### Hastings Radio Station is Huge

Hastings, Neb., Nov. 20.—KFKX one of the largest relay radio stations in the United States, recently put in operation at Hastings by the Westinghouse Electrical company, is a big success, it was announced today.

The station, located as near the geographical center of the country as possible, was built primarily to relay messages broadcast by the Westinghouse station in Pittsburgh. It can be operated on a 40,000 to 50,000 kilowatt basis, but so far has been run on a one quarter capacity.

Messages relayed by the Hastings station have been heard in Japan, it was said.—State Journal.

### Mrs. Cynthia Ann Fulton

Cynthia Ann Scott was born in Butler County, Penn., Sept. 18, 1843, died at Inavale, Neb., Nov. 11, 1923, aged 80 years, 1 month and 23 days.

She was married to M. C. Fulton, July 24, 1866 at Oil City, Penn. They came to Nebraska in 1876, locating on a homestead south of Inavale. They engaged in farming until 1908, when they retired from the farm and moved into the village of Inavale.

To them were born 6 children: Jennie Vandenburg who preceded them in 1895; Bert Fulton of North Bend, Oregon; Jessie Henderick of Portland, Ore.; Etta Blankenbaker of Inavale, Neb.; Roy Fulton of Stratton, Colo.; and Beulah Stoner of Inavale. Her husband passed to the Beyond five years ago.

Mrs. Fulton was a member and faithful worker in the Inavale Christian church and will be missed by a host of friends and relatives.

The services were conducted from the Christian church in Inavale by Rev. C. G. Nelson of Red Cloud (in the absence of their pastor Rev. Bailey). The text used: "We all do fade as a leaf." The interment was made in the Walnut Creek Cemetery.

### County Stock Team Wins First at K. C.

The Webster County Stock Judging team, the Nebraska Champions, won first at the American Royal stock show at Kansas City Monday, according to a telegram from County Agent Fausch received at the farm bureau office this morning.

It is understood here that they competed with from eight to twelve teams from the Southern states. Cecil Means was the high individual, with Alfred Sommerfeld second and Earl Portenier third. This is a signal honor for these three Webster county boys, in view of the severe competition which they had to meet.

Mr. Fausch's telegram was as follows:

"Nebraska Judging Team wins first. Means first. Sommerfeld second, Portenier third.

Henry R. Fausch."

This team was selected after a contest among the various boys and girls clubs in the county. They have won first at the Nebraska state fair at Lincoln, the International fair at Sioux City. They leave on Thanksgiving day for the International live stock show at Chicago. They are expected home from Kansas City tomorrow morning.

Cecil Means is a son of Mr. and Mrs. L. W. Means who live northwest of this city. Alfred Sommerfeld is a son of Mr. and Mrs. E. A. Sommerfeld of Blue Hill. Earl Portenier is a son of Mr. and Mrs. J. H. Portenier of the Eckley neighborhood.

—Tuesdays extra edition of Argus.

### SCHOOL NOTES

The Smith Hughes class have chosen a good variety of animal husbandry projects to be carried on in connection with their work. Several of the boys have chosen the raising of hogs, some have dairy cattle, some poultry production, some the feeding of steers and one has the feeding of baby beef.

Most of the boys have their projects selected and a few have theirs begun. Last Saturday the instructor culled chicken for one of the student's projects. These projects continue through the summer months. Each student is required to take care of his project under the instructor's supervision. Recently the class was shown how to file a saw, then each pupil was required to file one for himself. All the boys are required to keep their tools sharpened. All tools are checked at the close of each class period to see that all tools are present and in their proper place.

An exercise in belt lacing was recently given and before the class period was over every one in the class knew how to lace a belt. This is a very practical exercise and one that every farm boy should know.

Miss Josephine Mizer is teaching Music this week, taking the place of Miss Simmons who was called home on account of the illness of her mother.

The English V class have been giving their debates in chapel this week. Some exceptionally good arguments were given. It looks as if Red Cloud H. S. will have a strong team if they enter the District contests. The purpose of these debates is to give the class practice in talking before an audience. At the present time emphasis is being placed on oral English. The ability to stand before an audience and speak convincingly is a much admired quality, possessed by few people. The course in English given at the present time in our High School is emphasizing the practical and constructive side of English.

Rev. Mar's Wilcox gave an interesting talk before the J. H. S. and the S. H. S. Wednesday morning.

School will be dismissed Thursday and Friday, November 28 and 29 for the Thanksgiving vacation.

### FARM BUREAU NOTES

(By H. R. Fausch County Agent)  
The Home Department of the Webster county Farm Bureau held their second annual meeting. Representatives from fourteen Women's Clubs were present. Mary-Ellen Brown, who is in charge of Women's work at the Extension service was present. She said "Webster county was leading all counties in the state in women's work". Miss Brown also explained the plan of Extension work for next year.

The delegates present after hearing Miss Brown decided to take up Foods and Health work for the next year's work. There are eighteen women's clubs in Webster county that are carrying on Extension work. It is hoped that next year there will be many more organized.

The Red Cloud Girl's clothing demonstration team, Goldie McConkey and DeEtte Gorner gave their demonstration.

Officers were elected for the coming year. Mrs. O. Iverson of Bladen, president; Mrs. Chas. A. Lee of Garfield Willing Workers, vice president, and Mrs. Laird Potter of Red Cloud Community Club.

Mrs. Ed. Denton of the Bladen Women's Club was elected delegate to the Home Economics meeting at Lincoln in January and Mrs. Chas. A. Lee alternate.

New Use for Walnut Shells.  
Walnut shells, which hitherto have been regarded as waste matter, are now made into charcoal.

### Good Bye

This is the last issue of The Red Cloud Chief as Mr. W. D. Edson of the Argus has bought our entire plant. He will take the equipment tomorrow and also add our subscription list to his which will give the Argus the largest subscription list in the county.

The Chief has had a long and honorable existence and we are loath to see its career come to an end.

I wish to thank my loyal friends and the people of Red Cloud and the county for their patronage. You have my best wishes. I bespeak for Mr. Edson the same support you gave me.

In the last few years political lines are not closely drawn and parties and candidates can secure space in all papers, as papers today are not the political partisans that they were even a few years ago. I am sure that the Argus will treat my political friends fairly.

Again I bid you good bye.  
A. B. McArthur.

For the benefit of my many friends the editor wishes to state that he has made no plans for the future. No doubt those who attend to everyone's affairs but their own are beginning to wonder what I am going to do will state that it is none of their affairs.

JUST A FEW WEEKS TILL XMAS.  
Right here in Red Cloud, you will find a gift shop that would look good in the largest city. Here you will find gifts for one third less than you would buy them elsewhere. Johnson & Graham Furniture Co., Red Cloud, Neb. WE SELL THEM FOR LESS

### Vanity Fair SILK UNDERWEAR

THE SPORTS BLOOMER is a real "find" in these days of short skirts. It reaches just below the knee and is finished with a tailored cuff. The Sports Bloomer comes in the smartest street shades and pink and white as well.
