THE opposition to the \$10,000 bond issue for water works improvement at Hastings cast a big vote against the proposition, defeating it by a large majority. This leaves the council to find other means for paying for the improvement contracted for and now under way. Hon. John M. > > Results of the Elections.

Elections were held on the 5th in twelve states and one territory in the United States. The territory is Utah, and the states are Nebraska, Kansas, Iowa, Kentucky, Massachusetts, Maryland, Mississippi, New Jersey, New York, Pennsylvania, Ohio and Virginia. The election in most of the states was upon local issues pure and simple or upon other questions which do not divide the two great national parties. Returns received from various points are as follows:

NEBRASKA. OMAHA, Nov. 7 .- Latest and almost complete returns from the city and county sustain, with few exceptions, the estimate of the result of the election as printed.

Broatch's piurality for mayor over Brown is 985 and all the city offices will be filled by men named at the repub

lican convention. Complete returns have been received

from every voting district in the city on city officers showing all republicans elected. The same is true regarding the school board. Two of the county commissioners on the citizens' ticket were successful. For sheriff the republican candidate was elected.

The returns on the state judicial ticket so far as received indicate a very close election, in fact, the result is so much in doubt that both republicans and populists are claiming the victory. Chairman Hainer of the republican state central committee, while admitting that upon the surface of the situation the contest is a close one, refuses to admit for a moment that Judge Norval has not been re-elected by a safe

Returns practically complete from the Fourth judicial district show that the citizens elect two judges, Keysor and Duffle, while the republicans elect Baker, Dickinson, Powell Scott and Slabaugh. It is possible that the missing precinct in the Eighth ward of Omaha may elect Ferguson instead of Duffic, but Fawcett of the republican ticket is out of the race by 500 votes.

OMAHA, Nov. Nov. 8. -Official returns from Nebraska are being made up very slowly, but as far as received they indicate the re-election of Chief Justice Norval by a plurality of somewhere in the neighborhood of 6,000.

From returns at hand the World-Herald feels safe in giving the following as the list of district judgs elected: First District-Stull and Latton, reps. Second District-Ramsey, dem. Third District-Hall and Holmes.

Fourteenth District-Norris, rep. Fifteenth District - Kinkaid, rep. resent incumbent, and Westover, pop. This makes a net gain to the republicans of four judges, losing three and gaining seven.

MASSACHUSETTS.

Boston, Nov. 7 .- Corrected returns now at hand show that Governor Greenhalge is re-elected by 63,444 plurality, which is 1,933 votes above his plurality last year. Municipal suffrage for wo men was defeated by a majority estimated at over 75,000. PENNSTLVANIA.

PHILADELPHIA, Nov. 5.-Returns received up to midnight indicate that Benjamin J. Hayward, republican, has been elected state treasurer by about 150,000 plurality, a republican gain over 1893, which was also an off year, of about 15,000. This state also elects

state, carrying a majority of the counties entire, and electing many of the officers of the others. C. K. Holliday, independent candidate for chief justice. admits David Martin, his republican opponent, will have 40,000 majority. IOWA.

DLS MOINES, November 6 .- The republican state committee now claim 0,000 for Drake as the least figure. Indications are that Drake will run slightly behind the rest of the state The entire state has cast a light vote

but the republicans show a net gain over last year in spite of this. The populists also show heavy gains. Last year they polled 34,000 in the state; it will be about doubled this year. The legislature will be overwhelmingly republican, the best estimate be-

ing sixty-seven republican members of the house to thirty-three democrats. and thirty-five republican senators to fifteen democrats.

WASHINGTON, Nov. 7. - As a result of the latest election returns the republicans gain five United States senators, two from Utah and one from Kentucky. Ohio and Maryland, and the democrats lose three senators, one each from Kentucky, Maryland and Ohio. None of these changes become effective, how ever, until March 4, 1897, except in the case of the two Utah senators who will take their seats as soon as chosen Thereafter the numerical strength in the senate will be as follows: Repub licans, forty-four; democrats, thirtynine; populists, six; vacant (Delaware). one; total, eighty-eight. If the Dela-ware vacancy is filled by a republican it will give a republican majority.

NEW YORK. NEW YORK, Nov. 7 .- The total unoffi-

cial vote for secretary of state is: King, democrat, 505,590; Palmer, republican 572,525. This makes Paimer's plurality 66,535. The vote in 1893 was: Palmer, 545,008; Myer, 520,614; Palmer's plural-

COLUMBUS, Nov. 7.-Chairman Anderson concedes the state to the republicans by 90,000. Chairman Kurts says Bushnel's plurality will not be less than 100,000. The vote for Coxey, populist, will be about 15,000 less than last ear. At present the senate will stand: Republicans, thirty; democrats, six; fusion populist, one. In the house the republicans have eighty seven and the democrats twenty-five.

MARYLAND.

BALTIMORE Nov. 7 .- Returns from every county in the state, partly esti-mated, give Lloyd Lowndes, republican, a majority over E. Hurst demo erat, for governor of 19,715. Not only have the republicans elected their entire state and city ticket, but they have carried the legislature, which, according to figures at hand now, will stand, in the house, sixty-eight republicans to twenty-four democrats, and in the senate fifteen democrats to eleven republicans.

ILLINOIS.

SPRINGFIELD, Ill., Nov. 7 .- It is the belief of Governor Altgeld that the greater republican landslide of yesterday was brought about chiefly through the treachery of the national administration and the goldbug wing of the democracy in Wall street. Democratic conventions in many states, he says, were packed by postmasters and menithe administration who forced the administration or Cleveland's policy on the money question. The state has gone largely republican.

NEW JERSEY.

NEWARK, Nov. 7 .- The election of Griggs was known to be a certainty at 10 o'clock last night, but at that hour 12,000 and 14,000 were all that the leaders of the republican party claimed. Later they advanced their claims under the influence of the press returns to 22,000. The results in the counties as filed show that Griggs received 26,960 plurality over McGill. The republicans from one end of the state to the other were celebrating today and boasting that this time next year will find New Jersey safely in the republican

KENTUCKY. WASHINGTON, Nov. 7 .- The hopeless condition presented by the Kentucky democracy is regarded as a rebuke to the free silver democrats, and the president and Secretary Carlisle have con-fidently expected the defeat of Hardin and Blackburn, or their election by majorities so meager as to amount practically to defeat.

UTAH. SVLT LAKE, Nov. 7. - The republicans have elected the state ticket and carried the legislature by a safe majority. Republicans elect twenty-nine representatives, democrats seven, with nine still in doubt. Three judges of the su-

preme court are elected. REPUBLICANS MAKE GAINS IN COLORADO. DENVER, Nov. 7 .- Party lines were not closely drawn in the Colorado county elections, but the republicans claim to have made gains outside of Denver. In this (Arapahoe) county the election was very close, and the result being still in doubt as to some of the offices. Two candidates on the taxpavers' ticket (General Frank Hall for treasuret and Willard L. Criticises Cleveland and Predicts Repub Hean Success in 1896.

PITTBURG, Pa., Nov. 8 .- Discussing the result of the elections, Colonel Robert G. Ingersoll said:

"Cleveland's administration is failure, a succession of blunders. The Democrats are dissatisfied with Cleveland. He is obstinate, unsocial, egotistic, asks no advice and tales none He is utterly indifferent as to the advice of others. He imagines that he is the whole Democratic party, with something left over. No party can

carry that load." "Roosevelt and Strong and Park hurst gave New York city back to Tammany. The people wanted a little liberty, and were not willing to go back to the days of Cotton Mather. of think the issues of the next presi

dential contest will be just the same as hey are this year. Both parties will be for good money, and consequently the tariff will take the lead. Of course, the Democratic party will make sever-al blunders before the next election. After all, protection is the issue. We want more revenue, and the people do not want more tax on or stamps on checks and contracts, They do not want internal taxation. They want to raise the money for the most part at the custom house, may be that the Democrats will advocate State banks. If they do, that will be enough to kill their party. We want no more State bank money in this country. We want our paper to be as good as gold-equal always to the best money in the world. Harrison is not in the presidential race Allison is somewhat dangerous, but I imagine it will be between Reed and lot, thus insuring the election of a McKinley. Fraker Insurance Case Settled.

KANSAS CITY, Mo., Nov. 8 .- The celebrated Fraker insurance case was finally compromised in the Federal court yesterday afternoon and effectually disposed of. By the term of the compromise the companies will secure the return of \$35,557.55, or something over eighty per cent of the amount in-

A REORGANIZATION OF THE SENATE.

The Upper Branch of Congress Will be Republican-The Two Senators From Utah Will Take Their Seats as Soon as Chosen, and Give Control of the Senate to Republicans-Bradley's Plurality in Kentucky.

Election Aftermath. WASHINGTON, Nov. 8 .- As a result of

the elections Tuesday, the Republicans will gain five United States Senatorstwo from Utah and one each from Kentucky, Ohio and Maryland, and the Democrats will lose three senatorsone each from Kentucky, Maryland and Ohio. None of these changes will become effective, however, until March 4, 1897, except in the case of the two Utah Senators, who will take their seats as soon as chosen. Thereafter, the numerical strength in the Senate will be as follows: Republicans, 44; Democrats, 39; Populists 6; vacant (Delaware), 1. Total, 88, If the Delaware vacancy is filled by a Republican it will give a Republican majarity in the upper branch of Congress. The direct effect of these Republican victories upon the senate will be

to make it absolutely certain that the Republicans will not enter into any combination with the Populists, directly or indirectly, to secure the or-ganization of the senate at the ap-proaching session. They have simply to wait a few months and then take control with sufficient votes of their own party members. In the meantime, with a Democratic executive in the White house nothing could be accomplished in the way of legislation, even if the Republicans secure the organization of the senate, and they are not looking now for empty honors. It is interesting to note that before

March 4, 1897, the successors to other Democratic Senators may be chosen. A Republican may come from New York in place of David B. Hill; from Illinois in place of John M. Palmer, and from Wisconsin in place of William F. Vilas. If Indiana and Missouri should go Republican next year Mr. Voorhees and Mr. Vest would step aside, and their places would be filled by Senators representing the Republi-

The Republican Governor-Elect of Kentucky For Vice-President.

LOUISVILLE, Ky., Nov. 3 .- Republican claims and Democratic concessions show that not only has Kentucky elected the full Republican State ticket but that the complexion of the Legislature assures a Republican successor to United States Senator Biaekburn.

State Auditor Norman, the Democratic campaign chairman, in a statement to the Commercial said that Blackburn's defeat is assured.

"The Republicans, with the help of the Populists, will assuredly control the legislature," he said, "and Blackburn is sure to be defeated. It is a significant fact the friends of Governor Morton, as well as the political champions of Governor McKinley, have all been in constant correspondence with the friends of Colonel Bradley, and have urged him to push bis claims for second place on the ticket. Coionel Bradley has therefore refused to discuss the matter, but it is announced by Mr. Walter Forrester, secretary of Colonei Bradley's campaign committee, and managing editor of the Commercial, the Republican organ of the state, that Colonel Bradley's claims for national recognition will be urged in the next national convention.

HARRISON PLEASED

But He Will Say Nothing About Next Years' Politics.

INDIANAPOLIS, Ind., Nov. 8 .- General Harrison, when asked for an expression regarding Tuesday's election said: "Oh, I have nothing to say, except that I heartily rejoiced at the victory of Tuesday. I am glad as any one can be that the principles of the Republican party should meet so strong and wide an indorsement from the people. The States of New Jersey, Maryland and Kentucky are new stars in our crown, but they are none the less welcome. I am glad that the Republicans of these states, who have so long fought the battle in vain, have now reaped a reward for their devotion to Republican principles.

FORTY-FIVE PERISHED.

Twenty-Five Bodies Taken From the Detroit Ruins.

DETROIT, Mich., Nov. 8 .- A gaping rent nearly forty feet wide from top to botton of a five story business block. twenty-five bodies recovered, a score of persons injured and fully twenty persons missing, with a certainty that many more dead bodies are beneath the ruins, such are the results of the explosion of the boilers in the building at the corner of Larned and Shelby streets, occupied by the Detroit Evening Journal and several other tenants.

When the explosion occurred the building collapsed and the floors fell to the basement, carrying with them at least fifty persons who had not the slightest warning of their danger. The cloud of dust that arose was quickly succeeded by smoke from the fires which started in the ruins.

Carelessness is undoubtedly the cause of the disaster, but where the responsibility rests is as yet prob-lematical. Thomas Thomason, the engineer was painfully injured. He said he could assign no reason for the explosion. City Boiler Inspector Me-Gregor says he inspected the boilers last August and had found them up to the requirements. Some of the em-ployes in the building assert that the boilers were old and known to be

After the fire had been checked, the work of rescue was begun. Annie L. O'Donoliue was the first found and was taken to a hospital. Then two more persons were rescued. The fire broke out again and when it was checked five bodies were found under the rear walk. All were dead and horribly disfigured. Another body was found at 12:30. It was that of a young man in blouse and overalls and it lay under all the debris on the sidewalk, the head toward the building and the feet near the curbstone. A great block of stone had fallen on his head, crushing it flat. The top of the head had burst open and the brains were scattered all about. The seventh body, apparently that of a machinist, was taken from the front of the building, soon after I o'clock, and then the workmen were driven back, while a rope was thrown over an overhanging wall and was pulled down by a gang of men stationed on a building across the street.

One of the worst incidents was a struggle between Coronor Butler and an undertaker in the employ of Giest Bros., against Undertaker Frank The latter clung to the stretcher, while the body was being carried out through the crowd. As the spectators were becoming excited, the police, in the interests of order, rushed Gibbs outside the fire lines and would not permit him to return.

SEAL HERDS DECIMATED.

Less Than One-Tenth of the Number Twenty-Five Years Ago Now Left.

WASHINGTON, Nov. s .- Captain C. L. Hooper of the revenue cutter Rush, who commanded the Behring sea fleet last season, is more than ever convinced of the ultimate destruction of the seal herd if pelagic sealing in Behring Sea is continued. The most important of his recommen the Treasury department therefore ill, in all probability, be that all sealing in Behring Sea be prohibited for a time, at least, except that carried on at the islands by the company having a contract with the government

In 1869, when Captain Hooner first visited Behring sea, he says he believes there were 6,000,000 or 7,000,000 seals, but now the number is probably less than 500,000. The regulations promulgated under the Paris tribunal of arbitration do not, in his estimation. meet the requirements of the case for the preservation of seal life. One of these prohibits sealing within sixty miles of the Sea islands. The greater number of the female seals go out to the sea to a distance far exceeding sixty miles, where they are killed by the scalers. At least two thirds of the 36,000 killed this year by the pelagic sealers were females, and the records substantiate the statement. The regulations issued under the arbitration tribunal prohibiting the shooting of seals in Bering sea and permitting the spearing of them outside the prohibited zone was beneficial in that nearly every seal that was speared was caught, whereas by shooting them they sink and are often lost

Mr. Cleveland Smiles Quietly. WASHINGTON, Nov. 8. - President Cleveland is charging none of the results of the election to his administration. On the contrary, he is taking a quiet smile over certain features of the returns. Senator Gorman declares that President Cleveland's personal followers contributed to the success of Lowndes. The administration Democrats appear to be willing to assume the responsibility as another achievement for reform. There seems to be no doubt that they expected and desired the defeat of Gorman's ticket.
