## CHINESE STUDENT IS STAR DEBATER

Fred Lam, a Chinese student from Honolulu, is making an enviable record for himself at Creighton college. With Elias Nollsetta, he won the debate held this week in Creighton Oratorical society. Fred has the distinction of never having lost a debate. He was an ardent competitor for a place in the recent Creighton oratorical and carried off high honors in his class. He is also an accomplished performer upon the native ukulele and took part in the Creighton Glee club concert. The society holds debates every week, and Fred is an active worker in it. The subject this week was...

## Why Tolerate Catarrh?

You have noticed, no doubt, that any cold aggravates nasal catarrh, and the flow of mucous amazes you that such objectionable matter could find lodgment in your head. To ignore this catarrh when the cold subsides is wrong because it continues to slowly injure the delicate linings of the nasal passages and clog them up. To correct catarrh, cleanse the nostrils frequently with a solution of warm water and salt, insert vaseline on retiring, and take a spoonful of Scott's Emulsion after meals for one month. Scott's acts through the blood to feed the tissues, and contains soothing glycerine to check the inflammation and heal the sensitive membranes. Scott's is pleasant to take. ## MORGAN GIVES HIS VIEWS OF EXISTENCE

Says There Are but Three Times When a Woman's Name Should Be Published.

## DEBUTANTES MAKE IT FOUR

By MELLIFECIA—March 24. Every time makes its own events. The present Mr. J. Pierpont Morgan says there are three times in a woman's life when her name may appear in the papers, marking the only three events which a woman may have in her existence; and these events are, according to Mr. Morgan's lights—when a woman makes her debut into society, when she is married and when she dies. It all quite goes without saying, when giving Mr. Morgan's view, that neither his mother and especially not his sister, the great social worker, Miss Anne Morgan, agree with the head of the house. The present year in Omaha has created a new event in the lives of girls whose names are a part of the make-up of the social page. The event itself is nothing more nor less than--scarlet fever. Yesterday afternoon at a very charming little tea for the younger set, three girls, lately out of quarantine, were seen in public for the first time since their illness. Talk of returning brides! The "quarantines" were the target of all interest, absolute heroines of the situation and the affair. The girls themselves, Miss Frances Hochstetler, Miss Ida Darlow and Miss Harriet Metz, showed the same solicitude, inquiry and general interest in one another as did the guests and the hostess. Poor old Mr. Morgan--it is a wonder how he might accept quarantine should some persevering germ ever manage to break into his secluded Long Island home!

## CREIGHTON SCHOOL OF DENTISTRY RANKS HIGH

The report of the National Association of Dental Examiners, which has just been issued, contains some interesting information relative to the state board of examinations. It lists fifty-eight dental colleges in the United States, and tabulates the results of the examinations of their graduates during the last six years. The average per cent of failure is 16.2 per cent. Of all the colleges, which presented at least 100 graduates to be examined, the smallest percentage of failures, 5.1 per cent is recorded for Creighton; 130 graduates were examined and only four failed on their first trial. The honor roll of the larger colleges, with percentages of failure, is as follows: Creighton on verity, 5.1; Washington university, 5.2; University of Michigan, 5.5; Ohio State university, 5.8; Tufts college, 5.4; University of Iowa, 6.2.

## VISITORS FLOCK TO BIRD EXHIBIT

Miss Helen Bennett, Chicagoan, Praises Omaha's Progressiveness in Assembling Collection.

## SEROY GETS A "WREN HOUSE"

"A boy who loves birds usually is a pretty good sort of a boy," remarked Chief of Police Dunn as he viewed the bird houses in the public school exhibit which is being held in the city council chamber. The chief praised the work of the boys and the efforts of the manual training teachers. Miss Helen M. Bennett, manager of the Chicago Collegiate Bureau of Occupation, was another visitor. She said: "This is the best exhibit of the kind I have seen. Omaha is taking a forward step in this direction. I am taking some ideas back with me to Chicago and feel that I profited by my visit to the bird house collection. I really was surprised at the scope and excellence of the bird houses. Everybody in Omaha should visit the exhibit." L. H. Unglesby, supervisor of music in the public schools of Franklin, O., also was a visitor, and he, too, offered words of praise. Among Omaha women who visited the exhibit were Mrs. George A. Joslyn, Mrs. M. T. Barlow and Mrs. Lowrie Childs. The exhibit will be open until 3:30 o'clock this evening and on Saturday from 9 a. m. to 5 p. m. Frisk is "Go-Between." An amusing incident occurred Thursday, when E. J. Seroy, a city hall employe, impounded Arthur Frisk, guard of the exhibit, to get him a wren house. Mr. Seroy appeared to be quite serious about it. "Suppose somebody should see me," interposed Mr. Frisk. The guard agreed to place the bird-house at a certain place in the city hall at 5 o'clock in the afternoon. When Mr. Seroy reached home he unwrapped the coveted package and disclosed before his expectant wife two old cigar boxes stuffed with rubbish. Mr. Seroy has lost interest in bird house exhibits.

The campaign was initiated Wednesday with a meeting in the Fella church, North Thirtieth and Corby streets. A large audience, filling every seat in the church, attended.
