Oils were under marked restraint, Callifornia Fetroleum, common and preferred, losing 7% and 9% points, respectively, on the unfavorable annual statement of the previous day. Texas Company also manifested some heaviness on unconfirmed rumors of new financing. Other backward features included Fruit, United States Industrial Alcohol, Motors and Rertilizers, Sugars also were disposed to relinquish some of their gain of the preceding session. The movement in rails was somewhat mixed, Baltimore & Ohio. Eries, Southern Railway preferred, and Seaboard Air Line preferred showing marked firmness, while Louisville & Nashville. Colorado Southern first preferred, and Missouri, Kansas & Texas common and preferred were heavy.

A seneral hardening of prices, except in petroleum, occurred in the later dealings, the rise deriving its impetus from the news that the house of representatives, on several test votes, had supported the administration by a substantial majority. Indications that the soft coal operators and miners were approaching an amicable settlement was another favorable factor. Total sales of stocks, 558,000 shares.

Expert Reports Upon Fremont City Water and Light Plant

FREMONT, Neb., March 6, - (Special Telogram.)-The report of Harold Almert, the Chicago consulting engineer who made an audit and appraisal of the Fremont municipal water and light plant for the city uncil, presented his report at a special oting of the council this evening. The report covering 180 typewritten rages howed that the plant has a present value of \$777,897 and that to reproduce it new would cost \$490,150. The plant for the last three years, the period covered by audit, has been operated at a loss of \$31,680. This amount includes taxes, interest and depreciation. Without these s the plant has made a fair profit

In making the report, Mr. Almert offered several recommendations in the operation of the plant that will reduce

Closing quotations on bonds today were as follows: After his escape from the house, Brutto says he went to the home of his aunt at 2307 Pierce street, where he met his cousin, Joe Seria, who told him the best thing he could do was to call the potice and give himself up. He stated that from the home of his aunt he went to a saloon and called up the Palmtag residence and asked if Olson was dead. They informed him he was. He then wandered around that part of town for several hours, he says, his cousin following him, and then he started for the police

Miss Palmtag, upon being asked concerning her acquaintance with either of the men, stated, "I have never been away from the house with either of them, and I only see them to speak to them as they went to and from their

Home Celebration of Wonder Interest

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of expectancy, there is a iplendid remedy known as "Mother's Friend" that does wonders. It is for external use, relieves the pains of markle as Panni on lieves the pains of muscle expansion, soothes and quiets the nerves, extends its influence to the internal

fluence to the internal organs and removes to a great extent the tendency to worry and apprehension. It is a natural treatment, as a for the mother, has no drug effect whatsoever and for this reason must exert a most beneficial influence upon those functions directly connected with motherhood. If a very interesting book the subject is freely discussed and a copy will be malled free to all expectant mothers by Bradfield Regulator. Co., 466 Lamar Bdg., Atlanta, Ga. Get a bottle of "Mother's Priend" today of any druggist. Dee as directed and you will then know why mothers for nearly half a century have used and recommended this splendid aid to motherhood.
