ONE MAN IS SHOT AS POSSES CLASH

One Dope Smuggler Captured Near Honey Creek and Officer Hurt in Fight. MISUNDERSTAND AS TO IDENTITY. Walter Reis of Crescent City, Ia., was shot in the chin while acting as deputy sheriff in the pursuit of two dope smugglers late yesterday afternoon, by a member of a posse from Honey Creek, Ia., which was also in pursuit of the men. The injury is not great, however, and his rapid recovery is predicted. For the last two or three days two men have been watching the Honey Creek depot, according to reports from Deputy Sheriff McKeown of that place, their actions finally becoming so queer as to arouse the suspicions of that officer. Yesterday morning it was learned that the two men had obtained a package containing dope from the express office at that place and had left in the direction of Council Bluffs. Posse in Pursuit. The deputy then organized a posse and started in pursuit of the men, telephoning Crescent City authorities the particulars of the case and ordering them to stop the men if they came that way. Accordingly the Crescent City deputy also formed a posse and started to look for the men. By the time the Crescent City officers had got fairly under way the Honey Creek men captured Mike Danato, one of the men, the other, his partner, getting away. The officers who captured the men then started for Council Bluffs to place him in the county jail when they met the Crescent City posse who ordered them to halt. Fire Into Each Other. Thinking that these were confederates of the captured man the officers opened fire which the Crescent City men returned with the result that Reis was shot in the chin. As soon as the men recognized one another the battle ceased and the prisoner was hurried to the jail at the Bluffs, where he was searched, the officers obtaining a large quantity of morphine from his person in boxes stamped from Kansas City. Danato says his home is in Omaha and refused to tell the authorities the name of his partner.

Miss Holbrook on The Evolution of Races of Mankind

Evolution of "race" ideas was traced by the lecturer, Miss Isabel Holbrook, in her theological talk last evening on "What Will Come Out of the Melting Pot?" The laws, periods and problems found in the evolution of an individual man are to be found likewise in the evolution of a race," said Miss Holbrook. "In our own branch of the Aryan race, which includes the north European nations principally, we reach that time of the development of the mind principle which makes for individualization, separatism, egotism. Conflict comes between the selfish tendencies of that stage and those higher qualities which would lead to onward progress and uplift by sacrifice, by synthesis, by brotherhood. No doubt, out of the ashes of the present European struggle will rise, Phoenix-like, the fair and powerful structure of a great world empire, one greater than that of Rome or Athens, more extensive than that of the Egypt or Persia or India of old."

The telegram was sent from Presidio by Venesiano Garcia, a brother of the head cattleman on the ranch. The cattleman escaped when Visconti was murdered and made his way to Ojinaga, where he communicated with Venesiano Garcia. Visconti's ranch was 75,000 acres in extent and located 120 miles south of Ojinaga and about an equal distance south of Chihuahua City. The bandits who murdered him seized his cousin, Juan Bilbao, a Spaniard, on his ranch sixty miles southwest of Encinillas, a week previously and held him for \$1,500 ransom, which was paid from El Paso.

YOUNG MEN ADMIT STEALING AUTOS

Found by Police in Florence Pumping Station After All-Night Joy Ride. WERE EXPERTS AT MECHANICS. Local police solved recent auto thefts yesterday morning when they succeeded in capturing William Davis, 1512 North Twenty-eighth, and John Evans, 1506 North Twentieth, with an Overland car belonging to A. J. Morris, 2503 Bristol, in their possession. Upon arrival at the police station the young men confessed to several of the recent thefts, explaining how they had succeeded in evading the officers up to the present time. Mr. Morris' car the last of the series of autos taken by the two men was left by the owner in front of the Brandeis theater building last Saturday evening about 5 o'clock and at 10:30 o'clock was missed. The young men said they took the car about 9 o'clock and went for a joy ride, covering a large part of the city before they finally landed at the Florence pumping station Sunday morning at about 5 o'clock, where they went to get warmed, they said, and accidentally fell asleep on benches in the hallway of the building. The police were finally notified, and the emergency car was sent to the scene manned by Officers Armstrong, Emory and Kennely. To the officers the men denied having anything to do with the car which they had left on the drive in front of the pumping station, but finally admitted the theft and were taken to the station. Employed at Shops. Both Davis and Evans are employees of the Union Pacific shops, according to police reports, and they themselves admitted their familiarity with the different makes of autos and their operation. "No car can be looked so that I can't start it," said one of the men. Without exception the reports given of the stolen cars to the police, stated that when left by the owners they were locked. Other cars taken by the pair have been found about the streets in little damaged condition. They are held on the charge of larceny of automobiles.

Premier Film is Staged in Omaha

Feature Film of the Woodmen of the World Shown to the Fraternal Officials. The "premier" of the first production of the Fontenelle Moving Picture company, Omaha's new film producing concern, was shown yesterday afternoon in the projecting room of the studio in the National building, Twelfth and Harney streets. Said to be the only film producing company between Chicago and the Pacific coast, the Fontenelle concern has been at work for several weeks on its first production, a six reel feature, "Are You a Chopper." The picture was produced under the auspices and with the co-operation of the Woodmen of the World. The first showing of the picture in the studio was attended by officials of the Woodmen of the World, members of the producing company and several invited guests. All the scenes in the production were made in the studio and in and about Omaha. A well-acted comedy-drama exploiting the fraternal order and the work it does runs through five reels of the picture. The sixth reel shows officials and employees of the national headquarters of the order at work in the offices in the Woodmen of the World building. Scenes in and about the building and on downtown Omaha streets also are incorporated in the picture. Ritualistic work of the Woodmen of the World is shown to the public for the first time in the history of the order in this production. The next production of the film company will probably be one with the co-operation of the Federation of Labor. A. Durran, who was with the Pathe people for several years, is the producing manager of the new film concern.

Big Eaters Get Kidney Trouble Says Authority

Take a tablespoonful of Salts to flush Kidneys if Back hurts. Omit all meat from diet if you feel Rheumatic or Bladder bothers. The American men and women must guard constantly against kidney trouble, because we eat too much and our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

He sustained many cuts and bruises around the face and head besides a fractured skull. Hopes for his recovery are entertained though at the present time he is in a critical condition. LONG BEDRIDDEN, ON HIS FEET NOW

Tanlac Gives Remarkable Relief to Man Unable to Walk for Nine Weeks. Naturally He Praises it! Relief from pain that had kept him bedridden for nine weeks was the splendid tribute paid to Tanlac yesterday by J. S. White, the well-known real estate dealer, of 215 P street, Omaha. Tanlac really became Mr. White's business partner, because a master medicine it proved possible for him to get back "on the job" just at the busiest season for the men who deal in houses and lots, new homes and spring rentals. Professional and business men are among the heartiest supporters of Tanlac, for their mature judgment makes them especially well able to judge fairly and give a clean cut verdict. "Rheumatism and lumbago kept me in bed for nine weeks," Mr. White explained. "Why, the pain in my legs and feet was so severe that it actually forced me to stay in bed. I tried to walk, but I was compelled to give up the attempt. I was always looking for relief, as we sufferers do, when Tanlac was called to my attention and I decided to give it a trial. "I was not only gratified, I was surprised, for from the very first bottle the pains began to diminish, and now, after taking five bottles, I am up again. All the pains have vanished. Of course, I feel good. And I am recommending Tanlac." Mr. White added, "because it has done me good." Tanlac now is being specially introduced in Omaha at the Owl drug store, 14th and Harney streets.

Attention—Druggists

An exclusive Tanlac agent is wanted in every town, village and cross road in this county. For particulars address Cooper Medicine Company, Dayton, Ohio. TODAY'S BEAUTY HINT It is not necessary to shampoo quite so frequently if your hair is properly cleansed each time by use of a really good shampoo. This shampoo to use and quick-drying shampoo that we can recommend to our readers may be prepared very cheaply by dissolving a teaspoonful of carborax, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick lather, soothing and cooling in its action, as well as very beneficial to scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Advertisement.

Doctor Says Nuxated Iron Will Increase Strength of Delicate People 200% in Ten Days

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney diseases or some other ailment when their real trouble was lack of iron in the blood.—How to tell. New York, N. Y.—In a recent discussion Dr. E. S. Lamer, Specialist, of this city said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into these tissues and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like ours through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is hardened with unhealthy fat; some are weak; they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless but all lack physical power and endurance. In such cases, it is worse than foolhardiness to take stimulating medicines or narcotic drugs, which only whips up your fraying nerves for the moment, maybe at the expense of your life later on. No matter what anyone tells you, if you are not strong and well you owe it to yourself to make the following test. See how long your own work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron from three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the time double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron scales, etc., often raised people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the new form of organic iron all this has been overcome. Nuxated Iron for example, is pleasant to take, does not irritate the teeth and is almost invariably beneficial.
