

LIGHT COMPANY TO MAKE A BID TODAY

Offers to Install Many More Lights of Greater Candle Power for Same Money.

TO BE DISCUSSED ON MONDAY

The city commissioners this morning will receive from the Omaha Electric Light and Power company a definite proposal for the maintenance of the street electric light system for a period of five years. At a meeting of the committee of the whole the commissioners decided to discuss the matter next Monday morning.

The tentative lighting plan as prepared by the city electrician and understood by the light company contemplates the installation of 786 additional lights, chiefly in the residence districts. The proposed system has a total of 3,162 lights, including 395 lights of the present Dundee system and 567 in the South Side district, neither of which districts would be disturbed by the new system.

To Replace Area. The company offers to take out all of the old-type flaming arc and ordinary arc lamps now in use in Omaha proper and replace them with 400-candlepower Mazda lamps, installing 201 two-light units and seventy-one single-light units in the "ornamental district," being downtown streets where current is supplied from underground conduits. This ornamental district will be extended thirty-five blocks from the present area, according to the plan submitted. The plan further contemplates replacing 1,274 aerial lamps of Omaha proper with 1,907 of the new Mazda type lamps.

The proposition of the light company is to charge \$3 per year per lamp for the lamps hung from center or mast-arm suspensions and supplied from overhead conductors; \$3 per lamp per year for the single-unit lamps on ornamental posts supplied from underground conduits; \$1 per lamp per year for the two-light units on ornamental posts.

To Come Within Appropriation. The city electrician will advise the council that the city will be able to maintain the proposed new system for approximately \$8,000 less than the appropriation of \$117,000 set aside for this year, the desire being to apply the unexpended balance on a deficit of \$36,000 in the lighting fund.

The city commissioners intend to go into this street lighting proposition thoroughly. The municipal affairs committee of the Commercial club is interested and various improvement clubs will have a few words to say.

Less Current—More Power. The new Mazda type lamp, which the light company proposes to install in Omaha, requires a trifle more than half of the current now used by the old style lamp and the new type surpasses the old style in candle power. The company, it is stated, will want some consideration shown on account of the claim that they will be required to install about \$30,000 worth of new equipment and "junk" a lot of old lamps which Omaha has been paying for.

As an illustration of the old and new rates, this example is given: There are 1,251 old type arc lamps in the residence districts of Omaha proper, charged for at the rate of \$38 a year, which figures \$47,558; it is proposed to replace these lamps with 1,907 new Mazdas at \$33 a year, which figures 62,931 for one year. The rates quoted by the electric light company in their latest proposal are net, which would eliminate the royalty of 3 per cent. Last year the city received \$26,666 royalty from this company.

Omaha Men Receive Committee's Word River Fund Larger

The snagging appropriation for the Missouri river between Omaha and Sioux City may, after all, not be reduced so much as was once expected. The congressional committee gave assurance to the Nebraska delegation the other day that the appropriation probably would be larger than in former years. Former appropriations were \$5,000. This year \$15,000 was asked, and it was proposed by the board of engineers to cut it to \$25,000. Commissioner R. H. Manley of the Commercial club has returned from Washington, where he attended the meeting of the National Chamber of Commerce, and was a member of a large Omaha delegation that went before the various congressional committees on matters pertaining to the Missouri river snagging and development and other matters of interest to Omaha and Nebraska. Mr. Manley says that Congressman Lebeck has made a request of congress for a survey of the Missouri river between Omaha and Decatur, and that there is a good chance this may be obtained. He points out that the objection made to a survey between Omaha and Florence formerly was that there was no actual river navigation in this section. Now the Omaha-Deatur line of traffic is here to make a definite showing.

WEST HAS NOW TOO MUCH STYLE TO SUIT HINES

William "Missou" Hines of Casper, Wyo., is doing Omaha for a couple of days, renewing acquaintances with his old friends. According to Mr. Hines, he went to Casper when all there was was a bunch of sage brush and two jack rabbits. Now it is a city of 6,000 and growing rapidly. "But," asserted Mr. Hines, "the Casper of today is not the Casper of old. It's too tame there now and you have to put on too much style. I went there thirty-two years ago when the west had some life. Now it is just society and style and I don't like it very well."

FIND CHURCH FLOOR HAS A SMOLDERING FIRE

During the Epworth league service Sunday evening at the Dietz Memorial church, Tenth and Pierce streets, Rev. G. N. Dawson and congregation were annoyed by escaping smoke. After the service the worshippers investigated the source of the smoke and found a floor near the furnace was smoldering. The damage was nominal.

CHARGES RAILROAD RAISES EXPENSES

Chairman of Railway Commission Accuses Rock Island of Boosting Passenger Traffic Cost.

RATE HEARING IN PROGRESS

Henry T. Clarke, Jr., chairman of the state railway commission, declared that the business movements of the Rock Island railroad in Nebraska lead him to suspect that it had deliberately increased its passenger expenses in order to make a showing in court when seeking an increase of passenger rates.

"You cannot defeat a state statute by any such methods," he said to Judge E. P. Holmes, attorney for the Rock Island.

This occurred at the hearing of the Rock Island's suit to enjoin the railway commission from preventing an increase of passenger rates on the Rock Island's lines in Nebraska.

Three Judges Hear Case. Federal Judges T. C. Munger of Lincoln, Walter L. Smith of Council Bluffs and Martin J. Wade of Davenport are hearing the case.

State Railway Commissioners Clarke, Taylor and Hall and the railway commission's rate expert, U. G. Powell, were present. So also was Attorney General Willis Reed.

Among the railroad men present were L. M. Allen, Rock Island passenger traffic agent, Chicago; James Stewart, general passenger agent of the Rock Island, Kansas City, and J. A. C. Kennedy of Omaha, counsel for the Missouri Pacific, who recently won a passenger rate victory for his road.

Mr. Clarke showed that the Rock Island has increased its passenger train service in Nebraska in the last four years from about 1,100 miles a day to about 1,450 miles a day, thus showing decreasing earnings per passenger-train-mile.

Freight Service Reduced. At the same time, he stated, the road's freight service has been cut down in face of increasing freight earnings.

"The average revenue of the Rock Island per mile of road is as great as that of the Burlington and greater than that of the Northwestern in Nebraska," he said.

Showing the effect of the reduction of passenger rates from 3 cents to 2 cents per mile in accordance with the state law of 1907, he said:

"In 1907 when the railroads received 3 cents a mile for eight months of the year and 2 cents the rest of the year, the Rock Island earned \$1.95 per train mile. In 1908, receiving only 2 cents a mile, it earned \$1.25 per train mile; in 1909 it earned \$1.65 per train mile."

Subsequent to this, he said, the putting on of new trains in Nebraska by the Rock Island road had started in the alleged attempt to cover up increasing passenger earnings by artificially increased passenger expenses.

Decision Ready in Fee Grabbing Case

District Judge W. G. Sears has announced that he will hand down a decision this morning in the case of Douglas county against Robert Smith, clerk of the district court, for the return of more than \$6,000 naturalization fees collected by Smith and held by him.

TUTOR ENGAGED IN OMAHA FOR SEVEN FOY CHILDREN

Superintendent of Public Schools Graff has assigned Miss Lily Nelson as tutor for the seven children of Mr. and Mrs. Edward Fitzgerald, whose father and children are appearing at the Orphanu this week under the name of "Eddie Foy and the Seven Little Foyes."

It is the custom of Mr. and Mrs. Foy to engage an instructor in every city where they appear.

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 2-cent bottle of Dandruff at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out—Advertisement.

Dyspeptics! End Stomach Misery, Gas, Indigestion

"Pape's Diapepsin" neutralizes acids in stomach and starts digestion.

Stops any sourness, heartburn, or food rising in few moments.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking some Diapepsin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas on stomach, belching of undigested food, headaches, dizziness or sick stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living—Advertisement.

You Helped Make This Party

We are going to tell you about a party to be given in Omaha. You may not be invited—and we know you won't feel badly if you are not—but just the same, you will be interested; for if it were not for you this party would not be held.

For nearly a year the Omaha Manufacturers' Association has been telling you about Omaha-Made Goods. The manufacturers asked you to choose Omaha-Made goods whenever these equaled in quality and price the products of other cities. They told you that in this way you could boost your own town and increase your own prosperity.

This must have been just the reminder a lot of folks needed, for things certainly picked up. Factories that had not been doing half what they could, had to increase their outputs; managers had to have more raw material, more equipment, MORE EMPLOYEES, and—well

Omaha's factory output increased \$17,530,522.

So your co-operation in buying Omaha-Made goods, in TALKING, USING AND SERVING Omaha-Made goods helped to keep \$17,530,-

Here Are the Prizes and the Donors

- Affinity Cleaner Co.—Affinity products.
- American Putty Co.—1 case Package Whiting; 24 1-lb. pks. to case.
- H. Besell & Son Cigar Co.—25 Gen'l Stanton mild 10c Cigars.
- J. F. Bloom & Co.—White Marble Fruit Stand.
- Burgess-Granden Co.—Electric Fan.
- Hurley Envelope Co.—5 boxes linen finish bond Envelopes.
- Byrne & Hammer Co.—1 Golf Coat, 3 dozen B. & H. Sport Shirts, 1 Oak brand Auto Shirt.
- Carter White Lead Co.—8 12 1/2-lb. kegs Carter Lead.
- Deliance Starch Co.—12 boxes Starch (6 pks. to each).
- Dresher Bros.—For Men: Dresher Omaha Made Hat. For Ladies: Order for Cleaning or Dyeing.
- Eggers-O'Flyng Co.—1 round Cretonne Hat Box; 1 square Cretonne Hat Box.
- Haarmann Vinegar & Pickle Co.—1 case Assorted Pickles.
- Iten Biscuit Co.—Assorted Iten Quality Products.
- Kimball Laundry Co.—Laundry Service.
- Maney Milling Co.—8 12-lb. sacks Sunfast Flour.
- Marks Bros. Saddlery Co.—Ladies' Manicure Set.
- Milford Glass & Paint Co.—4 Mirrors.
- National Fur & Tanning Co.—1 Hudson Seal Fur Cap.
- National Printing Co.—2 orders for Calling Cards, \$2.50 each; 5 Bohemian-American Cook Books, \$1.00 each.
- Nebraska & Iowa Steel Tank Co.—5 Garbage Cans with holders.
- Omaha Auto Top Co.—72-in. No. 500 Push Auto Robe.
- Omaha Bottling Co.—Ginger Ale.
- Omaha Concrete Stone Co.—2 Flower Vases.
- Omaha Cooperative Co.—Plant Tub.
- Omaha Hat Factory—2 Hats.
- Farmer-Olson Co.—1 case Farmer's Diamond Blend Coffee.
- Faxon & Gallagher Co.—3-doz. Kamo Pancake Flour.
- R. A. Schneider—Navigator Cigar (box).
- Skinner Manufacturing Co.—6 cases Skinner's Macaroni Products.
- M. E. Smith & Co.—6 "Mina Taylor" House Dresses; 6 "Ideal" Men's Dress Shirts.
- Smith Brick Co.—1,000 Building Brick, or equivalent in cash if they cannot use brick.
- Standard Chemical Mfg. Co.—6 Powder Guns filled with dry disinfectant; 1 50c box Standard Poultry Tonic; 3 bottles Standard Liniment.
- Storz Brewing Co.—1 case 3 dozen pints Storz Triumph Beer; 1 case 3 dozen pints Storz Old Saxon; 1 case 2 dozen pints Storz Malt Tonic.
- Uncle Sam Breakfast Food Co.—1 case, large size, Uncle Sam Health Food.
- Willow Springs Brewing Co.—5 cases Old Time Brand Beer.
- Loose-Wiles Biscuit Co.—Chocolate Hydrox.
- Paxton-Mitchell Co.—Six Metal Picture Frames.
- Swift & Co.

522 more at home—helped to produce more business, to MAKE MORE WORK.

The manufacturers feel this is only the beginning. They want to keep the good thing moving. So they are going to get together Thursday night at the Commercial Club and plan to continue this co-operative boosting for a bigger, better and more prosperous Omaha.

Oh, yes, they want to get better acquainted socially, too. So they will take their wives along. That's why their meeting is to be a party. Another thing, women insist on favors—you know how women are. Therefore prizes and souvenirs will be given. There will be a lot of these, more than \$400 worth.

And the best part about this party is that everything served and every prize will be OMAHA-MADE.
