HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need any medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the HERALD and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietor of this paper guarantees the genuineness of this offer.

CURE CONSUMPTION.

T. A. Slocum, M. C., the Great Chemist and Scientist, Offers to Send Free, to the Afflicted, Three Bottles of His Newly Discovered Remedies to Cure Consumption and All Lung Troubles. Nothing could be fairer, more philanthropic or carry more joy in its wake than the offer of T. A. Slocum, M. C., of 183 Pearl Street, New York City. Confident that he has discovered an absolute cure for consumption and all pulmonary complaints, and to make its great merits known, he will send, free, three bottles (the Slocum new system of medicine) to any reader of the Herald who is suffering from chest, throat and lung troubles or consumption. He invites those desirous of obtaining the remedies to simply send him their express and postoffice address, and receive in return the three free bottles.

Already this "new scientific course of medicine" has permanently cured thousands of apparently hopeless cases. He considers it his religious duty—a duty which he owes to humanity—to donate his infallible cure.

Offered freely, apart from its adherent strength, is enough to commend it, and more so is the perfect confidence of the great chemist making the offer. He has proved consumption to be a curable disease beyond any doubt. There will be no mistake in sending—the mistake will be in overlooking the Doctor's generous invitation. He runs on file in his American and European laboratories thousands of testimonials of experience from those cured, in all parts of the world.

Delays are dangerous; mail your address to T. A. Slocum, M. C., 183 Pearl Street, New York, and when writing the Doctor, please mention reading this article in THE HERALD.
