Ice Gorge in the Platte River at Mercer Breaks Up

The high water and ice gorge in the Platte river that caused the Union Pacific considerable inconvenience Friday in the vicinity of Mercer, east of Fremont, has disappeared. The water has

receded rapidly and is now running evenly in the channel. Railroad officials report that there is considerable channel ice still running in the Platte, but that it is broken up to such an extent that no more trouble is anticipated. Officials assert that so far as the spring freshets are concerned there is now no cause for alarm. Out in Nebraska along the lines of the Northwestern, the Union Pacific, the Burlington, the Rock Island and the Missouri Pacific the streams are practically clear of ice.

We Are "National Florists"

If you have wondered what "National Florist" within a shield which we display in our advertisements, as a sign at our place of business and in various other ways, means, let us tell you. A "National Florist" is ONE Florist in each city co-operating through a central organization to give better service to all who buy flowers and for the welfare of the business generally.

In particular National Florists are established in the various cities to make it easy and safe for you to give flowers to someone at a distance. National Florists are chosen for their reliability and trustworthiness. No matter where you may be, look for the National Florist sign, or look in the telephone book for "National Florist," go there and you will be sure of the best service possible.

We feel not a little proud of the fact that we are the National Florists for this city, and hope that you will take it as still further evidence of the advantage that is yours in dealing with us. Come in and let us tell you about the advantages gained by trading with National Florists.

To Make the Hair Grow Evenly and Luxuriantly

Secrets of Beauty, by Valeska Suratt, Whose Fame as America's Self-Made Beauty-Queen, is World-Wide. BY MISS VALESKA SURATT.

NOURISHMENT and not stimulation is what hair cells and hair roots must have. With this there is nothing which prevent the most luxuriant growth, for hair is persistent in its increase when properly treated. Dandruff remover known as effective and satisfying in quick results as my formula, made by mixing one-half pint of water and one ounce of stonax, which dandruff remover known as effective and satisfying in quick results as my formula, made by mixing one-half pint of bay rum, if preferred, with one ounce of the dandruff remover, and applying it as any drug store. This formula makes a great quantity of hair grower and at the same time it is perfectly unexcited. Dandruff will disappear, your hair will stop falling, take on new life and vigor, and grow wonderfully. It is a real hair restorer, bald thin spots will fill out in short order, and your hair will grow long and silky. Try it.

MRS. R. O. R.—Try my following formula and you will see a wonderful difference in your complexion in a short time. The red spots, freckles and sallowness will be no more, and your complexion will be the envy of your friends, who are using more expensive creams and lots of labor in the effort. In a pint of water, mix one tablespoonful of glycerine and one teaspoonful of rose water. Apply same as talcum powder, but do not mix the two. You will find this will save damage to your gums and the miseries and embarrassments caused by smelly perspiration. Hydrotized talc can be obtained at drug stores. VIRGINIA D.—You can be positively sure of getting rid of those deep lines, crow's feet and wrinkles by using my formula made by mixing two tablespoonfuls of glycerine and two ounces of eptal in half a pint of hot water. I wish every woman in the land, old and young, could know of this extraordinary wrinkle remover. Any drug store will furnish you with the eptal and glycerine. This should be mixed at home. MISS BETTY.—Development of the bust is a problem in many cases. No one can assure you of success. Nevertheless, the following is worth trying, as it is safe and will produce very decided results. Mix half a cup of sugar, two ounces of rice, one ounce of glycerine, and a half a pint of hot water. Dissolve thoroughly and take two teaspoonfuls regularly after meals and at bedtime. UNWARE.—Many use depilatories that harm the skin and that remove the hair unevenly and but partially. I used what I believe is the only successful and harmless method, to dissolve the hair, and not burn it off. Moisten the superfluous hair with sulfo solution, which can be obtained at any drug store. In a few minutes you will see every hair thick and strong. Apply sulfo solution as usual. It can be used on the most sensitive skin without tearing, less menial or causing injury.—Advertisement.
