

INDOOR WORKER IS HANDICAPPED

Office Men Often Pay Penalty of Indoor Grind.

We can't all be devotees of the great out-of-door, and so the office men and women too often pay the penalty of the indoor grind at the desk.

These come in many cases the sluggishness that is bred of physical inactivity and the ailments that mark the indoor-man for their own.

To say "I feel good all over" is to speak the acme of content, and when this is supplemented by a steady, healthy increase in weight after a long period of suffering, the fortunate man usually feels that he wants to share his good luck with the less fortunate "other fellow."

It is this spirit that prompts so many prominent business men in every community to endorse Tanlac. Tanlac assists nature to throw off depression and in its place to stimulate the system, with the result that energy and vigor return.

That "ired feeling" means a good deal more than is generally realized. It is one of the symptoms of a more serious condition. It is not lassitude, it is a physical ailment that needs correction before it takes a firm hold on you. The results of the Tanlac treatment are amazing.

Tanlac tends to make tired out, listless persons sturdy and of real manhood and womanhood like those old-fashioned but most sensible folk—the pioneers.

As a tonic, appetizer and invigorant, nothing ever has been discovered that will compare with Tanlac. It builds new tissues, vitalizes the blood, and acts so favorably on ailments of the stomach, liver and kidneys, and catarrhal affections of the mucous membranes.

Satisfied users of Tanlac have proven to be Tanlac's best advertisers. Men and women, from the highest to the lowest walks of life, everywhere are testifying daily to the relief Tanlac has brought them. No other remedy has won such endorsements, that can only come from superficial merits.

Tanlac is being especially introduced in Omaha at the Sherman & McConnell Drug Store, 16th and Dodge streets, where the Tanlac Man is daily explaining its merits and the results that may be expected from its use.

Tanlac may be obtained in the following cities: Ashland, Cone's Pharmacy; Blue Springs, B. N. Wagoner; Benson, Schiller-Beattie Pharmacy; Central City, Schiller Drug Store; Grand Island, Clayton's Pharmacy; Weeping Water, Meyer Drug Store.—Advertisement.

Officer Rich was called and the two men went through the building together, but nothing was missing.

Staging the Coming Battle

FLACK TELLS OF SOUTH AMERICA

Omaha Boys Back from Four Months' Trip Say Opportunities Better Here.

NOT AFTER TRADE RIGHT

After a trip of four months through South America, George C. Flack, treasurer of the Occidental Building and Loan association, and Harry B. Coffey of Chadron, Neb., returned with less enthusiasm for that great continent than they had expected to accumulate there.

"It is hot, heavily hot in Brazil," said Mr. Flack. "A horse can hardly live there, and the little ants pounce upon you the minute you step off the train. They dig into you like so many needles as soon as you alight."

Still the boys found some good things to say for the continent. They found several beautiful cities, and some of them pretty well up to date although the majority of them are stagnating in the slumber of sixteenth century Spanish civilization and method.

Not After Trade Right.

"The opportunities there for young men are not as great as we had been led to believe," said Mr. Flack. "There is an opportunity, however, for American investors and American manufacturers when our government comes to look with favor upon foreign investments, and when the American corporations go down there prepared to take care of their business with as much system and look after it all with as much care as they do at home. They must adapt themselves to business conditions and business methods down there, before they can do much. For instance, in the case of the American manufacturers have simply dumped their catalog into the hands of the people, and that was all there was to it. Or they sent traveling men there, who did not even know a word of Spanish. They must revise these methods if they would do any business."

Nearly German Ships Intended.

According to Mr. Flack, the great wheat crop in the Argentine cannot be marketed at present until Great Britain says so. In other words, the Argentine has no ships of its own. Four hundred German ships are interned on the east and west coast of South America, and there are no other available ships for the handling of the wheat and men of this country. So England gives orders to its merchant marine to take only a given amount of meat out of the Argentine in a month. Similar orders are given in regard to the wheat crop. The result is that the supply of meat is marketed slowly and only as British directs, and the wheat is moving very little.

Subway at Buenos Ayres.

"The boys found the railroads good in the Argentine and Brazil, found some extremely sleepy and ancient cities in some parts, but found Buenos Ayres and a few other cities very much up to date. In Buenos Ayres they rode through a fine modern subway. The only cities that impressed themselves upon the boys as beautiful cities and at all modern were Buenos Ayres, Rio de Janeiro, Montevideo, and Sao Paulo.

"The Standard Oil company and the International Harvester control the business in their line in these South American countries," said Mr. Flack, but the bulk of the other trade has always gone to France, England, Germany and Italy. Until the United States looks more favorably upon foreign investments, the Americans can do little toward getting their share of the trade."

Chased by Germans.

Coming home, sailing from Rio de Janeiro, the British ship on which the boys sailed was chased for a half hour by what was supposed to be a German cruiser. "All we could see was the smoke stack," said Flack, "and that was enough. Our captain said nothing, and one could learn no details, but we noticed that the captain swerved in his course sharply to the left and drove that way for about four hours, then after we had completely lost sight of the pursuing smoke stack, he swung back into the regular course."

ENTHUSIASTS OF GOOD ROADS MEET

Nearly Three Hundred Douglas County Boosters Gather at Call of County Commissioners.

DISCUSS BIG BOND ISSUE

Nearly 300 good roads boosters from all over Douglas county, assembled at the call of the county commissioners seeking advice on the proposed \$1,700,000 road bond issue, spent yesterday discussing the measure in the court house.

A motion was passed that a resident representative from each precinct in the county be appointed a member of an advisory board. The Commercial club and the Omaha Automobile club will have two delegates each, and each other civic organization, such as improvement clubs, real estate exchange, etc., will have one.

The country precincts appointed their representatives at once, but the local organizations will wait until today. The board must be completed within three days, so that the election proclamation may be properly published before the election.

The advisory board members appointed so far are:

A. D. Compton, Waterloo; Peter Mangold, Bennington; S. A. Lewis, Elmwood Park Improvement club; Henry Anderson, Florence; T. F. Stroud, Prettitt Mile, Fifth Ward and North Omaha Improvement club; P. G. Hofeldt, Elkhorn; S. J. Rothwell, Clifton Hill; H. J. Hackett, Fontenelle Park club; J. A. Davis, Southwest Improvement club; M. H.

THOS. KILPATRICK LEAVES \$5000 TO OLD PEOPLE'S HOME

The entire fortune of the late Thomas Kilpatrick, wealthy merchant, goes to his widow and daughter, Mrs. Harriet Kilpatrick and Mrs. Florence Kilpatrick Myster. The estate is valued at about \$200,000, according to instruments prepared in the county court clerk's office.

Robert Cowell and Fred Keyser are named as executors. The only bequest made to others besides his wife and daughter was a legacy of \$5,000 towards establishing a building fund for the Old People's Home.

A condition of the will is that in the event his heirs desire to sell any of their stock in the Thomas Kilpatrick store it is to be offered first to the present stockholders.

MRS. BOYCE TELLS OF WEDDING LURE

Omaha Woman Declares Publisher Wooded Her for His Son, Promising to Give Him Company.

That William D. Boyce, Chicago publisher, promised Miss Miriam Patterson, daughter of D. C. Patterson of Omaha, a \$4,000,000 wedding present, is asserted in an affidavit filed in the circuit court at Chicago by the Omaha woman.

Miss Patterson is now the wife of Benjamin S. Boyce, son of William D. Boyce, and she is suing her father-in-law for \$25,000 for alleged violation of a trust agreement whereby she was to receive the income from 250 shares of stock of the W. D. Boyce Publishing company.

Mrs. Boyce's affidavit declares that William D. Boyce wooed her for his son and many times urged her to the marriage and also agreed to set aside the 250 shares of stock so that she might have an income of her own amounting to \$5,000 annually.

Fronted Entire Plant.

Mrs. Boyce's affidavit recounts this: "When Benny Boyce, during January, 1912, proposed marriage to her she suspected and feared his drinking habits. But his father reassured her: 'Ben has been a little wild as a boy, but has since his wild oats and now has settled down to hard work. He has cut out drinking entirely.' 'I'm so sure of him that I've made him vice president of the W. D. Boyce Publishing company. The company's profits amount to more than \$200,000 a year. I'm going to give the company outright to Ben.'"

According to Mrs. Boyce's lawyer, Edward W. Everett, Miss Patterson understood from Mr. Boyce that the gift of the company to the son would be made soon after the marriage. Figuring an average annual profit of \$200,000 the company was worth \$4,000,000.

Mr. and Mrs. Boyce were married on June 11, 1912. After the marriage she received the dividends for two or three years. But last July she brought suit against young Boyce for a divorce on account of alleged cruelty and intoxication. Since then she says she has received no dividends.

Ben Boyce is now living in Indianapolis.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast, each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on all the sour fermentations, gases and acidity who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.—Advertisement.

WHY is The State Bank of Omaha

growing so rapidly? you frequently hear asked.

The answer is—confidence.

People of this community know that the Depositors' Guaranty Fund of the State of Nebraska protects this bank. They know that their money deposited here is absolutely safe all the time. They have confidence—and confidence is the greatest of all bank builders.

That's why deposits have increased on an average of more than \$2,000 a day since it was organized.

The State Bank of Omaha is conveniently located. Its officers and employees are anxious to please you.

4% paid on Time Certificates.

Safety Deposit Boxes \$3.00 a Year and up.

3% paid on Savings Accounts.

Tuberculosis Ward At County Hospital Taxed to Capacity

"Tuberculosis in Nebraska in general and Douglas county in particular is either showing a marked increase or else the public is becoming more conversant with the state's efforts to fight the disease," declares J. M. Leidy, administrator of county charities.

There are eighteen men and women on the waiting list for attention at the county hospital or the state hospital at Kearney, but on account of crowded conditions in the tuberculosis wards nothing can be done for them yet. Never before has the list been so large.

At the Kearney hospital a new addition to the building was recently erected, but the money ran out and there is no present means of operating.

Douglas county authorities are now at work in an attempt to create a sentiment which will influence the coming legislature to look into the affair and appropriate an adequate amount to take care of the ailing ones.

Food Souring in Stomach Causes Gas, Indigestion

"Pape's Diapepsin" neutralizes acids in stomach and starts digestion.

Five minutes! No sourness, gas, heartburn, acidity or dyspepsia.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite, but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Advertisement.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You get it at any drug store. It is inexpensive and never fails to do the work.—Advertisement.

Council is Ready to Advertise for New Fire Trucks

When there is nothing else to do on a quiet day the city council committee of the whole can take up the fire apparatus matter. The specifications submitted two weeks ago by Commissioner Withnell have been revised to suit the ideas of some of the automobile dealers.

The stipulation as to horse-power rating by the A. L. and M. A. method were cut out and bidders will be allowed to specify their own horse power. The specifications were approved and if nothing unforeseen happens they will be advertised and a new set of bids received for \$55,000 worth of motor apparatus for the fire department.

Little Lad Saves Home for Mother and Three Kiddies

Willie Smith had his head with him when a fire threatened his little home at 423 Walnut street at 2 o'clock yesterday afternoon. He is 11 years of age and is the mainstay of his widowed mother, who was out at work at the time of the fire.

The boy rushed with buckets of water and was succeeding in extinguishing the fire in the roof of the house when the fire department arrived.

Three younger children, one a baby of 9 months, were at home during the fire.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dizziness" and lost lary feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 50c and 75c per box. All drug stores.

The Olive Tablet Company, Columbus, Ohio.

To Make Skin Clear

Don't worry about skin troubles. You can have a clear, clean complexion by using a little zemo, obtained at any drug store for 25c, or extra large bottle at \$1.00.

Zemo easily removes all traces of pimples, black heads, eczema, and ringworm and makes the skin clear and healthy. Zemo is neither watery, sticky or greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

I Will Sell 1,250 Dort Cars by Summer

—This is a great day for practical things. Fads are failures.

—I can sell you a car for \$665 which is good enough for anybody. It will seat five people comfortably. It will take them anywhere—up steep hills or through deep sand.

—The cost to keep it up is a trifle. The car of which I speak is the Dort—the car that the best engineers in the east inspected for me, and in my presence. I know that it is great value. I much prefer it to many cars which I have inspected, selling for more money.

—I expect to sell 1,250 Dorts before summer. I have bought outright this number, and must deliver them. After they are sold, all who do not get one must take their chance among later shipments. You are in time now—make your wants known.

A Word About Service

—While we shall have one of the best equipped service stations in the state, and shall give high-class service whenever required, we do not promise, and do not have to give, one-half the profit in a car as service. The Dort's design and construction is such as to eliminate to a large extent the need for assistance of any sort. You get genuine usage in a Dort without harassing breakdown or the everlasting annoyance of renewal of parts.
