A South OMAHA correspondent thus writes concerning stock interests: Considering the high prices at which southern stockers were held this spring, the movement has been larger than anticipated. All of the cattle are in prime condition, and when they ripen on the northern and western ranges their beef will, it is said, excel the corn-fed critters. The total number of feeders purchased from southern ranges to be fatted on the northwest ranges this spring was 94,700 head. A dispatch from Amarillo, Tex., received at the stock yards, stated that there was not a single 2-year-old steer left for sale of the tens of thousands brought there this season. There are few yearlings and 3-year-olds. As a rule the cattlemen get more for

their stock than they expected. THE cut worm has badly damaged many fields of corn, says the Gordon Journal, and farmers have had to plant over again. So far we have heard no complaint as to Kaffir corn, and it may yet prove that this variety is the kind of small grain especially adapted to this high altitude, where moisture is seldon

A. P. A.S MAKE THREATS AN APPEAL TO POPULISTS.

DEFECTION OF A MILLION VOTERS FROM M'KINLEY PREDICTED.

ORDER MUCH DISPLEASED.

National President Sellres Sore Because of the Ignoring of the Order's Declaration and the Election of Kerens - An Independent Ticket Hinted At-Convention Scored.

Sr. Louis, Mo., June 22 - E. H. Sellers of Michigan, president of the A. P. A. national council, and Congressman W.S. Linton of Michigan are deeply incensed at the refusal of the resolution committee of the Republican national convention to incorporate the declaration demanded by the order in the platform declaring for absolute freedom of all public schools from secturian influence and civil inspection of all private educa-tional instructions, for the absolute separation of church and State, for no more sectarian appropriations, for stringent immigration laws, for restriction of suffrage to citizens only, for ownership of lands to actual American citizens and against alien ownership, for prohibition of contract conviet labor, for a national system of education and for the taxation of all

but public property.

Colonel Sellers says the Republican party will lose a million votes, and will not be able to carry several states that they are now counting in the Republican column. He declares the party will lose 100,000 votes in Missouri alone, and that it will lose Illinois as a result of Mr. Hanna's stupidity or his intentional insult to

"Why did the committee on resolutions take this action? One of two reasons can be given: Either the Re-publican party designed and intended, by leaving out this (non-sectrian appropriation plank) proposed portion of the platform, to placate the Roman Catholic hierarchy of this country, and by so doing make a bid for that vote; or, second, to insult the patriotic associations of the country and attempt to whip them into line and make them worship at the shrine of the golden calf. The action of the convention, through a committee, was an exhibition of the rankest cowardice coupled with motives of the most unparalleled corruption and dishonesty that ever emanated from the heart and mind of man.

"The election of Kerens, a pronounced Catholic, and a political visor of Satolli, as a member of the national Republican committee, was a direct insult, and designed as such, to all our patriotic societies.

Colonel Sellers was asked if the A. P. A. would put up a ticket in Missouri. He said that that would be left entirely with the State organization, but he thought there would be an American ticket in nearly every State in the Union. He confirmed the story that Mark Hanna had received an ultimatum from the A. P. A. of this State, and that he had gone over to Kerens in defiance of the wishes of the order to keep Kerens out of the national committee.

"I am going from here to the Demcratic convention in Chicago next month, and I will present the same plank to the resolutions committee of that body. While there I will consult with the supreme president of one of the largest patriotic associations in the country. I do not expect to re-ceive any worse treatment at the hands of the Democratic convention

than I received here. "I will come here to the Populist and Silver party convention. July 22, and present the plank. If the result is the same, I believe it is the duty of the Am rican people to prepare for the organization of an American party. pure and simple, based upon the original idea of our fathers.'

Owners and the Union Clash and Strike and Lockout Follow.

LEADVILLE, Col., June 22 .- Unless a settlement shall be quickly reached between the mine owners and the Miners' union work is likely to be suspended at nearly all of the silver mines in the camp. The Ibex company, owners of the Little Johnny mine, shut down all of their properties today. All the miners were also laid off indefinitely at the Alps, Garbutt, Yak and other mines where the men's wages were \$3 per day.

Although the trouble originated in demand of the union for \$3 per day in silver mines, the owners of which claim they cannot pay such wages at the present price of silver, the owners claim that the real issue is whether the Miners' union shall be permitted to dictate the employment of only union men, and they will fight this to the end.

The streets are crowded with miners, but they are well behaved.

Bob Ingersell Expelled From a Club. NEW YORK, June 22 .- According to C. P. Farrel, Colonel Robert G. Ingersoll's prother-in-law, the Ardley Casino club was organized last year with the colonel as a charter member and he subscribed for \$1,000 worth of stock. Later he sent a check for \$500 for half of his subscription, but the check was returned with the explanation that the colonel's name had been dropped. Treasurer Frank Eldridge said yesterday that he would not ex-plain and Secretary Field Judson denied there was any religious obstacle to the continuation of the colonel's membership. Religion is believed to be at the bottom of the difficulty, however.

Sr. Louis, Mo., June 22.-The national committee of the American Republican College league of the United States held a meeting today to arrange for the coming campaign. It has a membership of about 10,000 college men throughout the country. Republican Standard Bearers. Sr. Louis, Mo., June 20 .- The Republicans in national convention have nailed their principles to the masthead and placed in command of the ship which is to bear them on to fortune or disaster in November their popular idol, William McKinley of Ohio, and Garret A. Hobart of New Jersey.

The convention was held in session for ten hours to accomplish the work cut out for it, and the scenes at different times were tragic, dramatic and uspiring.

McKinley's Big Vote.

McKinley's vote exceeded the expectations of his friends, as he received 66116, within a vote and a half of 200 more than a majority, and almost three times as many as his five opponents. The nomination was imnediately made unanimous, with enthusiastic speeches from the representatives of the opposing candidates, and there were the usual felicitations. Republican College League Plans. To al vote cast.....9:2 66:15 8414 58 6114 3 1/2 **Cast 4 blank; | for J. Donald Cameron.

Robert for Vice President.

After the decision of the Platt forces in New York not to present the name of Governor Morton, owing to the war waged against him by the Warner Miller taction, the nomination of Hobart of New Jersey became a certainty. Mr. Hanna and the McKinley influence was thrown for him, and although there was an attempt to consolidate the West on Evans of Tennessee, the McKinley influence was too potent. Besides, it was the general sense of the delegates that the logic of the situation required the nomination of an Eastern man for Vice Preside nt.

The nomination speeches were brief. Bulkley, of Connecticut; Tipp, of Rhode Island, and General Walker, of Virginia, were also placed in nominatien, but it only required one ballot to determine the contest. Hobart reecived 580% votes, 50 more than a majority. Evans, his nearest competitor, received 280%. There were scattering votes for Reed. Thurston, Grant, Depew. Morton and Brown.

Kansas voted solidly for Hobart and Missouri gave Evans 12 and Hobart 21. Committees of one from each state to notify the nominees were appointed. Nathaniel Barnes, of Kansas, J. B. Haughawent, of Missouri, and John A. Buckler of Oklahoma are on the committee to notify McKinley; and Frank Vincent, of Kansas; B. F. Leonard, of Missouri, and William Grimes of Oklahoma on the committee to notify Hobart.

"We depounds the present Democratic tariff "We denounce the present Democratic tariff as sectional, injurious to the public credit and destructive of business enterprise, and we demand such an equitable tariff on f reign imports which come into competition with American products as will not only furnish adequate revenue for the necessary expenses of the government, but will protect American labor from degradation to the ware level of other lands. "We believe the repeal of the reciprocity arrangements negotiated by the last Republican

the ports of other countries and occurs enlarged merkets for the products of our farms,

Protection and reciprosity are twin measures of Republican policy and go hard in hand Democratic rule has recklessly truck down both, and both must be re-established protection for what we produce free admis-sion for the necessaries of life which we do not produce: reciprocal agreements of mutual in-terest, which gain open markets for us in reture for our open markets to others. Protection builds up domestic industry and trade, and secures our own market for ourselves re-ciprently builds up foreign trade and finds an outlet for our surplus.

We are, therefore, opposed to the free coinage of silver except by international agree-ment with the leading commercial nations of the world, which we pledge ourselves to pro-mote, and until such an agreement can be obtained the existing gold standard must be obtained the existing gold standard must be pre-erved. All our silver and paper currency must be maintained at a parity with gold, and we favor all measures designed to maintain inviolably the obligations of the United States and all our money, whether coin or paper, at the present standard the standard of the most enlightened nations of the earth.
