MAY BUY SEVERAL MAKES OF TRUCKS

Five or Six Fire Machines May Be Purchased from as Many Different Companies by City.

COUNCIL VERY MUCH UP IN AIR

In connection with the city purchasing new motor fire apparatus, there is a possibility that five or six machines will be bought of as many companies, and this apparatus given tests during the year, and further purchases made upon the result of the experience thus gained.

This proposition will be made by one of the city commissioners at the regular meeting of the city council Tuesday morning.

City Commissioner Withnell, who is superintendent of the fire department, states he will stand by the recommendations of the chief of the fire department and the city purchasing agent. The chief has repeatedly stated he is for standardized equipment, whatever the make may be.

Going Over Bids.

Purchasing Agent Grotte is still going over the ten bids recently opened. He finds a number of instances wherein bids do not conform with the city's specifications.

The city officials are very much up in the air on the whole proposition and none will hazard a guess as to what the final outcome will be.

There is money available for eleven machines this year and it is expected as much money will be available next year and several succeeding years.

The Strange Case of Mary Page

By Frederick Lewis, Author of "What Happened to Mary" :: Pictures by Essanay

SYNOPSIS.

Mary Page, actress, is accused of the murder of David Pollock and is defended by her lover, Philip Langdon. Pollock was intoxicated at Mary's trial she admitted she had been with him. She testified that Mary threatened Pollock with a pistol and that she had fired the shot.

"That was on the same street as the Hotel Republic, is it not?" "Sure! And it's but two doors away, and what wild the dance and the music goin' on there, and the phonograph at the club back, 'tis never a quiet moment we had the whole night through."

"But your duties at the boarding house kept you up pretty late, anyway, didn't they?" "Sure, an' they did then. What with hot bread two days a week, and my cake-bakin', I set up every night till 'most cock-crow."

"Now, Kate, Langdon's voice was very friendly, almost coaxing, in fact. 'I want you to tell me if you ever went out into the alley or street that ran back of the boarding house late at night.'"

"Go on, wid you!" she retorted, bridling. "Didn't I tell you that?" "I know you told me, but I want you to tell the court. You had a friend who was watchman for the block, didn't you? Denny by name?"

"He was not me friend, he was me finance!" she responded with dignity. "And some nights when it would be cold, and I had made myself a sup of hot tea or maybe coffee, I would take a bit out to Denny. It's weary work watching houses in the dark."

"Of course, your mistress knew nothing of this?" "Sure, and what would I tell that old enoopin' devil for? It weren't none of his business!"

"On the night when David Pollock was shot in the Hotel Republic, you had been up late, had you not?" "Yes, sor, I had set the dough for bakin', and seen' as how the fire was hot, I thought I'd fix up a bite for Denny when he'd his rounds."

"Will you tell us please, what you saw when you went to the back gate with the—er—bite for Denny?" (To Be Continued Tomorrow.)

Police to Enforce Auto Parking Rules

Chief of Police Dunn announces that beginning next Friday the proper parking of automobiles in the downtown districts will be enforced by the traffic squad.

On streets designated by white lines automobiles must be parked in the center of the street and at other locations of this district a maximum of thirty minutes is allowed for parking at the curbs.

Next Friday will be April 1, but the chief says this will not be a joke.

Avoid All Meat if Kidneys and Bladder

Uric Acid in meat excites Kidneys and irritates the Bladder.

Take Salts at first sign of Bladder weakness or Kidney-Backache.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is innocuous, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which quickly relieves bladder trouble.—Advertisement.
