Not Much Inquiry for the Favorites and Dullness is the General Rule with Traders.

#### ALL WATCHING WASHINGTON

NEW YORK, March 6.—Aside from obvious manipulations is an unusual variety of special stocks today's market was rather dull, though consistently strong. During the early part of the seasion ateration continued to focus on Mishington, but advices from that center were too conflicting for the most part to Justify resumption of active trading.

ing.
The professional side of the market was further evidenced by the steady lack of neglify for erstwhile favorities, particularly rails. This condition was largely residiled in the final hour, however. Inted States Steel and some high class avestment shares leading the movement of its best and broadest tone, Steel scored a maximum gain of 1% at 83%, and Betnehen Steel, on very light efferings, ross it to 479.

lehem Sieel, on very light efferings, ross it to 478.

General Motors, Willys-Overland and munitions and motors were taken up by pools and cliques, some of these mixed issues scoriong gains of extraordinary proportions. Cuban American Sugar ross 12% to 20%, and South Porto Rico Sugar spained 5 at the new record price of 17%. General Motors, Wills-Overland and Studebaker rose to extreme selvances of from 4 to 12 points and allied shares trailed along with gains of 2 to 5, the movement being accompanied by reports of further large contracts.

Mexican Petroleum added 5% points to last Saturday's scence and Texas company rose 4. Crucibie Steel featured the better known war stocks, with a rise of 3%, and Butte & Superior was foremost among the metals on its advance of the to the new high price of 20%.

Half a score of this cellures were including Mercantile-Marine. United Fruit, equipment and fertilizers, were including Mercantile-Marine. United Fruit, equipment and fertilizers, were higher by 2 to almost 5 points, and To-vacco Products preferred added 4 to its recent rise, incidentally making a new record at 109. Strength approaching buoyancy marked the course of specialties at the close.

#### The Strange Mary Page

By Frederick Lewis, Author of "What Happened to Mary"

Pictures by Essanay

Mary Page, actress, is accused of the murder of David Policek and is defended by her lover. Philip Langdon. Policek was intoxicated. At Mary's trisl she admits she had the revolver. Her maid testifies that Mary threatened Policek with it previously, and Mary's leading man implicates Langdon. How Mary dis appeared from the scene of the crime is a mystery. Brandon tells of a strange hand print he saw on Mary's shoulder. Further evidence shows that horror of drink produces temporary insanity in Mary. The defense is "repressed psychosia." Witnesses describe Mary's flight from her intoxicated father and her father's suicide. Nurse Walton describes the kidnaping of Mary by Policek and Amy Barton tells of Mary struggles to become an actress and of Policek's pursuit of her.
