar haunts in Red Cloud.

One of the most pleasurable things which we have met up with in our new field is our well organized and most efficient church choir. It is a joy to a pastor to have such helpful backing as we are having in Mr. Bush and his faithful singers.

The Sabbath is approaching. We shall meet in Sunday School session at 10 o'clock. At 11 o'clock the pastor will conduct Divine Worship. In the evening at 6:45 the Epworth League Devotional hour followed by the service of the evening. You are welcome to attend all these services.

Kansas Pickups

SMITH COUNTY

Miss Lois Lannigan spent Friday with Mrs. Earl Abbott.

H. A. Simmons has rented his farm and is moving to Lebanon.

Dr. H. M. Tweedy is the new County Engineer of Smith County.

Quite a number in this vicinity are sick with colds and sore throat.

Mr. and Mrs. Chas. Wray and children spent Sunday at the Mac Jones home.

Miss Mary Upp has had a severe attack of appendicitis but is better at this writing.

Miss Lois Lannigan spent Tuesday and Wednesday with her sister, Mrs. Rex Bellman.

Mrs. E. E. Spurrier shipped fifteen Canary birds to a Kansas City bird company last week.

Mrs. Ernest Freeman is at home after a week's visit with her parents, Mr. and Mrs. L. O. Vance in Lebanon.

Earl Abbott and wife returned home last week from a five weeks' visit with Earl's parents and other relatives in Indiana. They made the trip in a car.

Nothing to brag of.

An advertisement reads: "The best nuts are grown in America." True enough, but why brag about 'em?

BUCKSHOT

The older I get the more anxious I am to mind my own business all the time.

A good intelligence test is said to be a long stretch of road and a car that is working fine.

All some politicians need to win an election is a popular grievance and an unlimited vocabulary.

A combination of good sense, hard work, and economy will make a success of almost anything.

Lots of folks who criticize the church don't attend often enough to know what they are talking about.

Few people have any use for prayer as long as they are in good health and everything else goes all right.

Foreigners who kick on conditions at Ellis Island should remember that they are not compelled to go there.

The reason a Hartington young man tears his cigars in two is because he is too lazy to draw the smoke so far.

It is no trouble nowadays to pick out the boys and girls who will have to work hard for a living in later life.

In these days of newspapers a prospective juror who has formed no opinion hasn't enough sense to form one.

If you have enough of a sense of humor to laugh at your own foolish ideas you will never go so very far wrong.

Once in a while an honest to goodness American citizen gets to run for office in a big city but he is rarely elected.

It must be wonderful to be a reformer and have nothing to do but tell everybody else what fools and crooks they are.

The chances are that other women have about the same opinion of your husband that you have of theirs, so why worry?

What is the use of electing a legislature in Nebraska next year? All the really important questions will be settled by ballot.

Business would boom all the time if business men would go after it as ardently as reformers go after successful business men.

Bud Mickel had a lot of trouble getting his best girl to say she loved him but he finally squeezed the information out of her.

Bixby won't believe it but too liberal use of pancakes, maple syrup and sausage can do as much harm to a man as a strong pipe.

If my old reliable Dodge finds out that Harry Brainerd called it a Ford it is liable to knock him four times as high as that Omaha car did.

One Sioux City hotel man evidently reads Nebraska papers and believes all he reads. He made me pay in advance for a room the other night.

The notion that everybody can be prosperous all the time is as ridiculous as the notion that all children of the same age should weigh the same.

A mean paragrapher says it is easy to pick out the incompetent children in school. Their parents are always talking about the teachers being no good.

If George Snow ever comes to visit me I am going to feed him on frier liver and stewed turnips. When As-Wood comes I'll cut out the liver and serve the turnips raw.

The reason I like winter better than summer is because I can always put on more clothes in winter but there is a legal limit to how much I can take off in summer.

The man who always says the right thing at the right time is not apt to be much of a talker.

If Bixby, and Cecil Matthews and some others don't shut up my pipe may become a political issue in Nebraska next year.

An unkind editor wants to know why it is that so many men who are employed as secretaries of chambers of commerce and other business organizations are men who have made a failure of their own affairs.

Al Mathers fell and sprained his foot the other day. Lucky it wasn't his vocabulary.

Joe O'Furey is offering a dollar each for descriptions of women's stockings. I'll bet a dollar he gets the information himself and saves the dollars.

A fellow told me the other day that he won't believe anything he can't understand. All right, how is it possible for a black cow to eat green grass and produce white milk?

THERE'S NOTHING LIKE BEING COMFORTABLE

Surely the foundation of dress is the underwear. However the underclothes are very important the year round. They simply are the main factor in winter. We carry a very high grade of knitted underwear, and you will find our stocks are replenished with the kind you will like, as to the long wearing and washing qualities which our brands maintain.

Childrens Underwear

Keep the kiddies well and in school. You all know the Carter's underwear is way ahead the average, and we recommend Carter's silk and wool in elbow and long sleeves, flat seams and made of the finest materials.

These are priced at **\$2.25, \$2.50, \$2.95**

Carter's one half wool, all sizes, with full length sleeves in cream and gray. Priced at **\$1.75, \$2.25, \$2.75**

Children's heavy fleeced union suits taped and with buttons, sizes from 2 years to 16 years, white only. Priced at **85c and \$1.25**

Children's fleeced union suits, medium weight and elbow sleeves, sizes from 2 to 16 years. Priced at **89c**

Women's Underwear

Women's heavy fleeced union suit in long sleeve, elbow length and no sleeve, ankle length. Priced at **\$1.49 to \$1.69**

Women's fleeced union suit, well made, in all styles and sizes. Selling at **98c and \$1.25**

Women's two-piece garments in wool and fleeced. **75c to \$3.50**

Women's part wool hose in black and brown, gray and Beaver, Selling at **59c to \$1**

Silk and wool hose in the new stripe, in grey, black and cordovan. **\$1.50 to \$1.95**

Mother, probably already by your experience, you have found that by reoutfitting everyone of the family in the fall with new underwear that you will realize more wear by adding a new suit here and there. And also another fact that as many brands of underwear is not of the same weight is advisable to buy as much of your stock at once as you can, so as to assure the same weight throughout and thus not expose any of the little folks or yourself by wearing different weight underwear in the dead of winter.

ANNOUNCEMENT

Webster County Bank

WE WISH to announce that we have opened up a savings department in our bank for the use of the children, adults and every one. Thrift and saving is something that has been neglected.

We kindly invite you to take advantage of this savings idea and make this your banking home with your savings—no matter how small, you are always welcome.

A saver is a hustler and we are for both. Bank with us and you can bank on us.

We welcome every child in the community to become a customer of this new department.
