ADMIT STEALING SEVEN AUTOS HERE

Two Men Arrested in Lincoln Tell of Selling at Columbus Ma-

chines Stolen in Omaha. RAISED \$1,000 BY THE THEFTS

Pleading guilty in the justice court of Justice Stevens in Lincoln to the charge of stealing an automobile late Thursday afternoon, Ray D. Perry, alias J. B. Jackson, and Michael McNamara were given the third degree by officers of that place and finally confessed the theft of seven automobiles, most of which they state they took in Omaha, ac cording to reports received at the local station yesterday morning.

The last of the series of cars taken by the men from this city, and the one in which they were riding at the time of their arrest, was that of Charles Gammon, 1409 North Forty-first street, the car having disappeared from in front of the Empress theater last Saturday even-

on stolen cars, though at the time of their arrest they had no money on them. On being asked as to what they did with the money they merely stated that they had spent it in riotious living.

One of the cars which they took from this city they sold to a banker in Columbus, another to a farmer near that place Columbus being the trading center from which they directed their efforts.

Passengers Upon the Wrecked China Liner Taken to Hong Kong

HONGKONG, March 31.-Passengers on the Chiyo Maru were brought to Hongkong today by a British destroyer. Charles Rush, an American who was a passenger, said all the passengers were asleep when the steamer struck, but life-

boats containing all the passengers were

launched successfully before the arrival of a British destroyer. "When the steamer struck," Mr. Rush said, "the engines were reversed immediately. Two other shocks followed, the ship rising higher on the shore each time. rushed up to the deck of the vessel,

which was listing. "A wireless call for assistance was sent out and a British destroyer which was in the vicinity came toward us at full speed. There was a heavy swell and oil was poured on the water.

"There were 185 first-class passengers, 31 second-class and 83 Asiatics. All behaved admirably, proceeding in the most quiet and orderly manner to their stations at the lifeboats. The launching of the lifeboats, provisioned with water and biscuits and containing all the passengers, was accomplished successfully before the arrival of the destroyer, which picked us up and brought us to Hongkong."

The scene of the accident is twenty-

Daniels Urges Need of diana and meetings.

WASHINGTON, March 31.—Secretary tral City visited the first of the week at Daniels today told the nouse naval con mittee that if congress passed pending bills, a large part of the navy's oil reserve lands in California would be taken away. Unless an adequate oil supply at reasonable prices could be assured, he said, it was questionable whether the construction of oil burning warships could be continued.

Secretary Daniels urged that the bill include the purchase of 232 acres of land from the city San Diego, Cal., as a site for a marine submarine base.

Taking up the building program Mr. Daniels made public for the first time the report of the navy general board of 1968, which was designed to keep the, United States navy in second place.

'If it had been carried out," he said "we would have had twenty dreadnoughts and ten battle cruisers by 1919. It would have placed us superior to Germany at the beginning of the present war. We kept in second place to England up to 1909, when we dropped back and Germany took second place.

Mr. Daniels took up in detail his recommendations for a five-year building program, saying the value of battle cruiser. was still disputed among navy officers. The general opinion in the navy, however he added, seemed to be in their favor, but not to the exclusion of dreadnaughts Therefore the secretary said he had in cluded six battle cruisers in his pro
