

CITY PRISONERS MUST GO TO WORK

City Commissioners Decide to at Once Make Plans for Employment of Vags and the Like.

WILL FIX UP OLD COUNTY JAIL

At an executive conference the city commissioners decided to proceed without delay to work out a plan of compulsory employment for city prisoners.

It is proposed to equip the old county jail at Eleventh and Dodge streets with cots and kitchen facilities and to erect a portable frame structure where the prisoners may eat their noonday meal near the work.

Arrangements will be made with the police judge for the commitment of certain prisoners to work, instead of the present custom of sending them to the county jail.

A superintendent will be appointed for this new department. The work to be done by the prisoners embraces such "chores" as filling up the low places of the city. In the southeast corner of the city a ravine nearly fifty feet deep requires attention.

Mote Puts Stecher Scissors on Bronc and Tames Critter

When Barney Bolt o' Thunder was brought out in the South Side stock yards and presented as an animal upon whose back man had never sat and never could sit, Mote Mortimer of the Mortimer ranch, eight miles from Glenrock, Wyo., promptly came forward into the arena and remarked:

"Reckon I can ride the critter." Mote went right ahead in face of warnings and solicitous inquiries as to whether his life was insured and his prospective widow and orphans provided for. Only one man, Jim Smith of Douglas, Wyo., was willing to put money on Mote as against Barney Bolt o' Thunder who had lightning in his eyes, fire in his nostrils and brimstone in his hoofs.

Mote mounted the critter after some difficulty and then the spectators saw what looked like a moving picture screen when the picture is flickering badly. Barney Bolt o' Thunder stood first on his hind legs, then on his head, then came down repeatedly and simultaneously on all four hoofs. Through all of which Mote grinned broadly and clung like a cockle burr in a horse's tail.

At the end fifteen minutes Barney Bolt o' Thunder was winded and subdued, smelt as a cooling dove.

"Reckon I put the Stecher scissors hold on that critter," said Mote as he dismounted.

Mr. and Mrs. Hause Also Go to Wichita to Identify Hauser

Mr. and Mrs. W. T. Hause and Chief of Detectives Maloney have gone to Wichita to identify, if possible, Arthur Hauser, who is in custody there, charged with numerous crimes. At Kansas City the Omaha party will be met by a woman guest of the Huseses at the time they were held up by a robber supposed to be the captured man. If Miss Slater identifies Hauser as the man who shot and killed W. H. Smith of the Woodmen of the World, there is little doubt but what the prisoner will be returned to Omaha for trial on the most serious offense of his career.

FLYNN TALKS HIMSELF INTO A JAIL SENTENCE

George Flynn, aged 65 years, charged with having been intoxicated, appeared before Judge Foster.

"Where are you from, George?" asked Foster.

"I'm from Paris, Kentucky, was never arrested before in my life, on this town, or being drunk," said Flynn.

"George" countered the magistrate. "You talk like a hibernated American, but I am going to let you go this time (thyphen) after you have served fifteen days (period)."

"Thank you judge," quoth Flynn, your a--! But the hyphen and the slamming of the bullpen door behind the prisoner cut short the intermittent repartee.

MILLENER MUST EXPLAIN HOW HE SPENDS COIN NOW

Even Dr. Millener, superintendent of the Union Pacific headquarters building is beginning to feel the effects of the authority exercised by the Interstate Commerce commission. Heretofore the doctor could authorize the expenditure of any sum for improvements and betterments around the building up to \$300. Now, by reason of an order just issued he must get authority for the expenditure on any sum over \$1 and in making up his accounts he must specify how the money was expended.

Sold everywhere.—Advertisement.

CONFEDERATE VETERAN IS RELEASED BY FOSTER

James Boyle of Denver, aged 61 years, and a confederate veteran of the Fifty-second Louisiana Tigers, was brought before Judge Foster, charged with having been intoxicated. He pleaded to be discharged on account of his age, and after telling the court how he lost his left arm at Vicksburg, the magistrate discharged him "with honor." Boyle has a pension, and was on his way south for the winter. He had been prospecting, he asserted, near Denver.

Don't Let Your Cold Get Worse. Bell's Pine-Tree-Honey will cure your cough and give you restful sleep. Good for children. Only 5c. All druggists.—Advertisement.

JITNEY PILOT IS FINED FOR DRIVING PAST CAR

Oswald Lewis, a jitney driver charged with driving past a street car taking on passengers, was fined \$5 and costs in police court. Earl Brown and Q. Silver were given suspended sentences for speeding.

THOUSANDS VIEW BODY OF JOHN DALE

Three Methodist Ministers Eulogize Veteran Church Man During the Funeral Services.

BURIAL AT KANKAKEE, ILL.

Several thousand people viewed the body of John Dale, veteran insurance man and churchman, while it lay in state at the Hanson Park Methodist church from 12 to 2:30 o'clock, before the funeral service yesterday afternoon.

Six officials of that church, which he and Mrs. Dale founded, and two officials of Jennings Memorial Methodist church, of which Mr. Dale was the preacher, stood as a guard of honor about the body while it lay in state. People of many churches and all walks of life filed past the bier to view the body of the well known man and pay their respects to his memory.

Five Methodist ministers took part in the funeral service, three of them making eulogistic addresses. Rev. C. N. Dawson of Diets church, of which Mr. Dale was a founder and trustee, spoke on "Brother Dale's Relation to Methodism."

His Relation to His Pastor" was the theme of Rev. C. W. McCaskill of University Place, who until recently was pastor of Mr. Dale's church, the Hanson Park Methodist. "John Dale, the Man," was the subject of the eulogy by Rev. Titus Louis, pastor of the First church.

Rev. U. G. Brown, Methodist district superintendent, made the opening prayer and read a scriptural passage. Rev. E. D. Hull, new pastor of the Hanson Park church, was in charge of the services and made the closing prayer.

The five sons of Mr. Dale—John F., Arthur B., Walter H., Louis R. and Fred B. Dale—and his grandson by marriage, W. Righter Wood, acted as pallbearers. The body will be taken to Kankakee, Ill., by Mrs. Dale and the five sons, and will be buried there Thursday. The Dale family lived at Kankakee prior to 1858, when they came to Omaha.

Mr. Dale had been an agent of the Aetna Life Insurance company for fifty years, and was active in its employ up to the time of his death Monday. In recognition of his long and efficient service the company sent two of its mid-west representatives to attend the funeral.

Women Advocate Rejected Reforms

The short ballot, elimination of delay in law suits, reduction of the number of departments of government, centralization of power in the governor, abolition of sweepstakes, and other reforms contained in the proposed new constitution of New York, rejected at the election last week, were all heartily endorsed by the current topics department of the Woman's club Tuesday afternoon. Mrs. M. I. Creigh is leader of the section.

MILITIAMEN LISTEN TO ADDRESS ON BANDAGING

Omaha's state militiamen acquired much practical knowledge when Dr. G. W. Pugsley, lieutenant in the medical corps of the Nebraska National Guard, gave them an elaborate discourse on "Bandaging" at their last weekly drill. Dr. Pugsley explained the uses of the various styles of bandages; how to adjust them properly; how to stop hemorrhages; and the manner of making splints for broken bones. He also told the young soldiers not to seal up wounds with adhesive, but rather to keep them wet and open, to permit drainage.

Ouch! Lame Back Rub Lumbago or Backache Away

Rub pain right out with small trial bottle of old "St. Jacobs Oil."

Kidneys cause Backache? No! They have no nerves, therefore can not cause pain. Listen! Your backache is caused by lumbago, sciatica or a strain, and the quickest relief is soothing, penetrating "St. Jacobs Oil." Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a small trial bottle of "St. Jacobs Oil" from your druggist and limber up. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

Rub old, honest, "St. Jacobs Oil" whenever you have aches, pains, rheumatism or sprains, as it is absolutely harmless and doesn't burn the skin.—Advertisement.

SENDS MONEY TO JOIN THE Y. M. C. A.

Man at Fairfax, S. D., Reads Notice in The Bee of Campaign and Wants to Get In.

FOUR DAYS' SPRINT IS NOW ON

Way up in Fairfax, S. D., The Bee has readers who are interested in Omaha's activities and institutions. One of those readers, a prominent business man of Fairfax, read an item in The Bee last Friday about the Omaha Young Men's Christian association's whirlwind campaign for new members.

As a result General Secretary E. F. Denton of the association received a draft for \$10, the clipping from The Bee telling about the campaign and the Fairfax man's request for a membership in the Omaha association. It was immediately issued by Membership Secretary Ralph Yeoman and the Fairfax man had the distinction of becoming the first new member since the membership contest began.

A lot of other new members were enrolled during the morning, Secretary Yeoman said, and he believes the prospects are good for securing the desired 500 men to join during the present four-day campaign.

J. Truitt Maxwell's team, one of twelve contesting, had the highest score at noon and was the first team to bring in a new member.

The campaign opened with a dinner for the 144 workers and the association secretaries at the association building Tuesday evening.

Subjects Taught in French Schools Are Serious Now

(Correspondence of the Associated Press.) PARIS, Nov. 1.—The student life of France goes on uninteruptedly, though somewhat modified by war. The mobilization drew more upon professors than pupils last year. The year's reopening of the schools shows heavier drafts have been made upon the students of colleges and universities. In the primary schools and lycées the attendance, though less than the average, exceeds that of last year; the increase is made up largely of refugees that did not attend school last year.

At the Louis-le-Grand lyceum, the oldest in Paris, there are 300 students as against 300 last year and 1,100 average. More than 150 of last year's pupils at this lyceum are in the army. Only 25 per cent of the usual number of students are registered at the Fine Arts school and other sections of the university have suffered equally; the medical school even more, most of the professors being in the sanitary service.

In the art schools the tendency to modernism has not been shaken, but it has been cleared of freaks and extravaganzas. The artist student is taught to take nature and improve upon what ordinary mortals see of it, but in such a rational form that anyone can readily distinguish forms and features.

The subjects are serious. The material is largely marine, very little of battlefields or other war scenes, excepting in the work of students who have been or still are at the front.

In all schools, primary and advanced, there is an increased interest in history, geography and political economy.

HONOR PAID MEMORY OF DR. S. K. SPALDING

Honor was paid last night to the memory of Dr. S. K. Spalding, civil war veteran and former Omaha city physician, who died in Washington several weeks ago.

OLD-TIME COLD CURE—DRINK TEA

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

Get Rid of Scrofula How? Take S. S. S.

Fifty Years' Use Proves S. S. S. Will Relieve Stubborn Cases

You have noticed the little festering pimples on the face and body—swelling of the glands—soreness in the legs and arm muscles. These are the symptoms of Scrofula. You may have some of these symptoms, possibly the taint of Scrofula infection. But in either case, it is a dangerous condition. Your blood is infected, impure, and you can never hope to gain perfect health until the impurities are washed from the system. If you feel badly all the time, you must crave health. If you want to feel renewed spirits, the glow of perfect health, bright eyes, clear skin, the knowledge that you are well, you can do so. Cleanse your blood by taking S. S. S. For fifty years it has been the standard blood purifier. It relieves the trouble by renewing the blood, renewing its strength, and stimulating the flow so that the blood regains its lost vitality, and throws off the poison. Even long-standing cases respond. But you must use S. S. S. Take it for all blood infections. Get it at your druggist's today.

If you need special advice, write the S. S. S. Co., Atlanta, Ga.

According to the reports to the railroads rain Wednesday was general over central and eastern Nebraska. West of the central portion the weather was clear and warm, though up in the Black Hills and Wyoming temperatures were down to 30 degrees above zero.

HOTEL MAN THINKS HE HAS BEEN SHOT

But it Turns Out to Be Only a Piece of Torpedo Placed on the Track.

SMALL BOYS DO THE TRICK

William Jensen of the Midland hotel rushed into police headquarters Tuesday night and reported that a shooting affray had just occurred near Seventeenth and Webster streets and that one of the shots had passed through the pocket of his coat. Jensen thought a man and a woman were the revolver duellists. Officers were hurriedly dispatched to the scene, only to find that a couple of small boys had placed on the street car track a couple of torpedoes which exploded when an electric conveyance passed and one of the flying fragments had struck Jensen.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best footcure is unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take Anti-Nausea Tablets, and the results will be taken two tablets, and in many cases, the attack will be wanted off. During an attack take one A-K Tablet every two hours. The rest and cure follows which follow, can be obtained in no other way.

SICK-HEADACHES

Sick-headache, the most miserable of all sicknesses, is the terror when A-K Tablets are taken. When you feel an attack coming on take two tablets, and in many cases, the attack will be wanted off. During an attack take one A-K Tablet every two hours. The rest and cure follows which follow, can be obtained in no other way.

Will Equip New York Police for Warfare

NEW YORK, Nov. 10.—As part of a plan to equip policemen for warfare, all members of the New York police force were notified today that they will be offered instructions in the handling of rifles. The plan was formed by Police Commissioner Woods, who announced that the federal government had agreed to furnish the first 500 rifles and ammunition. A printed notice sent to policemen says their taking up rifle shooting is optional, but that the purpose is to make them good marksmen in case their services are needed in national defense.

Booker T. Washington In Serious Condition

WILL TRY BIPLANE TO HUNT LOST SHEEP

METTESE, Wyo., Nov. 9.—(Special.)—James Dickie, who recently made several aeroplane flights at San Francisco, is considering the advisability of purchasing a biplane for use in connection with his extensive sheep business in central Wyoming. Much time and trouble might be saved, and many sheep otherwise lost preserved, he reasons, if a herder were equipped with an aeroplane, and he may procure a machine and make the experiment.
