The returns show that Major McKinley has been elected President over Wm. J. Bryan by a good majority.

The American people have spoken for the present money standard nearly a million strong. THE HERALD is not so narrow minded as to think there is but one side to a question and is a firm believer in the will of the American people being law. The republicans have the President together with a safe majority in both the Senate and the House. If the cause for which we have contended is wrong then the Republican party must give the United States prosperity for it naturally follows that they are right. If perchance our cause is just it will rise again with such a power that no human force can stay or avert it, for no righteous cause can be buried. THE HERALD believes that bimetalism is not vanquished but simply overcome, and is only too glad to again commence a fight that we believe to be in the interest of the common people in the event of continued business stagnation that most assuredly will follow if the principles for which we stand are resting upon a solid foundation.

MR. BRYAN'S VIEWS.

Says That Nebraska's Silver Victory Will Work Needed Reforms

Lincoln, Nov. 5.—Mr. Bryan gave out today the following interview on the situation in Nebraska.

"The result in Nebraska is very gratifying. We have had great obstacles to overcome and yet in spite of all these obstacles we secured a majority of 10,000 or 15,000 for our electoral ticket and have elected the entire state ticket and also at least four and probably five members of congress out of six, and have elected a good working majority in both branches of the legislature.

"The democrats, populists and silver republicans have worked together in perfect harmony and they share the victory together. The gold standard democrats, by collusion with republican officials, secured a place on the ballot as the 'Democrats,' and deceived a few voters, but the attempted fraud was called to the attention of the voters, and the evil effects were reduced to a minimum. It is safe to say that almost the entire Palmer vote was cast because the gold democrats here, as elsewhere voted almost unanimously for the republican candidate.

"I am proud of Nebraska and grateful to the friends in this state for their loyalty. No cause ever had more devoted supporters than the silver cause in Nebraska. Having control of the legislative machinery in this state, we should be able to so reform our ballot law so as to prevent the frauds which have been perpetrated under it, and we shall also be able to secure legislation which will protect the voters from coercion and intimidation.

"The people of Nebraska have cause for rejoicing. The good effect of our victory in this state will be felt for years to come."
