SAY BETTER DEPOT IS A CRYING NEED

Say Other Cities of Same Size Are Much Better Cared For Than is the Gate City.

FIRST IMPRESSION IS BAD... Following the agitation of The Bee for a new union depot in Omaha, business men of the city continue to express themselves emphatically in favor of a new depot...

J. W. Metcalfe, Secretary of the Associated Retailers of Omaha—There are two things the retailers of Omaha must have if Omaha is to be the kind of a city and the kind of a retail center it should be...

Depot Surely Needed... Harry Christie, Real Estate Dealer—it might be worth while to get at the method used by the people of Kansas City and put that into force here in an effort to get a union depot...

All Pull Together... C. S. Rainbolt of Rainbolt Commission Company—The depot here is not in the same class with depots in cities half the size of Omaha...

Butler Wants Expert Advice... The city council referred all documents relating to electric street lighting and a municipal electric plant to the committee of the whole for discussion next Monday morning at 10 o'clock...

Butler Wants Expert Advice... The following communication was received from the Water board: "The Board of Directors of the Metropolitan Water District of the City of Omaha, in response to a resolution of the mayor and council, adopted February 23, 1916, inviting bids for the furnishing of electric current and for the equipment for street lighting, etc., begs leave to inform you that it is advised by its counsel that the Metropolitan Water District, under existing law, has not the power to construct and operate an electric light plant. However, if the legislature changes the Metropolitan Water District law, enabling the water district to purchase equipment and sell electricity and the city is still in a position to do its own street lighting the Water district will be able to perform the service requested."

Butler Wants an Expert... The following resolution, offered by stated, and of obtaining the proctor and Commissioner Butler, was referred to next Monday's conference: "That sufficient funds from any available source be set aside and that the city be authorized to procure the services of some competent electrical engineer for the purpose of ascertaining the requirements of an adequate electric lighting plant of the character above mentioned, and to obtain estimates of the costs of the construction and equipment of the same, of sufficient capacity to develop and distribute electric current sufficient to light the public streets and public places of the city as well as to furnish current for lighting the buildings and homes of this city."

Cornerer Again Heads Danish Building Society... At the meeting of the board of directors of the Danish Building society, Monday, the following officers were elected for the ensuing year: E. A. Corner, president; P. F. Petersen, vice president; Frank V. Lawson, secretary; J. Michaelson, treasurer.

Cream for Catarrh Opens up Nostrils... Tells How to Get Quick Relief from Head-Colds. It's Splendid!

Wife and Mother of Dead Porter Secure Judgment... Sonora and Mary Jones, widow and mother of the late George Jones, porter at the Wellington Inn, were awarded a verdict of \$1,500 in district court for the death of Jones.

Sheriff's Men Have Hard Time Trying to Serve a Writ

Five-year-old Willie Russell Southwell, son of a former Omaha street car conductor, is being eagerly sought by sheriff's deputies and a score of private detectives.

W. L. Stebbins, civil and consulting engineer, Monadnock block, Chicago, submitted in writing a proposition for the establishment of an electric light and power plant and giving the city the option of operating and maintaining the street lighting system with current from the proposed new plant at an agreed rate. It is further proposed that the company would operate the plant for the city at cost plus 10 per cent, or the city would be permitted to purchase the electric lighting distributing system. Mr. Stebbins is willing to enter into a contract with the city that his company will operate thirty-five years. He said he would organize a local company. No rates are mentioned in the proposal of the Chicago man.

LOST 5 YEARS FROM HIS LIFE

Remarkable Story is Told by Ohio Man Who Has Been Restored by Tanlac.

"I have been able to work only about six months each year for the past ten years. Tanlac is literally putting money into David R. Case's pocket every day. He can count its value to him in dollars and cents. "Six months a year for ten years." To the average man this means thousands of dollars. It may mean the difference between want and plenty. It means five years out of a man's life. Mr. Case's story will strike home to thousands. "I suffered from a stomach trouble so serious that I could not work more than six months out of a year for the past ten years," he said. "There would be dull, constant pains in my stomach and shooting pains in my breast, back and arms. "Everything I ate seemed to disagree with me. I discontinued drinking coffee for a year, but that made no difference in my condition. I simply could not get anything that benefited me. "I saw the remarkable praise Tanlac was winning, and more in desperation than anything else, I decided to try it. I believe that I would be shirking a real duty if I failed to tell my story, remarkable as it may seem. "I have now used two bottles of Tanlac. My appetite has returned, and I sleep well. The pains are rare now, and, best of all, I can work all the time. I feel stronger than I have in years. "Tanlac has done wonders for me. It has doubled my income. "It is human nature for Mr. Case to believe that he is the exception and not the rule, but his story really is not a great deal different from the statements of many thousands. There is no remedy that acts as favorably on ailments of the stomach, liver and kidneys as on catarrhal affections as does Tanlac. Tanlac is being specially introduced in Omaha at the Sherman & McConnell drug store by the Tanlac man, who explains the uses of the medicine and makes known the results to be expected. Tanlac may be obtained in the following cities: Ashland, Conn's Pharmacy; Blue Springs, B. N. Wampler; Benoit, Schiller-Beattie Pharmacy; Central City, Schiller Drug Store; Grand Island, Clayton's Pharmacy; Weeping Water, Meyer Drug Store.—Advertisement.

Careless Use of Soap Spoils the Hair... Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulford coconut oil (which is pure and greaseless, and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Slightly moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulford coconut oil at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

Plenty of Talent in Jail to Stage a Big Performance

Sheriff Morhane is planning a big "blowout" in the county jail on the evening of St. Patrick's day for the benefit of the prisoners.

In the jail at present are a number of splendid male and female voices, and half a dozen good bands and string quartets are also among the prisoners. Mrs. Morhane was going around the cells Monday "looking" for talent when she discovered "Strap," a colored entertainer, who is doing a thirty-day stretch for venting his affection upon his sweetheart with a "raver." "Strap" has quite a local reputation as a dancer and comedian, and Mrs. Morhane was quick to ask him to perform. "No, siren, no, no," refused Strap. "Ah gets out here tomorrow night." "That's too bad, we counted on having you," exclaimed the sheriff's wife in disappointment. "Lady, don't say dath too bad," wailed Strap. "Ah laka disneyer place all right—but fahm do outside."

High Wind Breaks Globes on Court House Lamps... Three big frosted globes on the ornamental electric lamps in front of the court house were blown off by the high wind and smashed into a thousand fragments.

Remedy Prescribed by Many Doctors

Compound of Simple Laxative Herbs Proves Most Efficient.

Dr. W. A. Evans, writing for the Chicago Tribune, makes the assertion that practically everyone, at some time or other, suffers from constipation. He applies regulations of age or condition in life. The congestion of stomach waste in the bowels is evidenced in various ways: flat, eructation of foul stomach gases, sick headache, languor, all indicate constipation, and call for prompt attention, not only to relieve the present discomfort but also to avoid possible disease that follows neglect of this important function. Harsh cathartics and violent purgatives should not be employed, as these afford only temporary relief, while they serve to shock the entire system. A mild laxative such as Dr. Caldwell's Syrup Pepsin is far preferable and is now the remedy generally used and prescribed by many doctors. It is free from opiate or narcotic drugs, acts easily and pleasantly, without griping or other pain and is a safe, effective family remedy.

MR. CHAS. SCHELL... Grenada, Miss., writes that he found relief himself by using Dr. Caldwell's Syrup Pepsin and now keeps it on hand for family use. A bottle of Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 64 Washington St., Monticello, Illinois.

BURGESS-NASH COMPANY. "EVERYBODY'S STORE" Store Hours, 8:30 A. M. to 6 P. M. Saturday till 9 P. M. Tuesday, March 7, 1916. STORE NEWS FOR WEDNESDAY. Phone Douglas 187.
