

HEMINGFORD HERALD. THOS. J. O'BRIEN, Publisher. HEMINGFORD, NEBRASKA. NEBRASKA NEWS.

Hawks are very numerous in portions of the state. H. J. Stein of Norfolk is down with typhoid fever. Scribner is to have a cold storage vault for beer.

North Platte is agitating the school bond question. Township organization failed to carry in Cedar county.

The new Swedish church at Valley was dedicated Sunday. The Niobrara river at Newcastle is completely frozen over.

Platte Center has a man who takes a bath in ice water twice a week. Half a foot of snow has fallen in Banner county and sleighing is superb.

Miss Ruth Dingee of Elwood died recently at the advanced age of eighty-six. P. N. Kirkpatrick of Harrison shot a deer the other day that weighed 140 pounds.

Mrs. Henry Springer of Minden fell down cellar and walked up with a broken arm. Buffalo county people begin to think that township organization is needlessly expensive.

Henry Storch of Nance county got tangled up in a runaway and broke his leg in two places. The depot at Tekamah was lately broken into by burglars, who secured \$8, all in pennies.

A Raymond farmer purchased 2,000 sheep and will market his corn in the shape of mutton. Phillip Rine of Dodge county has undertaken to fatten 6,000 head of sheep for the eastern markets.

Milo Perry of Norfolk was kicked in the face by an ugly horse and narrowly escaped fatal injuries. A lot of young folks in Tekamah are taking advantage of the present dull times to have the measles.

The county commissioners of the state will meet in annual convention in Lincoln on December 8. Some of the farmers have their corn out and the rest are working lively to finish before winter comes.

The new ballast deposited along the Union Pacific track is swamped all bicycle riding on that railroad. Ed Seifert, living near Lexington, lost his house and contents by fire. A defective fuse was the cause.

W. L. Hilyard of Wahoo stepped on the wrong end of a rusty nail; and he walks with the aid of a crutch. Four young bucks escaped from the Indian school at Genoa and got as far as Wayne before being captured.

J. C. Brown, an aged resident of Wayne county, husked and cribbed seventy bushels of corn in one day recently. Charles Binger of Randolph toyed with a loaded pistol. The ball went through his left hand without breaking any bone.

A number of farmers near Hayard failed to harvest their potato crop in time and the turnips are frozen in the ground. The new Boone county court house at Albion will be heated by steam. An Omaha plumber furnishes the apparatus for \$2,500.

C. L. Brandt of Silver Creek died recently at the age of eighty-one. He had been a continuous resident of Burt county since 1867. A sick tramp was recently gathered up from the streets of Kearney. The poor fellow had typhoid fever and was taken to the hospital.

Attorney Grant Martin of Fremont has all kinds of good luck. He was elected county attorney and father of a new girl all within a week. The annual meeting of the Nebraska Jersey cattle breeders association will be held December 3 at Seward, and a large attendance is hoped for.

S. H. Fields of Nebraska City was appealed by a lady in distressed circumstances for a little fuel. He sent her enough to last all winter. "Growler rushing" has become such a nuisance in North Platte that an ordinance will be passed making it a misdemeanor to buy beer in bucket lots.

N. B. Berggren of Wahoo has shipped two train loads of sheep from New Mexico, and expects to ship in two more if he can get prices to suit him. Two brothers named Epley, living in Johnson county, claim to be the champion huskers of the state. Each is able to husk and crib 120 bushels per day.

Large numbers of cattle are dying from eating corn stalks. Over 100 hides have been marketed from cattle that have died in the vicinity of Neligh. Cheyenne county ranchmen have sold over seventy thousand dollars' worth of cattle since the 1st of July, and Wyoming rustlers have stolen the usual number.

Tenant farmers of Thurston county are tired of paying cash rent and have organized to induce the landlords to accept a share of the crop in lieu of the hard dollars. Peter Boyce, a Madison county farmer, ordered a hunter off his premises, but the man added insult to injury by beating the farmer over the head with a pair of brass knuckles. He is in jail for it.

SHERMAN NOT IN ANY DEAL. HAS NO UNDERSTANDING WITH HANNA. MAKES A STRONG DENIAL.

Has Not Seen Either McKinley or Hanna Since the Election and Has Had No Correspondence With Them—Would Not Say Anything About Re-Election to the Senate.

WASHINGTON, Nov. 20.—Senator Sherman of Ohio made a flat and emphatic denial of the reports concerning a deal between himself and Mr. Mark Hanna as to the Ohio senatorship and a cabinet position under McKinley. He declared that the stories alleging an agreement whereby he (Sherman) should go into the cabinet and Hanna succeed him in the Senate were pure fabrications.

TO RELIEVE DISTRESS.

Railroads Running to Louisiana Will Grant Special Rates on Corn. ST. LOUIS, Mo., Nov. 20.—The committee of merchants who came here from Louisiana to secure a special freight rate on corn for the famine-stricken district of that state will leave for home to-night.

Chairman Millsap is highly gratified with the result of the committee's mission. "In a certain sense," he said, "we got more than we asked for. The rates promised us by the railroads are even lower than we hoped to obtain. The Missouri Pacific, Iron Mountain and Cotton Belt lines have made us a very low rate. The Illinois Central people treated us as generously as those previously seen promising a handsome reduction in the rate. We will see the Anchor line people after we get home and I have no doubt we will get a special river rate. After we report to Governor Foster he will appoint a special committee to buy the corn. Outside aid will not be asked. The state can and will care for its own."

NO CONEY ISLAND FIGHT.

District Attorney Backus Vetoes the Corbett-Fitzsimmons Project. NEW YORK, Nov. 20.—Warren Lewis, president of the Greater New York Athletic club, who has been arranging for a fight between Corbett and Fitzsimmons at Coney Island, called on District Attorney Backus today to secure a permit. Backus refused to grant it and said that he would not allow the fight to take place, as he understood it was to be a prize fight and not a contest for points, and he added that if an attempt was made to bring the men together in a ring they would be arrested. Lewis directed the district attorney's attention to the fights that took place at the Broadway Athletic club, to which Backus replied: "It makes no difference to me what they do in New York. I won't allow the law to be violated in Kings county."

MEMPHIS' POSTMASTER.

Over \$12,200 Held in His Accounts—The Deficit Already Made Good. WASHINGTON, Nov. 20.—A change in the postmastership of Memphis, Tenn., will be made in a few days, though the new appointee has not yet been selected. This is the result of a shortage of over \$12,200 found in Postmaster Armour's accounts. The shortage has been made good by Armour's eleven trustees.

Window Glass Trust Collapses.

ANDERSON, Ind., Nov. 20.—The Window Glass Manufacturers' association, a combination of Eastern and Western manufacturers, has gone to pieces. The starting of plants in Gas City, Pendleton, Alexandria and Elwood, in violation of the resolution to hold off until December 14, is the immediate cause of the break. One of the prominent members stated that the failure of the association to hold together meant a loss of \$2,000,000 to the manufacturers.

European Exporters Feeling Better.

LONDON, Nov. 20.—As a result of the gold standard victory in the elections in the United States, British manufacturers, exporters and commission houses report greatly increased activity and all expect improved trade in 1907. Reports from Paris, Berlin and other continental trade centers with American connections are of a similar tenor.

Mexican Boundary Work Completed.

WASHINGTON, Nov. 20.—Colonel J. W. Barlow, corps of engineers, United States army, to-day submitted to Secretary Olney the final report of the international boundary commission, organized under the treaty between the United States and Mexico, for the purpose of surveying and remarking the boundary between the two countries west of the Rio Grande. The report shows the complete marking by a series of stone and iron monuments of the entire divisional line from the Rio Grande to the Pacific ocean.

PARKHURST SENSATIONAL.

The Well Known Preacher Startles New York Society. NEW YORK, Nov. 20.—"I do not know how many unfaithful husbands or wives there are in this community, but I should calculate that there might be well on toward a quarter of a million. The love between husband and wife kept true in some cases by the possession of children, but I have learned enough to know that in the case of any couple that might present themselves before me to get married I would not at any rate of premium issue an insurance policy on their conjugal fidelity, good for more than five years, unless on the contingency of offspring or on the basis of their common faith in God."

This statement, made by Dr. Parkhurst in the course of his Thanksgiving sermon, has created a profound sensation in the metropolis, and, in connection with other portions of the sermon, is believed to be the forerunner of another Parkhurstian crusade. Dr. Parkhurst assailed women bargain hunters as bloodsuckers and murderers, and declared that a woman who will ransack the stores and pick up an article marvellously cheap, knowing it, as she must, to be the product of some poor girl in a sickly back alley, cannot escape guilt by joining a relief or rescue society and packing off the unavailing portions of her wardrobe for distribution among these girls. He paid his respects also to the magnates of the Coal Trust, stigmatizing these philanthropic gentlemen as enemies of the human race and possessed "of the demon of theft and murder."

Dr. Parkhurst included all trusts in this category. Being interviewed to-day regarding his statement that a quarter of a million husbands and wives in New York are unfaithful, Dr. Parkhurst said: "When I say a quarter of a million, it is a round sum that comes very close to the real figures. I have figured it from my own experience. Being one of the National Christian League for the Promotion of Social Purity, I have had ample opportunity to make a careful study."

HUNTINGTON'S WILL.

The Estate of the Former Wealthy Kansan Divided Among Many. FORT SCOTT, Kan., Nov. 20.—The will of the late Colonel Calvin Huntington, who died recently in Rochester, N. Y., and who was long reputed to be the wealthiest man in this city, was filed in the probate court here to-day by Eugene F. Ware of Topeka, whose wife was a niece of the deceased and one of the heirs. It bequeaths a large estate of real and personal property in this city and county, in Boone county, Ill., and Rochester, N. Y., to heirs in this city. Topeka, Florida, Illinois, Rochester and Massachusetts. Much of the estate was bequeathed to heirs before the demise of the testator. Mr. Ware, Ward Huntington of Hiattsville, Kan., a nephew, and Elmer Huntington of Florida, another nephew, are appointed executors without bond. The First Baptist church of this city is a beneficiary to the amount of \$500. The estate was originally valued at \$300,000.

Job for Frank James.

ST. LOUIS, Mo., Nov. 20.—Frank James, brother of Jesse James, the notorious train robber and ex-member of the James gang of outlaws, is an aspirant for the honors of a St. Louis police commissioner, and Chief Harrigan will be his friend in the race. The ex-outlaw declares himself a candidate. Memorial to Eugene Field. ST. JOSEPH, Mo., Nov. 20.—City Librarian Paul B. Wright is at the head of a party which will erect a monument to the memory of Eugene Field in "Lovers' Lane," in the eastern suburbs of this city, which formed the subject for one of Field's popular poems.

Football Player's Leg Broken.

ST. JOSEPH, Mo., Nov. 20.—The St. Joseph high school football club played a game at Maryville with the Maryville high school team. Near the close of the game, Oris Howell, of the St. Joseph team, was thrown and his leg broken. Young Howell is about 18 years of age and is a son of Dr. Thomas Howell.

Brazil Does Not Favor Reciprocity.

WASHINGTON, Nov. 20.—The renewal of the reciprocity policy of the McKinley law will not be accepted by the Brazilian republic. This is the information which reaches Secretary Olney from those who are in the secrets of Brazilian government and watch public opinion in the republic. No Pittsburg Strike at Present. PITTSBURGH, Pa., Nov. 20.—The meeting of the Consolidated Traction employees to discuss the advisability of striking adjourned about 3:30 o'clock this morning after deciding to postpone action until the return of President Magee from the West.

Denver Millionaire Dead.

DENVER, Colo., Nov. 20.—Edward Eddy, of this city, multi-millionaire, and one of the best known mining experts in the world, died last night of pneumonia, aged 57 years.

DIGGING FOR TREASURE.

Searching for \$25,000 Stopped by Have Been Hidden by Stage Robbers. ST. JOSEPH, Mo., Nov. 20.—About thirty-five years ago a stage was robbed at Belmont, and the robbers buried the \$25,000 in gold they took from it on the highest peak of the bluffs northwest of the city. That is the legend that has been handed down since that time, and a great many people believe it. John Krainbuhl, a grocer at Water and Pauline streets, believes that there is plenty of gold buried on the hills, and he has been searching for it. Three months ago he hired a number of men and set them to work on the hills. They have excavated several places and the trees near the summit have been taken out by the roots. Some of the excavations are thirty feet deep and forty or fifty feet across the top. A great trench has been dug in one place and the ground has been torn up all over the highest peak. Krainbuhl says he did not find any money, but neighbors say he did and that he has the whole treasure in his possession.

One Six Years' Term Favored.

BOSTON, Nov. 20.—General Russell A. Alger and Colonel G. H. Hopkins of Michigan were guests at the annual meeting and banquet of the Massachusetts board of trade yesterday afternoon. A communication was read from the Trades League of Philadelphia, advocating an amendment to the constitution of the United States, making a president ineligible to reelection and extending his term of office to six years. It was referred to the executive committee.

Fifty Degrees Fall in a Minute.

SIoux CITY, Iowa, Nov. 20.—W. H. Weed, in charge of the government river improvements at Great Falls, Mont., in a letter to Captain Sanford of the government's engineer office in this city, says that Saturday, November 14, the wind shifted to the north and the temperature fell from 60 degrees to 10 degrees in less than a minute.

Servia's King's Latest Match.

LONDON, Nov. 20.—According to a special dispatch from Vienna there is a persistent rumor there that the king of Servia is to marry Princess Alexandra, third daughter of the Duke of Saxe-Coburg and Gotha, and granddaughter of Queen Victoria. King Alexander was born in 1876 and Princess Alexandra in 1878.

Iowa Patent Office Report.

A correspondent at Bristow, Iowa, asks: "Can an improvement be patented without the consent of the owner of the patent?" We answer, yes, improvements are always in order, and sometimes more valuable than the originals. And one of Lorimer asks, "is a patent taxable?" We answer, yes, in some foreign countries, but not in the United States.

Patents have been allowed, but not yet issued, as follows:

To C. C. Calhoun, of Windsor, Mo., for an automatic brake for wagons; to L. Avery of Montevue, Iowa, (recently deceased) for a hay-rake and loader; to Wm. Morley, of Fontanelle, for a band-cutting and feeder; to J. A. Drake, of Brooklyn, for an anti-friction stock-waterer; to W. J. Benning, of Boone, for a current motor; to A. E. Dowden, of Prairie City, (2) for a potato cutter and a sprocket chain especially adapted for his potato harvester.

Valuable information about obtaining, valuing and selling patents sent free to any address. Printed copies of the drawings and specifications of any U. S. Patent sent upon receipt of 25 cents. Our practice is not confined to Iowa. Inventors in other states can have our services upon the same terms as Hawkeyes. THOMAS G. & J. RALPH ORWIG, Solicitors of Patents.

Total, 548,028. Bryan's plurality, 124,988. Increase of total vote, over 100,000.

The December Atlantic Monthly.

The December number of the Atlantic Monthly opens with a very clear study of the most important social problem that confronts us—'Social Classes in the Republic,' by Mr. E. L. Godkin, of New York, who points out the necessary existence of the different classes, and the unnecessary distinctions that are based upon such differences. He discusses the proposed remedies for inequalities. Prof. B. I. Gilchrist, of the Johns Hopkins University, writes an article, partly reminiscent and partly prophetic, on 'Classical studies in the United States,' in which he shows the difference in the spirit and method between studies of a half century ago and today, both in Germany and American universities.

Hottest Place in the World.

The hottest place on the earth's surface is on the southwestern coast of Persia, on the border of the Persian Gulf. For forty consecutive days in July and August the mercury has been known to stand above 100 degrees in the shade, night and day, and to run up as high as 130 in the middle of the afternoon. At Bahrein, in the center of the most torrid belt, as though it were nature's intention to make the place as unbearable as possible, water from wells is something unknown. Great shafts have been sunk to a depth of from 100 to 500 feet, but always with the same result—no water.

An Appeal for Assistance.

The man who charitable will listen to the more appeal for assistance made by his stomach or his liver, in the shape of divers dyspeptic qualms and uneasy sensations in the regions of the glands, that so-called his bile. Hostetter's Stomach Bitters, my dear sir, or madam, as the case may be, is what you require. Hasten to use it if you are troubled with heartburn, wind in the stomach, or note that your skin or the whites of your eyes are taking a sallow hue.

Constantinople's Great Fire.

In 1861 a large part of Constantinople was destroyed by fire, 12,000 dwellings besides warehouses and other structures, going down before the flames. The value of all property destroyed on this occasion could not be estimated, but was not so great as would have been by a fire of like proportions in other cities, the greater part of the dwellings and shops in that city being flimsy wooden structures.

In the Christmas Century there will be hitherto unpublished pictures by Meissonier, Detaille, Gerome, Munkacsy, Menzel, Seymour Haden, Domingo, Madrazo, the LeLoirs, Rico, Dagnan-Bouveret, Rosa Bonheur, and other great artists. These were drawn or painted in the album of Samuel P. Avery, and accompanying an article by Wm. A. Coffin, entitled 'Souvenirs of a Veteran Collector.'

To Strengthen Your Eyes.

A simple and excellent plan to strengthen and preserve your eyes is to follow this rule: Every morning pour some cold water into a bowl, at the bottom of the bowl place a silver coin or some other bright object and then put your face in the water with your eyes open and move your head gently from side to side. This will make the eyes brighter and stronger.

Where She Should Have Been.

'Yes,' said Jones, after an argument with his wife, 'I've always said a woman's sphere is her home. Now, if you had been at home today, instead of gadding about the streets, you would not have seen me coming from the matinee, and you would therefore have been very much happier at the present moment.'—Harper's Bazar.

Piano in Darkest Africa.

An African tribe has an instrument something like our piano. It has a keyboard and when the keys are pressed down and released they cause thin pieces of wood to vibrate and give forth sounds. The xylophone exists in entirety in some parts of Africa, hollow gourds placed under each strip of wood accentuating the sounds.

Much in a Name.

What's in a name? Everything. You can't begin to think how much better Snawley feels, who used to be only 'night watchman' at a swimming school, since somebody called him 'night commander of the bath.'

Gladness Comes.

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
