Sears Will Go Over Testimony Taken in Trial of Art Hauser

Whether or not the evidence and testimony given in the trial of Art Hauser, convicted of the murder of A. H. Smith, was sufficient to prove his guilt, is the point upon which he has a chance for a new trial, it developed during the arguments presented by his attorneys before District Judge Sears, in criminal court.

This single point will be decided upon probably next Saturday morning, after Judge Sears has had an opportunity to read the transcript of testimony taken at Hauser's trial before the late Judge English.

During the discussion, Hauser sat between Deputy Sheriffs Larry Flinn and Lindsey, idly twirling his thumbs and wearing an indifferent expression.

TAKES POISON DRUG FOR COUGH MEDICINE; WILL LIVE

Mrs. Peter Peterson, 1425 North Eighth street, narrowly escaped death about 4 o'clock yesterday, when she took lyeol, mistaking the poisonous drug for cough medicine. As soon as she swallowed the lyeol she became aware of her mistake and the city physician was notified, coming to the stricken woman's rescue just in time to save her from the effects of the slow poisoning.

Dr. Miller, the city physician, who attended her, stated this morning that her condition at present is not serious and rapid recovery is expected.

MANY COWS CONDEMNED UNDER TUBERCULAR TEST

Dairy Inspector Boste reports that 2,071 cows of seventy-five local dairies have been given the tuberculin test and 144 animals were condemned since the first of the year. The last of the tests will be made this month.

Villa Says He Will Pay El Paso Office of Railroad a Visit

Ross Secord of the Missouri Pacific offices in Omaha is in receipt of a letter from his brother, F. A. Secord, superintendent of the El Paso & Southwestern, with headquarters at El Paso, Tex. Therein F. A. Secord tells what Villa asserts that he is going to do in the way of dealing with the railroad.

F. A. Secord for many years was connected with the telegraph department of the Union Pacific. Some four years ago he left Omaha and went to Texas to take the superintendency of the telegraph lines of the El Paso & Southwestern road. The El Paso operates a line of road through Texas, close to the Mexican border, for a distance of some 200 miles.

During the last couple of months Villa, according to Mr. Secord, has been making raids across the border, tearing up the railroad track and destroying the telegraph line. When men have been sent out to make repairs from the Mexican side, Villa's men have taken potshots at them with fatal results.

Now Villa, according to the letter from Superintendent Secord, has sent word to the officials of the El Paso & Southwestern that he is going to destroy both railroad and telegraph lines, and that he is going to get all men sent out to reconstruct or make repairs.
