Religious Institute Opened at Hastings

HASTINGS, Neb., Jan. 20.—(Special Telegram.)—People representing the various Protestant churches have inaugurated a new religious movement in the organization of the Hastings institute for the Study and Practice of Christianity. The idea is one originated by Rev. F. J. Clark of the Congregational church and is expected to be widely adopted over the country.

It is argued that only about 10 per cent of church activity is necessarily sectarian, and about 90 per cent can be carried on by united action. The purpose of the institute is to take possession of this larger field, in carrying out the full program of the church in the community. The institute consists of eight classes for the study of social service evangelism, teachers' training, Sunday school methods, the beliefs of all religions, Bible and missions. Rev. F. J. Clark was elected dean of the institute. The faculty and courses of study follow:

Rev. J. W. Bean and Rev. Mr. Richardson, "Bible;" Rev. C. E. Lemmon and Superintendent Everhart, "Sunday school;" Rev. F. J. Clark, "Christian Doctrine;" Dr. Madel Dixon, "Missions;" Rev. A. A. Brooks, "Evangelism;" Prof. Anderson, "Social Christianity."

Some men change their tobacco brands as often as a woman changes her mind. An' others smoke VELVET.

Velvet Joe. IT'S a great thing to find a tobacco that suits you "down to the ground." If you like a mild tobacco that is cool smoking and full of flavor, VELVET will suit you.

Assessors Hear From State Officers What is Expected

(From a Staff Correspondent.) LINCOLN, Jan. 20.—(Special.)—County assessors from all over the state are in session here this week taking up matters of interest to them relative to the assessment of property for the coming year. W. R. Mellor, secretary of the State Board of Agriculture gave a talk on matters in relation to forwarding agricultural statistics to the State Board of Agriculture. He said that much of it he could get from the secretary of the State Board of Assessment, but he desired that all be careful to send in crop acreage reports and the number of milk cows.

if expenses could be collected for time put in before and after that time. Mr. Reed said if the work was necessary expense could be collected. Secretary Bernecker told the assessors they should assess land at 75 per cent of the sales value. There might be fictitious values shown in reports of sales but he believed that as a general thing the land should be assessed at the 75 per cent basis.

News Notes of Columbus.

COLUMBUS, Neb., Jan. 20.—(Special.)—For the first time since 1906, when the Young Men's Christian association building was erected, the institution finds itself free from all debt. This announcement was made by Howard Clarke of the board of directors at a banquet of the Business Men's club.

Their auto turning turtle on the Meridian road two miles north of Columbus, Glenn Kerr and A. V. Jensen of Platte Center were thrown clear of the machine and escaped with minor injuries.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Cays inside-bathing makes any one look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.—Advertisement.

KING-PECK \$137,000 STOCK

Go on Sale Saturday, Jan. 22

A SPECIAL MESSAGE TO OMAHA:

—We shall begin Saturday one of the largest and greatest value-giving sales ever known to this part of the country. The King-Peck store was an establishment of the highest order; it was known everywhere in this and surrounding territory. They carried a tremendous stock of high grade clothing and furnishings for men.

—All this immense stock will be placed on sale by Brandeis Stores at an unprecedented sacrifice. It is so large that it would be impractical to offer all at one time, so the Overcoats and Boys' Clothing will go on sale this coming Saturday, the balance of the stock, including the Men's Furnishings, Suits, Shoes, Hats, etc., will follow just as soon as ready.

Watch the newspapers.
