NEW YORK, March 16.—Manipulation was a more obvious feature of today's irregular market, various specialities being lashed into furious activity at times, while standard stocks were barely steady or backward. United States Steel led the

while standard stocks were barely steady or backward. United States Steel led the erratic movements, advancing a point to St4, its best quotation for the present period, but receding later in common with other prominent issues.

Crucible Steel was a second to United States Steel in point of activity, but extremely feveriah, rising 6 to 59% and falling back, closing at 59%. Other conspicuous features included American Can, Westinghouse, Kennecott and Inspiration Coppers, Mexican Peroleum, Baldwin Locomotive, American Rmeiting and Keading, all showing gains at various times, but forfeiting much or all of their advantage in the uncertain and confused dealings in the final hour.

Rails in general were a negligible factor, aside from Canadian Pacific, which fell 3 points to 165%, son after announcement of the loan by our bankers to the Dominion of Canada, but retrieving some of this later. Reading and Western Maryland were active and strong at the outset in connection with restorday's rumors of Rockefeller buying of the first named sharea, but failed to hold.

Motors, sugars and Mexicans were in the forefront at intervals all at substantial advances, but these for the most partielt the force of moderac pressure. Three new records wer scored, American Sine rising 2 to 21; south Porto Rico sugar, 3 to 158, and Inspiration, 1 to 49% Bethlehem Steel, after making a small loss at the opening, ended with a net advance of lift, at 539.

Total sales of stocks amounted to 956,000 shares.
