Today's Movie Program classified section today. It appears in The Bee EXCLUSIVELY. Find out what the various moving picture theaters offer.
Delegates Go West—Two carloads of delegates to the American Society congress, to be held at San Francisco, went west over the Northwestern-Union Pacific Tuesday night.

Uncanny Look on Veterans' Faces

(Correspondence of the Associated Press.)
PARIS, Nov. 5.—Throughout the ruined villages of northern and eastern France, small one-story unpainted pine houses have appeared like mushrooms overnight. Serrano-less-bains, which had not a building left standing after the Germans were routed, today possess tens of these minute bungalows, with six more in process of erection.

Club Would Have Roads Meet Here

The Omaha Commercial club wants the intersection of the Jefferson Highway, which is the proposed Winnipeg-to-New Orleans road, and the Lincoln Highway to occur in Nebraska, preferably at Omaha. As a result the club has designated Randall K. Brown, Robert Manley and J. D. Weaver to attend the Jefferson highway meeting at New Orleans next Monday and Tuesday for the purpose of persuading the highway officials to place Omaha on the route.

Conditions Reported On Mend in Mexico

WASHINGTON, Nov. 9.—Conditions in Mexico are improving and there are signs that give hope for a gradual return to order and prosperity there, according to a summary of advices from various parts of the republic made public tonight by the State department.

MOSQUITO HAS CRUISING RADIUS OF FIFTEEN MILES

NEW YORK, Nov. 10.—It would cost New York City \$385,000 to kill off the mosquitoes within its boundaries, according to an estimate of the Board of Health submitted at a public hearing today of the public health council, which is considering methods of ridding the city of the pest. This estimate was estimated on the drainage of all swamp lands in the metropolitan area, of which there are 35,500 acres.

C. E. Blanchard, postmaster at Blanchard, Cal., writes: "I had kidney trouble so bad I had to go to the hospital. Foley Kidney Pills were recommended to me and they completely cured me. I cannot speak too highly of them. Differences in every state have had similar benefits from this standard remedy for kidney and bladder ailments. It banishes backache, stiff joints, swollen muscles and all the various symptoms of weakened or diseased kidneys. Sold everywhere—advertisement."

FINDING RETURN CAPITAL EXPECTS

Electric Light Rates Subject Upon Which Hearing Held at Commercial Club.

HOWELL WITH BLACKBOARD

"A fair rate of return for public service capital," was a subject that sounded innocent enough. The special electric light committee of the Commercial club invited a half dozen organizations of the city to meet them at the club rooms last night and give them suggestions on the above subject.
Innocent enough was the subject. But R. Beecher Howell was there. Naturally the discussion gyrated around until it became largely an exaggerated exposition by Mr. Howell himself as to how the water works plant is being run and what savings it has made the people.

On Tuesday the fact that the chairman called into the minds of the audience of fifty or more than Mr. Howell hung a blackboard on the wall and showed his figures on the water plant's cost of operation, depreciation fund, questionable accounts fund, sinking fund, and interest charges. Nor did the chairman call him down—no one. He even asked questions himself, and encouraged others to ask questions, just as though the fifty busy business men had come out in the cold to discuss the water plant instead of the electric light plant.

Even at that, the chart Mr. Howell had prepared with his own hands contained an error in addition of \$301,000. His attention was called to this by Frank H. Myers of the committee. Mr. Howell corrected it, and later explained that the total was correct, but in copying the figures from his brief he had neglected to insert one of the items which would have made the balance.

When T. J. Mahoney asked the water commissioner whether in determining rates and fair returns, a private corporation should be allowed to build up a large a depreciation fund as the Metropolitan Water District had done, the water commissioner was not definite and clear in his reply.

How They Mate in The "House of David"

ST. JOSEPH, Mich., Nov. 10.—Inner secrets of the House of David, a religious sect, were stated today by Mrs. Augusta Holliday, who testified in her own behalf in her suit for \$85,000 damages for alleged criminal slander against Joy Purnell, son of "King" Benjamin Purnell, head of the cult.
The "king's" method of conducting the courtships of the men and women of the House of David, she said, was simple and direct. Each girl and each man wrote her or his name on a slip of paper and then there was a drawing. Mrs. Holliday said the drawing became confused and she protested. There was a second drawing in consequence, she said, and she drew Allen Holliday.

American Soldiers On Border Fired On

BROWNVILLE, Tex., Nov. 10.—Private Madden of Company C, Twenty-sixth United States infantry, and seven other soldiers were fired on twice from the brush near La Feria, ten miles from here, Monday, according to word reaching Fort Brown today. Three fingers of Madden's left hand were shot away.

Much Grain Through Locks.

SAULT STE MARIE, Mich., Nov. 10.—The greatest amount of grain ever put through the locks here in one operation was hauled today when the steamer Grant Morden, carrying 45,000 bushels of wheat and the Snyder, Jr., with 40,000 tons of lumber, passed through. The Snyder's load was a record for freight lakes wheat cargoes.

Be Loyal To Your Stomach and you are sure to be well rewarded. You will enjoy your meals, the appetite will be keen, the digestion will be good and the action of the liver and bowels will be normal. This really constitutes good health. But, there will come a time when weakness is manifested, when help is needed promptly; then you should take

HOSTETTER'S STOMACH BITTERS It soothes and strengthens the entire digestive system and is bound to help you very materially. A 60 years' record is back of it. TAKE A BOTTLE HOME TODAY

Music Opens Up Common Ground In Many Tongues

The music department of the Omaha Business Women's club gave its first open meeting at the Young Women's Christian association auditorium last evening when a program was presented to the members and their friends. Thomas J. Kelly, who is well known as a musical lecturer as well as a professional musician, gave a talk, "Music as a Foreign Language," and a short musical program was given by the Messos Vers Jane Beats and Martha Green, with Mr. Kelly accompanying.

In the songs both young women displayed beautiful voices used in an artistic manner. At the close they were heard together in the flower scene from "Madame Butterfly," in which their voices blended harmoniously and with convincing result. Mr. Kelly was a splendid accompanist.

In the talk, "Music as a Foreign Language," Mr. Kelly drew a close analogy between the study of music and that of a foreign tongue. As it is necessary in order to understand a foreign language to learn to listen to it as well as to learn to speak it, so is it the same with the study of music.
As in the study of a foreign language the person studying can not gain much by being always accompanied with an interpreter, so also in music it is necessary for the student to give something of himself in effort and interpreting or he can not learn its language. Really to study a foreign language one must also travel not only through the country, but in it.

Italian Ship Loaded With Case Oil Afire

GALVESTON, Tex., Nov. 10.—An Italian ship, loaded with case oil from Port Arthur, Tex., for Italian ports, is on fire at sea, sixty-five miles east of Sabine bar and has been abandoned, according to wireless advices received here tonight from the steamer, Gulfstream, which is standing by. The crew of the burning vessel has been taken off by the tug, Russell. The fire was reported in No. 3 hold and the name of the ship was not given.

PORT ARTHUR, Tex., Nov. 10.—While no word had been received here tonight from the steamer reported burning at sea, it was suggested by persons in touch with local maritime affairs that possibly it was the steamer, Levietta, which sailed from here today for Genoa at the same time the Gulfstream departed for Bayonne. The Levietta was listed as a steamer of 1,700 tons and sailed from Genoa.

Rheumatism A Home Cure Given by One Who Had It

In the spring of 1906 I was attacked by rheumatism and even bedridden with the disease, and it affected a nerve in every limb. I tried every remedy I could get, but I received only temporary relief. Finally, I met a man who had cured himself completely, and it has never returned. I had given it to a number of people who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case. I want every sufferer to get a copy of this little book, simply mail your name and address and I will send it free to you. After you have used it and have given it to your friends, you may see the effect of it on them. I do not want your money unless you are perfectly satisfied to send it. Don't that fail. Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 411 B. Gurney Bldg., Syracuse, N. Y.

Grip Won't Get You if you begin the treatment of a cough or cold as soon as you feel it coming on.

Duffy's Pure Malt Whiskey

is a predigested food in liquid form which if taken as directed, invariably gives the system power to throw off and resist severe coughs, colds, grip, catarrh, bronchitis and other troubles. Better health awaits you, if you "Get Duffy's and Keep Well!" At most druggists, grocers and Dealers. If they can't supply you, simply write us. Medical booklet free. The Duffy Malt Whiskey Co., Rochester, N. Y.

ZUEBLIN SCOUTS THE CLASSIC LINES

Lecturer Before Omaha Society of Fine Arts Says Gothic is Most to Be Admired.

MODERN BUILDINGS RIDICULED

Charles Zueblin of Boston poked fun at most modern buildings from the architecture standpoint in an address yesterday before the Omaha Society of Fine Arts in the ball room of the Fontenelle hotel.
His subject was "The Gothic Revival" and he upheld the beauties of that type of thought and architecture to the disadvantage of all others.
"The people who produced the beautiful gothic structures were people who had an instinctive love of the beautiful. They had their hearts in their jobs," he said. "They were not Gothic—strange use of words. They were not savages of the Hun and Vandal type. They were people who were unable to produce anything that was not beautiful. Even their huts were beautiful, dirty perhaps, but nonetheless beautiful."

Going It Too Hard

We are inclined nowadays to "go it too hard," to overwork, worry, eat and drink too much and to neglect our exercise, rest and sleep.
This fills the blood with uric acid. The kidneys weaken and then it's a case of backache, dizziness, nervous spells, rheumatic pains and distressing urinary disorders. Don't wait for worse troubles. Strengthen the kidneys. Use Doan's Kidney Pills. What they have done for so many thousands of sufferers they should do for you.

Omaha Testimony

Peter A. Hansen, retired farmer, 2412 Franklin St., says: "I suffered from an attack of backache. My kidneys seemed to be swollen and a large lump appeared in my back, over my kidneys. One box of Doan's Kidney Pills was enough to drive the trouble away. No further complaint has appeared and I give Doan's Kidney Pills the credit for a permanent cure."

DOAN'S KIDNEY PILLS 50c at all Drug Stores Foster-Milburn Co. Prop. Buffalo, N.Y.

TODAY'S BEAUTY HINTS

To whiten and beautify the complexion permanently we have found no better preparation than a lotion made by dissolving four ounces of spermacin in a half pint of water, then adding two teaspoonfuls glycerin. This removes any pimples, shiny, muddy or sallow appearance, and will make anyone's skin clear, smooth and velvety. It does not show or rub off like powder; in fact, it seems a part of the skin; and for removing tan and freckles is unequalled.
It is necessary to shampoo more frequently in the warmer weather because of excessive dust and the fact that the head perspires more and is usually more exposed to the weather. The easiest to use and quickest drying shampoo that we can recommend to our readers can be prepared very cheaply by dissolving a teaspoonful of cantharol, obtained from your druggist, in a cup of hot water. This rubbed into the scalp creates a thick lather, soothing and cooling in its action, as well as very beneficial to scalp and hair. After rinsing, the scalp is fresh and clean, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Advertisement.

Be Loyal To Your Stomach

and you are sure to be well rewarded. You will enjoy your meals, the appetite will be keen, the digestion will be good and the action of the liver and bowels will be normal. held up the walls. The caps of the buttresses are to hold down the buttresses. I have wondered in passing your new cathedral here whether the buttresses are necessary, with modern construction to hold these walls. Your court house is apparently a building to which a facade has been added. It is not necessary to the building, but it stuck on with the hope of beautifying it."
The speaker mentioned William Morris, the man who was such a power in the romantic revival, who said, "I will make nothing that is not beautiful. I will make nothing that only a fool could desire. All work should be a pleasure. All work should be easy. All work should be dignified."

In speaking of reference to the classic in modern architecture, he said:
"There is a false appreciation in this country for the classic, because it is easier to build on classic lines and whenever you put up a court house or bank or Christian Science church it is simple and avoids thinking to class it in on classic lines. The intellectual people are usually not artistic. Polite society today has the means of thinking, but doesn't use them."

COMMITTEES NAMED AT LABOR FEDERATION MEET
SAN FRANCISCO, Cal., Nov. 8.—Appointment of various committees to handle the work of the convention was the most important work of a single adjourned session of the American Federation of Labor today. An expected resolution to bar official recognition of representatives of religious organizations as fraternal delegates failed to materialize, but it was said would be offered at a later session.
Providence, R. I., and St. Louis, Mo., sent telegraphic invitations bidding for the convention next year. No action was taken.

The Most Popular Girl in Omaha
THE GIRL at "Central" is the most talked to young woman in Omaha. She has a speaking acquaintance with hundreds of people who wouldn't know her if they saw her.
There are 542 of these "Central Girls" in Omaha—chosen for their clearness of voice, their courtesy and for their intelligence. These qualities enable them to do their part in furnishing the highest grade of telephone service.
It takes two people, however, to make a telephone call—the operator and you.
You'll be doing your part as well as the telephone operators do theirs, if you'll observe these four simple rules when you make a telephone call:
(1) Get the right number out of the Directory.
(2) Talk directly and distinctly into the transmitter.
(3) Listen carefully when "Central" repeats your number and correct her if she misunderstands.
(4) Answer your telephone bell promptly.
