

TRAIN SERVICE MEN DEMAND MORE PAY

Three Hundred and Fifty Thousand Men Will Ask for an Eight-Hour Day.

WANT SAME PAY AS FOR TEN

CLEVELAND, O., Nov. 18.—The four railroad brotherhoods, including more than 350,000 engineers, firemen, conductors and brakemen on all railroads in the United States, announced today they are preparing to make formal demand about March 1 that the railroads grant them an eight hour day, with the same pay they now get for ten hours.

Action will be taken at a meeting of the executive committee of the Brotherhoods in Chicago December 15, when ballots for a referendum will be prepared.

The vote, it was said, are expected to be tabulated before March 1.

The eastern associations of the general chairman of the engineers and firemen's brotherhoods in joint session here last night decided to join the conductors and trainmen's brotherhood in the eight-hour day and time and a half for overtime demands. Similar action is expected at the meeting of southern associations of engineers and firemen at Washington next Monday, and of the western associations at Chicago December 19.

Committees chosen here at Washington and at Chicago will attend the December 15 Chicago meeting. Under agreement the roads must answer the men within thirty days, which will bring the date when an answer will be received about April 1.

HILLSTROM WILL DIE TODAY, UTAH GOVERNOR FIRM

(Continued from Page One.)

At the eleventh hour, you, as president, without stating any reasons therefor, again wired, urging a thorough reconsideration of the case because of its importance and the justice and advisability of such a course.

Your interference in the case may have elevated it to an undue importance, and resulted in thousands of letters demanding the release of Hillstrom, regardless of his guilt or innocence, and attaching a peculiar importance to it, but the case is important in Utah only as establishing, after a fair and impartial trial, the guilt of one of the perpetrators of one of the most atrocious murders ever committed in this state. It is also important by reason of the fact that this case has had more careful and painstaking consideration at the hands of the proper officials of Utah than any other like case in the history of the state.

Imputation Not Justified.

As to your suggestion that justice requires further consideration of the case, I earnestly submit that the imputation contained, not only in your message to me, but also in your message to the president of the American Federation of Labor, that this convict has not had justice in the courts of this state is not justified. Three groups of attorneys have represented Hillstrom in the proceedings before the district court, the supreme court and the Board of Pardons.

"The first group was employed by Hillstrom to conduct his defense. The second group was engaged during the progress of the trial, participated in the defense, represented him before the supreme court and before the Board of Pardons. The third group, I am informed, was employed in Hillstrom's behalf by the Swedish minister. No fair-minded person acquainted with the record has any doubt of Hillstrom's guilt. The Board of Pardons with most painstaking care has investigated every rumor, every suggestion and every claim that might tend to establish the innocence of this man, and has most earnestly pleaded with him to shed any light on his movements and whereabouts on the night of the homicide.

"During every day of the twenty-three months since he was charged with the crime the board has stood, and even now stands, ready to make further investigation and give due consideration to any tangible fact or circumstance that would tend to establish Hillstrom's innocence. It is a significant fact that those only are appealed to who have no knowledge of the facts and those only demand clemency who are either prejudiced in Hillstrom's favor or who demand his release regardless of his guilt.

"I am fully convinced that your request must be based on a misconception of the facts or that there is some reason of an international nature that you have not disclosed.

"With a full knowledge of all the facts and circumstances submitted I feel that a further postponement at this time would be an unwarranted interference with the course of justice. Mindful of the obligations of my oath of office to see that the laws are enforced, I cannot and will not lend myself or my office to such interference. Tangible facts must be presented before I will further interfere in this case."

History of Case. Joseph Hillstrom was convicted of the murder of John G. Morrison, a grocer of Salt Lake City, and his son, Arling, 17 years old, at Morrison's store, in the southern portion of the city, about 9 o'clock on the evening of January 10, 1914.

The shooting was witnessed by Meritt Morrison, another son, 14 years old. Ac-

Arrest of Hillstrom. Hillstrom, also known as Joe Hill, was arrested three days after the shooting on information given by a doctor near Murray, Utah, two and a half miles south of the scene of the crime. Hillstrom staggered into the doctor's home two hours after the shooting, with a large bullet wound through his left lung. He told the doctor he had been shot in a quarrel over a woman and requested that nothing be said regarding his visit or wound. The doctor, not having heard of the murders, treated the wound and took Hillstrom to a house, where he had been staying for several days. News of the murder revealed the case to the doctor and he informed the officers. The doctor found an automatic pistol of the same caliber as shells found in the grocery after the shooting in Hillstrom's pocket. Hillstrom threw the weapon away after leaving the doctor's home. Blood found at several places between the store and the home of the doctor and members of the family where Hillstrom lived said a companion had visited him late the night of the murders, talked privately with him and left. This man was not apprehended and has not been heard of since.

SIOUX FALLS, S. D., Nov. 18.—(Special Telegram.)—Three United States judges, Judge Sanborn of Minnesota, Judge Munger of Nebraska and Judge James D. Elliott of South Dakota, today concluded a hearing of arguments in a case involving the constitutionality of the blue sky law of South Dakota, and at the conclusion of the arguments announced that the case would be taken under advisement. When a decision will be rendered is unknown.

The case was instituted by William and Harry Morley, father and son, of Sioux City, who were arrested on the charge of selling stock of a Sioux Falls stock company without authority from the state.

TO BRING HAUSER BACK TO OMAHA

City Appropriates Five Hundred Dollars More to Meet Demands Made by Wichita.

BALANCE EXPECTED LAST NIGHT

The city commissioners at a meeting of the city council voted to appropriate \$500 more toward the amount necessary to get Arthur Hauser, alleged slayer of W. H. Smith, now being held by the Wichita authorities.

The city formerly appropriated \$200. Announcement was made at the city hall that the entire amount of \$1,500 will have been appropriated during the day.

Police officials will proceed at once to Wichita with the money and requisition for Hauser, who is wanted here on a charge of killing W. H. Smith, Woodmen of the World cashier, and of holding up a party at the home of Mr. and Mrs. W. T. Haus.

Say Evidence Sufficient. Police officials say the evidence they have against Hauser is of sufficient strength to secure a conviction here.

The Wichita officials declined to release their present claim upon Hauser until paid \$1,000, which reward money they say would be forthcoming if the prisoner should be tried there.

It is expected Hauser will be in Omaha within a few days. The prisoner has expressed a disinclination of being returned to Omaha.

In a statement before the city council Mayor Dahlman said: "I believe a few hundred dollars should not stand in the way of getting this man here. I would favor an appropriation of \$5,000 if it was necessary."
