Hon. T. V. Golden, populist candidate for District Judge was in the City Sunday and Monday, in the interest of his candidacy. He is a man of very pleasing address, and used to be a hard working democrat before he joined the populist party. Had he come on any other business than politics he could have had a better opportunity of sizing up the town, but as Alliance is so rank against any man on the populist ticket he found it a pretty cold place. Were he running on his personal qualities rather than on the populist ticket, Mr. Golden would be a very formidable candidate.

Commissioner Duncan informs us that at a meeting of the Board at Hemingford this week the matter of allowing two polling places for Alliance was discussed, and as none of the citizens had given expression to any views on the subject, it was thought best to let the matter slide along. The law makes it a duty of the Commissioners to divide precincts after the votes exceed 300 without waiting for what people may say, but if it is an expression of sentiment that they want they can get plenty of it for people here do not want to wait all night for the votes to be counted in order to learn who has been elected.
