

BRIEF CITY NEWS

"Townsend's for Sporting Goods." Lighting Fixtures—Burgess-Granden. Have Root Print Co.—Now Beacon Press. Dr. Stokes removed to 414 Brand. The Inv.—Income tax a no. Price \$13.00. Ask Dumont, Keeline Bldg., for particulars.

"Today's Movie program" classified section today. It appears in The Bee EXCLUSIVELY. Find out what the various moving picture theaters offer.

Ust Club Dance.—The only dance at the University club during February will be held on Lincoln day. It will be a dinner-dance, starting at 7 o'clock.

Keep Your Money and Valuables in the American Safe Deposit vault, 218 South 17th St., Bee Bldg. Boxes rent \$1.00 for 3 months. Open from 9 a. m. to 5 p. m.

Dr. W. H. Betz.—R. C. Hoyt, clerk of the federal court, went to Lincoln Monday and drew a grand jury, which will report in Lincoln Wednesday, February 15.

Given Staff Fine.—Ray Jordan, 3091 North Twenty-second street, charged with obtaining goods from the McGraw company without settling for the same, was fined \$50 and costs by Judge Foster.

Status for Auditorium.—The large building "Victory," which has stood in the public library museum for a number of years, has been loaned to the municipal auditorium and now stands in the lobby of the latter place.

Willis Crosby Recovering.—Willis Crosby, father of Willis Crosby, Jr., county coroner, is recovering from an illness of eight weeks' duration. L. A. Jones, 2282 North Twenty-fourth street, deputy coroner, is confined to his home with an attack of grip.

Byrne Gets Invitation.—Harry S. Byrne, insurance man and president of the Omaha alumni of Kappa Sigma College fraternity, has been invited to deliver one of the principal addresses at the annual banquet of the chapter of the fraternity at the University of Nebraska, February 15.

Judge English Has Hemorrhage of Nose for Eighteen Hours. District Judge English, who suffered a prolonged hemorrhage of the nose Monday, is reported to be somewhat improved. The hemorrhage lasted eighteen hours before it was finally checked.

Wet Democrats Are Bound to Have Candidate in Field. "No, the lists have not been closed for our governorship candidates," declared a well known democrat, usually on the inside. "Both 'Brother Charles' Bryan and Berge represent the 'dry' end of it, and the filling of a man named Sheldis is not taken seriously. Ex-Senator Allen has positively refused to run, and the 'wet' are now looking to bring out either Charles E. Bryan, the Grand Island attorney, or Clarence Herman, Morehead's chief food inspector. Mark my word, the 'wet' democrats will have somebody besides Bryan or Berge to vote for in the primary."

McGrew to Contest With Boss Howell. According to present prospectus, the position of member of the republican national committee from Nebraska is to be contested at the coming primary between Charles F. McGrew and the present incumbent, R. E. Howell, both of Omaha. Mr. McGrew let it be known last week he would submit his name, and Mr. Howell then came to a decision and has begun to circulate his nominating petition. Mr. McGrew was for 3 years in the banking business, but has now retired. He has been active in republican politics, but has never been a candidate for office, and enjoys a wide and favorable acquaintance throughout the state.

CHANGES TO BE MADE AT THE U. P. HEADQUARTERS. E. A. Smith, head of the colonization department of the Union Pacific, is in Chicago in conference with Passenger Manager Port, and upon his return there will be a reorganization of the department. Several changes are to be made in the working force of the office. The colonization department will be without a chief clerk until February 15, when G. H. Harries, the new man, will arrive from Topeka, Kan., to take charge. Rudy A. Willis, former chief clerk, who resigned, has gone to Chicago.

JACKSONIANS WILL HOLD DEBATE ON PREPAREDNESS. A joint debate will be held at the meeting of the Jacksonian club, Saturday evening. The question at issue is "Resolved, That the recommendations of President Wilson in his message to congress, on December, 1915, with reference to preparedness on the part of the United States, are necessary and should be carried out."

Taylor's Auto to Be Loaded with Ladders. Superintendent Taylor of the gas street lighting department has been provided with an automobile truck by the city council. A resolution specifies that the machine shall be equipped with ladders and other paraphernalia for cleaning and repairing lampposts.

Sign of Good Digestion. When you see a cheerful and happy old lady you may know that she has good digestion. If your digestion is impaired or if you do not relish your meals take a dose of Chamberlain's Tablets. They strengthen the stomach, improve the digestion and cause a gentle movement of the bowels. Obtainable everywhere.

CITY WILL INSIST UPON NEW VIADUCT

Council Says That Proposition is Before It, While Elevation is Not.

RISE IS TOLD TO GET BUSY

The city council directed City Attorney Rine to start legal action to require the Missouri Pacific railroad company to proceed with erection of a viaduct over its tracks on West Dodge street. Another resolution called upon the same company to complete the Locust street viaduct without further delay.

In connection with the Dodge street viaduct case the city attorney will go to St. Louis, where he will apply in federal court for an order directing Receiver Bush of the Missouri Pacific to expend necessary money for the improvement in question.

Mayor Dahlman secured the adoption of another resolution, requesting fundee people to send a representative with the city attorney to St. Louis.

The city commissioners were agreed that this viaduct case should be pushed, rather than clouding the issue with any more track elevation propositions.

Commissioner Hummel was particularly insistent that the city attorney should stick to the viaduct proposition. "We do not have a track elevation plan before us, but we have a viaduct plan. Let us get the viaduct," said Mr. Hummel.

Blank to Have One More Movie House On Douglas Street

A motion picture building is to be erected perhaps in the spring of 1917 on the ground occupied by the Guarantee Clothing company at 1319-21 Douglas street. This property, being thirty-three feet front, east of the Brown block, was leased by A. H. Blank of Des Moines from Henry F. Wyman of Omaha for ninety-nine years.

It was leased on a basis of \$300,000 valuation at 5 per cent, or \$15,000 a year. Mr. Blank is the man who obtained a lease on the old American theater and made the Strand of it. He proposes to build a movie building on the Guarantee Clothing company location after the present lease expires.

Dundee May Have Glass Street Signs

Dundee may have its pretty glass street signs. The action of the former village board was not exactly according to Mr. Hoyt's rules, but the money will be paid. The old board entered into a contract with a Chicago firm for these signs, the cost of \$425 to be paid out of the lighting bond money voted before Dundee came into the municipal family. The Chicago firm wants its money.

In a communication on the subject to the city council Attorney Lambert of the legal department notes that the old board of Dundee spent money for tree trimming out of the lighting bond fund and used the money for various other purposes. He recommended payment of the \$425.

New Jetter Firm to Make Soft Drinks

J. Martin Jetter, Fred Drews and August Thawson, officers of the Jetter Brewing company of the South Side, have incorporated the Omaha Beverage company, which will manufacture and sell nonintoxicating drinks.

SEVEN WANT SEPARATION FOR VARIOUS CAUSES

Sarcasm is a cause for divorce, according to a petition filed in district court by Mrs. Mary E. Rogena, who is suing John Rogena. Although she alleges she conducted herself at all times as a true and loving wife, they separated January 2, 1915, on account of his alleged cruelty, consisting of abuse by sarcastic language. The husband's temperamental also is incompatible with that of the plaintiff, she alleges.

James Chvala charges Lizzie with cruelty. Ida J. Russell asks divorce from Thomas L. on grounds of cruelty. Lynne Kuhl alleges John R. has been guilty of cruelty. Elsie Weiss asserts Henry O. has failed to support her. Grace E. Downs is suing James H., alleging nonsupport. Anna Lindsey has brought suit against Edward R., alleging cruelty.

Breaks a Cold in a Few Hours

First dose of "Pape's Cold Compound" relieves all grippe misery. Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken, will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Dr. Connell Explains Methods in Handling Scarlet Fever Epidemic

Explaining the methods of the Omaha Board of Health in keeping the epidemic of scarlet fever under control as far as possible, Health Commissioner Connell has written the following letter to Dr. Case, state health officer for Nebraska:

"We have had more or less scarlet fever in Omaha since last spring. It was not entirely wiped out during the summer months. I impudently the Board of Education to put on a full corps of medical and nurse inspection of schools the beginning of the term. The first day of school some fifteen schools out of the forty-five were examined and a number of suspicious cases of scarlet fever found. They were excluded, watched and placed under quarantine. Some later one, two and finally three nurses were employed by the Board of Education to make examinations of the schools. You can see how inadequate this was when you consider forty-five schools with 25,000 pupils. About two weeks ago the Board of Education put on some fourteen nurses who are devoting all their time and have accomplished a great deal of good, as they have rounded up 2,800 who were out of school for different causes, a number of whom they found had scarlet fever and were not quarantined. The Board of Health knowing nothing about the cases. These, with other similar cases, were spreading the disease broadcast through the city. I think the inspection of schools is getting in good shape.

Examinees Stores. "The Board of Health has examined all the larger department dry goods stores, etc., for all employees who have been sick for one or more days during the last five weeks. The proprietors have been instructed to allow none who have been out sick to return to work until they have received a certificate from the Board of Health. A number of cases have been detected in this way who applied to return to work and were found to have scarlet fever. We also appealed through the newspapers to all employers in the city asking that when any of their employees were away on account of sickness they would not be allowed to return to work until they presented a certificate from some reputable physician that they were free from any symptoms of scarlet fever, or they could come to the health office and be examined free of charge.

Method of Quarantine. "As to quarantine: Within a few hours after a case is reported to the health department the house is placed under quarantine. If the disease will be removed at once. The people belonging in the house that are away are immediately sent for and brought back to the house. All children who may be in school are taken immediately from school. The house is then fumigated. The house is opened up and the people leave all their clothing in the rooms where confined, enter the part of the

house that has been fumigated, take a bath and put on fumigated clothes. Then the room or rooms where the people have been while the balance of the house was under fumigation are closed up and fumigated for at least seven hours. If the patient is not removed to the hospital, the house is placed under quarantine and placarded both front and back door. If any are out of the house they are obliged to return, and if they desire to leave the house they can do so only after their clothes have been thoroughly fumigated for at least seven hours. In no case if any one allowed to leave or enter the house except the wage earner, and he can enter the house only under either one of the two following conditions: viz: He is allowed to sleep in the house provided there is a room which he can enter from the outside, and it must be entirely closed off and sealed off from the balance of the house; he is not to come in contact with any member of the household nor any member of the household to enter this room. His clothing and the room are thoroughly fumigated after it has been sealed off.

No Milk Bottles Left. "No milk man is allowed to deliver bottles of milk, but it must be poured into containers on the porch. The raising of the quarantine is done in the following manner: We do not take the word of any physician that the case has recovered. After we have received notice from a physician of the recovery of a case, it is visited by one of my assistants or myself, and regardless of what the physician has said, if we find a discharging ear, suppurating gland, congested or inflamed condition of the throat or any peeling of the hands, feet or other parts of the body, the quarantine is not raised until thorough desquamation is completed.

"No child is allowed to return to school who has had scarlet fever for two weeks after the quarantine has been raised. "No one exposed to scarlet fever is allowed to return until eight days after the last exposure and their clothes have been thoroughly fumigated. "No children are allowed to enter any moving picture show or any other place where the public is gathered. Moving picture shows and other theaters are fumigated every night as are all street cars. "All milkmen have been warned they must notify the Health department of any sickness in their families or among their employees, of one day's duration from any cause regarding as to whether they think it is scarlet fever or not, and warned that their license will be revoked if they fail to report a case. "Every telephone call, letter, whether it is anonymous or not, stating that they suspect a case of scarlet fever in any given locality is at once investigated by some physician of the Health department. "All persons taken sick with scarlet fever in a rooming, boarding house or hotel are forced to immediately go to the hospital."

SCHOOL BOARD TO FACE A PROBLEM

May Not Be Able to Collect for Pupils Who Attend from Out of the City.

BELLEVUE SCHOOL LOSES OUT

Sarpy county school officials, relying upon the authority of the state department, are preparing a surprise for the Omaha School board, who this year cut the tuition rate for out-of-town pupils.

The Pioneer Union High school, a public high school located at Bellevue, in the east end of Sarpy county, at the beginning of this year made arrangements through County Superintendent Collins of Sarpy county for a considerable number of high school pupils from adjoining districts, not yet in the Pioneer High school district, to attend that school. For this they were to accept the usual county tuition rate of \$36 per annum.

Lowers Its Rate.

The South Side High school thereupon lowered its rate from \$86 per annum to \$36.

When the Pioneer High school board saw its pupils taken away under its very eyes, it waxed wroth and the secretary, Dr. W. H. Betz, communicated with State Superintendent A. O. Thomas.

Investigation showed that Omaha had filed no request to be placed upon the list of schools designated as free attendance high schools.

Therefore, under the law they cannot collect the \$36 from any of the out-of-town pupils who came to them instead of going to the Pioneer Union High school, nor can they collect their usual tuition fee of \$86 per annum. This means a loss to the city of Omaha of \$60 or \$1,000. Upon receipt of bills from Omaha for free high school tuition, the county superintendent of Sarpy county will notify the Pioneer high school board, which will institute legal procedure to prevent the collection of the bills.

PETITION FILED FOR THE OPENING OF DODGE STREET

Henry F. Wyman, Clara B. Wyman, F. D. Wead, E. H. Scott, Westland Realty company, Gould Dietz and Joseph Barker filed a petition for the opening

of Twenty-second street, Harney to Dodge streets. The city council referred the matter to the committee of the whole for consideration.

ADMIRAL DEWEY HAS ENLISTED IN THE ARMY

Admiral Dewey Snyder, 38, and his chum, Herbert M. Butler, 39, came over from Scranton, Pa., and applied at the local army recruiting office to become soldiers of Uncle Sam.

Scranton with its 500 people, its calf muzzel factory and its chimney top factory was too small. They wanted to see the world. And they are going to see it. For they were accepted by Recruiting Sergeant Hansen.

But before this happy denouement, Admiral Dewey's father came over from Scranton and gave his full and free consent for his young son to be a soldier and Herbert M. brought a paper duly signed and sealed by his father.

So the chums are on their way to Fort Logan, Colo., and for the land of adventure.

Other enlistments at the local station were Lloyd M. Chambers of Dunlap, Ia., who has served an enlistment already in the Fourth Infantry; Don E. Conard of Red Oak, Ia., who was formerly a navy man and now will try the infantry, and Frank A. Tiborsky of Des Moines, Ia., a former soldier, who enlisted in the cavalry.

Juvenile Court May Send Loretta Back to New York

Loretta Byrnes, 9 years of age, who came to Omaha with a carload of waifs and orphans from New York, three years ago, will be returned to New York, if directions of juvenile court officials are obeyed.

Loretta fell into the hands of the law Sunday after she had attempted to buy a ticket at the railway station with money which she had taken from her foster mother, Mrs. Lizzie M. Byrnes, 728 Howard street.

WRECKAGE AT DUNLAP IS ALL CLEARED AWAY

The wreckage near Dunlap, Ia., where two Northwestern freight trains came together Monday morning, killing four men, has been cleared up, the track repaired and trains again on schedule.

Says Woman's Beauty Depends Upon Health

Health and Vigor Necessitate Regulation of Organs of Elimination.

Skin foods and face creams, and powders cannot make a woman beautiful, because beauty lies deeper than that—it depends on health. In most cases the basis of health and the cause of sickness can be traced to the action of the bowels.

MRS. GERTRUDE JORDAN

"It is simply fine; I have never been able to find anything to compare with Dr. Caldwell's Syrup Pepsin. I started using it for the baby and now it is in my family standby in all cases where a laxative is needed."

Dr. Caldwell's Syrup Pepsin is sold in drug stores for fifty cents a bottle.

Local Child Saving Institute Praised by Eastern Expert

Hastings H. Hart, director of the Russell Sage Foundation, department of child helping, has written a most complimentary letter to Rev. George L. Peters of this city concerning the work of the Omaha Child Saving Institute. The letter follows:

I have watched the development of the Child Saving Institute from the beginning and I visited it soon after it was opened. I think that your record is one of the most remarkable in the United States and I have had occasion to refer to it frequently in public addresses.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood.—How to tell.

New York, N. Y.—In a recent discourse Dr. E. S. Casser, Specialist, of this city said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitudes of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system. It is the strength of a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. It is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are dizzy and tired all day; some have irritable, some shiny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any

one tells you, if you are not strong and well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary standard iron three times a day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days simply by taking iron in the proper form, and this after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonderful things you can do with iron, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The real trouble was that the old forms of inorganic iron, the tincture of iron, iron acetate, etc., which ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the new forms of organic iron from the tincture of iron, iron acetate, etc., which ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the new forms of organic iron from the tincture of iron, iron acetate, etc., which ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good.

NO JOY FOR COUPLE WHO WED DAY AFTER THEY MET

I. Kovolovsky, 3317 Arbor street, charged with being drunk and abusing his wife and two small children, was given ninety days suspended sentence in police court.

His wife, who is Jewish, married her husband the day after they had been introduced and almost immediately he started to treat her with abuse.
