Prices on Board of Trade. CHICAGO, March s.—Wheat suffered a staterial setback in value today, chiefly a geocount of a general selling rush that intelpated the government report this atternoon, showing immense domestic cledings still in reserve on farms. The market, although unsettled at the closs, was 2c to the net lower, with May at 1.05,41.00. Corn mished he're down, oats off 146 c and provisions varying from 125c decline to rise of the.

Breaks which began in the price of these as soon as the market opened, were at no time during the session oversome to more than a moderate extent. I was generally conceded that the of-leial total on farm reserves would be well above 200,000,000 busheis, and there was little if any surprise in the actual lagures announced after the market had inseed—311.71,700 busheis. Special significance was attached to the estimate, a predictions were current that increased hipments were now looked for daily room Argentina and Australia.

According to a view prevalent among sears, the virtual halt in foreign buying if wheat in the United States was argely the result of hopes on the part of the Angio-French allies that succession possible the search of the country being forced to make peace. Corn ranged downward in sympathy with wheat, and because of favorable weather for the movement of the domestic crop. Furthermore, traders discounted a hearish crop report from Washington, and responded a little to a decline at Liverpool. CHICAGO, March 8.-Wheat suffered a

The Earle club rooms at Twety-third and N streets will be ine meeting point for members of the Booster club who will give a card party Theraday evening.

Continued moderate supplies and encouraging advices from other markets forced an upturn in inmb values today. The market opened out in good season at a full dime advance, and by the time the bulk of the offerings started to move prices paid looked a fixt be above yesterday. Everything in the lamb line was cleaned up in good season at the advance. A new season is top of \$11.25 was set on both westerns and Mexicans, while the bulk of the desirable offerings sold upwards from \$11.00.

As compared with the size of total receipts the supply of ewes was fairly large, but the outlet continued broad, and most of the offerings sold by the middle of the forenoon sat about be higher prices. Choice fed western cwes, mates of those that sold at \$8.10 yesterday, set a new high mark for the season of \$8.25, and the bulk of the decent to good ewes is a training at \$8.00 and better.
