DR. WAITE BLAMES "LITTLE BAD MAN"

Dentist Says He Has Dual Personality, Wicked One of Which Impelled Him to Murder.

JUST WOULDN'T LET HIM BE

NEW YORK, March 28.—Statements indicating that he believed he was possessed of a dual personality, the wicked one of which impelled him to murder John E. Peck of Grand Rapids, his wealthy father-in-law, and Mrs. Peck were made by Dr. Arthur Warren Waite to District Attorney Edward Swann and a detective tonight.

"Oh, it is all over. He did it. This little bad man whom I haven't been able to get rid of until now—he did all. Clara (Mrs. Waite) knows how I have tried to get rid of him. I don't know who he was—he told me he came from Egypt."

Tried to Throw Him Off.

Roy W. Schindler, a detective, who visited Waite just before Mr. Swann arrived, declared the young dentist told him about the dual personality, asserting that he sometimes was so obsessed by the "bad man" that he would run around in the park to throw off the inclination.

According to Schindler, Waite told him he administered live bacilli of various diseases to Mrs. Peck, but they did not act as quickly as he expected. He said also, the detective averred, that he fed germs to Peck, but when the results appeared to be "unsatisfactory" he gave arsenic to his father-in-law. Both Peck and Mrs. Peck died at Waite's apartments here, Mrs. Peck on January 30 and her husband on March 12. Autopsies on the body of Peck disclosed quantities of arsenic. Mrs. Peck's body was cremated.

Just Innocent Flirtation.

Mrs. Margaret Weaver Horton, who shared a "studio" with Waite at a hotel here, was questioned at the district attorney's office the greater part of the day. Mrs. Horton declared her acquaintance with Waite was "just an innocent flirtation."

Mr. Swann amplified tonight what he said Waite had told him in regard to his "alter ego," which he called "the other fellow."

"I have never seen him," Waite is said to have declared, "but I have heard of him. He was born in Egypt in the present life, but lived in other ages. All my evil inclinations came from him. Because of him I often told Clara I wanted to be alone. Until now I have always felt the influence of my alter ego, but feel free now. I feel that for the first time I have cast him off and my mind is at rest."

DROWSY LOOKOUT AND FOG BLAMED FOR TRAIN WRECK

(Continued from Page One.)

The railroad officials as the cause of the disaster. The towerman, it was said, had been without sleep most of the time since Sunday night, his wife being ill and requiring his attention when he was not on duty.

When the half dozen investigations already under way are concluded, the blame will be fixed.

W. F. Schaff, district superintendent of the New York Central lines said today:

"The towerman can have nothing to do with the cause of this wreck. The explanation lies between the engineers and the block signal system.

"We tested out the block signal system this morning after the wreck and found it was working perfectly. After the wreck, Engineers Hies and his brother, A. H. Gates, with brakeman William Blakeney of the Twentieth Century Limited walked back to the signal which they drove by. They all said they found the signal was red, or blocked then."

Scenes of Confusion.

Scenes of confusion followed the collision. Many of the injured, pinioned in the wreckage, called for help as uninjured passengers half clad, emerged from the wreck. Engineers Hies and his brother were the first arrivals and succeeded in putting out a fire which started in the one wooden coach on train No. 56, now known as the "death coach," because of the fact that most of the fatalities occurred in it.

The wreck occurred shortly after 2 a. m. and it was near 4 o'clock when

something like organized relief work was begun.

Hospitals in Lorain and Elyria tonight were filled with injured from the wreck and it was believed generally the death list would exceed above thirty, the first figures announced.

De Heroic Work.

Hospital trains were run from Cleveland, Elyria and Lorain to the scene of the wreck and physicians and ambulances were rushed from all of these points. Hundreds of villagers and firemen from Amherst and vicinity did heroic work in caring for the dead, dying and injured. Most of the dead were mangled beyond recognition.

Many of the dead probably will go to their graves unidentified. Most of those killed were asleep in the rear coach, of the first section of No. 56 at the time of the crash.

Nude Bodies Horribly Mangled.

The bodies of many of these scantily clad victims are so horribly mangled that identification without the guidance of their clothing will be impossible.

Some of the victims were decapitated. Arms, legs and portions of human bodies were scattered thickly through the wreckage.

CARRANZA GRANTS USE OF RAILROADS

Supplies May Be Shipped to Mexican Firms with Which Army Has Contracts.

WILL FACILITATE THE PURSUIT

WASHINGTON, March 29.—General Carranza has agreed to permit the movement of supplies to the punitive expedition in Mexico over the Mexico-Northwestern railroad. The supplies will go as commercial freight to concerns in Mexico with which the army has contracts.

The permission for use of the railroad is not granted in a military sense and does not cover the movement of troops, for which the American army has not asked. It will, however, enable General Parshing's force to get supplies in abundance in a country where motor truck trains cannot carry them and will thus aid immeasurably in the pursuit of the Villa bandits.

Physicians in Consultation—Kidney Trouble Overcome

In April, 1914, I was attacked with Kidney and Bladder trouble and suffered great pain and was confined to my bed for two months. I was attended by physicians and was patched up and went back to work, but continued to suffer more or less, until about the 15th of December, 1914, when I called in two prominent physicians, who held consultation over my case and announced that an operation was necessary, that my right kidney would have to be removed. At this point my Brother-in-Law, who lives at Texarkana, insisted that I try Swamp-Root, which gave him relief. I began taking Swamp-Root at once, and from the first bottle I have steadily gained in weight from 120 pounds to 170 pounds in six weeks' time. I feel good, have a good appetite, sleep well; in fact, I feel like myself again. In the consultation of my physicians they used an X-Ray, and gave me a most rigid examination. I most cheerfully recommend Dr. Kilmer's Swamp-Root to sufferers from Kidney trouble.

W. W. ROSSON, Pelican No. 1, Tyler, Texas. 305 W. Lollar St. We hereby certify to the above facts, and that we sold the Swamp-Root to Mr. Rossion, as testified to therein. ODOM DRUG CO., T. L. Odom.

Personally appeared before me this 15th day of February, 1915, W. W. Rossion and T. L. Odom, who subscribed to the above statement and made oath that the same is true in substance and in fact. H. H. HODGER, Notary Public, Smith County, Texas.

TODAY'S BEAUTY TALK

You can make a delightful shampoo with very little effort and for a very trifling cost if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. Your shampoo is now ready. Just pour a little at a time on the scalp and rub briskly. This creates an abundance of thick, white lather that thoroughly dissolves and removes all dandruff, excess oil and dirt. After rinsing, the hair dries quickly, with a stiffness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Advertisement.
