

Call for Meeting of Mayors Sent Out

Mayor Dahman has received from Mayor Mitchell of New York a copy of the call for the National Conference of

Mayors at St. Louis, March 3 and 4, when preparations will be discussed with a view of furthering the president's plan and arousing public sentiment in favor of early legislation. The call is signed by the following mayors: Henry W. Kiel, St. Louis; James M. Curley, Boston; William H. Thompson, Chicago; James G. Wood-

ward, Atlanta; C. E. Sebastian, Los Angeles; Gerhard A. Radtke, Milwaukee; Martin Behrman, New Orleans; H. R. Albee, Portland; Henry D. Landsley, Dallas; J. C. Dahman, Omaha; John Purdy Mitchell, New York. Each of the mayors mentioned will select a local committee and on February 21 William B. Brewster will be here to

explain the objects of the St. Louis conference. New York City now has a local preparedness committee of 1,000. Mayor Dahman will announce the Omaha committee next week. Time, tide and Bee Want Ads wait for no man. An opportunity missed is an opportunity lost.

PREPARING FOR BUTCHERS' CONVENTION IN AUGUST

R. H. Boham, a representative of the United Master Butchers of America, has been in Omaha for several days this week making the advance arrangements for their thirty-first annual convention, to be held here during next August. As

Omaha is the hub around which many of the cities in the middle west revolve, President Kund of the local association anticipates one of the largest gatherings ever held in Omaha. Secretary Cameron is assisting the representative of the national association in making all plans, and reports everybody is co-operating with the usual "Omaha spirit."
