'MILLIN GETS INSTRUCTION

National Aero Club Sends Check to Cover His Trip to Newport News.

GENERAL HALL ACTS QUICKLY

(From a Staff Correspondent.) LINCOLN, March 13.—(Special.)—Adjutant General Phil Hall of the Nebraska guard received a message from the Aero club in New York asking that he send Captain R. E. McMillin, in charge of the Nebraska aero squad of the guard to Newport News for special instruction in the matter of handling high speed aeroplanes for war purposes.

The message stated that the club was prepared to pay the expenses of eight men for instruction in the Curtis school and decorated Captain McMillin if possible because of his experience in aeroplane flying.

General Hall at once wired back that he had authorized Captain McMillin to proceed to Newport News and this morning received the following wire from the Aero club:

Your telegram received. Your promptness is characteristic of your exceptional efficiency. We wish to compliment you for same. We are mailing you check for \$500 for expenses of Captain McMillin to take course in high power machine, Curtis school, Newport News, Va. If you wish to detail additional officer to go also, shall be glad to add additional \$50 for his expenses. McMillin expenses paid by National Aero club.

In the former telegram the Aero club stated that a sufficient number of experienced aeroplane operators could do inestimable service in the Mexican situation in locating the bands of Villa, and it was necessary to take prompt action. The promptness of General Hall in taking hold of the matter has evidently made a hit with the national club.

Andrews States Position on Prohibition Question. HASTINGS, Neb., March 13.—(Special.)—W. E. Andrews today made a statement of his attitude on the wet and dry issue, with reference to the 1916 campaign.

"If I should be elected to congress and a joint resolution should be presented to the house for a constitutional amendment to establish national prohibition, I would vote for its submission to the state for their consideration and action," Mr. Andrews said.

"I voted for prohibition as against high license in Iowa in 1881. I voted for prohibition as against high license in Nebraska in 1890. In the Fifty-fourth congress I voted to banish the sale of intoxicating liquors from the house and senate restaurants of the capital building in Washington. I voted for county option as against high license in Nebraska in 1910 and, acting in harmony with the settled convictions and practice of years, I shall next November vote for the adoption of the pending prohibitory amendment to our state constitution."

NEW BRIDGE OVER NIORRARA

(From a Staff Correspondent.) LINCOLN, March 13.—(Special.)—"Lopping from the ranks one by one." According to information received by Adjutant General Trimble of the Grand Army of the Republic, the old veterans are dropping out rapidly, not "one by one," as the song goes, but even faster than that.

The records of the pension office shows that during the month of January 3,555 veterans were dropped from the pension rolls because of death, while 2,084 widows were dropped for the same cause. This made a loss on the pension rolls of 5,639 for January.

In February, the shortest month in the year, 5,582 pensioners dropped out, 2,394 being veterans and 3,188 widows; the total for the first two months of the year being 11,221.

This is a large army that General Scott had when he conquered Mexico, or that Washington had in any battle fought during the revolution.

Pretty Dundee Girl for Whom Big Legal Battle is Now Being Waged

This is the little girl for possession of whom a bitter legal battle is being fought in Douglas county district court. She is Katherine Newman-Green, 7-year-old pupil at the Dundee school.

KATHERINE NEWMAN-GREEN.

Katherine now makes her home with Mr. and Mrs. Wilton Green, 91 North Fifty-first street. Given is a well-to-do business man.

Several years ago Katherine's father left her in strange hands and did not return for a long time. Meanwhile Katherine endured many hardships, but finally was taken into the Green home and adopted, not legally, however. Her recent life has been most happy.

Newman is a poor cobbler. He returned from Eugene, Ore., some time ago to claim his little daughter, declaring himself now amply able to care for her.

So attached have the Greens become to little Katherine that they refuse to give her up unless the court so orders. They seek to establish Newman's incompetency, although Newman had numerous affidavits from Eugene, Ore., citizens recommending him.

When the court asked Katherine if she wanted to go to Oregon with her father, the little girl wept and clung to her foster-parents. She said her last recollection of life in her father's home were of beatings administered by a step-mother and insufficient nourishment.

DEATH TAKES VETERANS

Adjutant General Trimble Says the Records Reveal Heavy Loss by Death.

BRITISH LOSSES IN BATTLE WITH TURKS ARE FIVE THOUSAND

BERLIN, March 13.—(By Wireless to Sayville.)—The losses of the British forces in Mesopotamia in the recent battle near Fellahie are estimated by the Turkish war office as at least 5,000. The Turkish statement of March 13 adds:

"In Arabia, on the Yemen front, 6,000 British infantry, supported by 800 cavalry, started on January 12 from Shehooosum, north of Aden, and occupied Afisch. They attacked the Turkish vanguards with superior forces, but were stopped by a counter attack. After three hours the enemy withdrew. Only the protection of long range artillery averted a panic.

"The enemy then offered resistance at El Emehale, south of Afisch, in positions prepared in advance, but was forced by Turkish troops to retreat into the fortified camp of Chiekh Ouman under the protection of the cannon of ships anchored in the Gulf of Aden. The Turkish destroyed the town and fortifications of El Emehale and captured supplies there."

My Method of Business

I claim it is better for all of us to pay cash at half the usual price than the plan of running bills. Every merchant in Omaha will tell you they could sell you cheaper if everybody paid cash. Now my plan is to charge ONE-HALF of what you have been paying and collect it cash.

Many doctors will object to my newspaper ads, but I hold it is just the same as any other business, in letting the people know who and where you are and what you have to sell. All doctors get advertising in certain ways, and some are very handy to see that their name gets to the papers, for which they claim they are "Ethical." I am unethical, and for one reason only, I buy and pay cash for my newspaper space. I hope you all know the difference now since I have explained it so fully.

My business is clean and honest in every respect, and I have been in consultation with many of the Omaha doctors in the past, and have been just to their liking up to this time, but now since I advertise some of them will not speak as they pass by.

You will notice that I offer you no bait, consultation free, or sure cures to get you to my office to rope you into a contract to cure you or to treat you by the month. I only want you to know that I as a stranger to most of you have located in Omaha to practice my profession, to tell you my name, where I can be found and what I have to sell. I hope to impress my name and the honesty of my business upon you so you will visit me when in need of a doctor, and by my square dealing with you I will try and keep you as a friend and patient, and through such friends I will soon have no more use for newspaper advertising. IT IS UP TO ME TO DELIVER THE GOODS or you won't be back.

ANOTHER THING—I do not send you to the specialist or the druggist, all of which are a part of the system to extract large fees. My office is equipped with all the latest appliances to treat disease successfully, and I try to keep myself up to the times for the latest and best treatment of mankind. I MAKE ONLY ONE OFFER, and that is truthful, careful consideration of every case that comes to me, and based on an experience of nearly twenty years, it is as good as anyone can offer.

REMEMBER THIS POINT—I have no bargains, or contracts to offer, no new discovery or special system, as some "Quack" offer. I claim no special skill over many Omaha doctors, for I know many fine doctors in Omaha, and no city has any better. I claim my plan is different than the other doctors, as everybody pays cash each time in the office, but they will pay but \$1.00 in most cases, and I include the medicine. I have no trick to make against the Omaha doctors, but I intend to make a scrap for myself. I am in this business alone, as I have no company of doctors or students doing my work for me. I have been busy all my professional life and expect to be busier. I am waiting for you to call if anything ails you. Come up and we will go over your case, the cost will be \$1.00 in most all cases. A few cases who need lengthy examinations or office treatment will pay slightly more. MEDICINE FURNISHED IN ALL CASES.

DON'T YOU THINK ALL THE GRAFT IS TAKEN OUT OF MY PROPOSITION? Special care given to diseases of women. Lady attendant. Surgery prices arranged in advance.
