EVANSTON

"The prettiest building spot in Omaha." The place for the man who wants a home in a district comprised of homes—where the character of the development now going in is surety for the present and future beauty and permanence. A place where the environment and surroundings are suitable for the family of the man who believes "the best is none too good." A place where the values are safeguarded by careful planning and adequate restrictions. Are you interested in such a place? Do these conditions appeal to you as being sufficient to meet your demands for an ideal building spot? Would you like to see Evanston? We invite you to ride out with us at your convenience and look over this New Addition to Dundee now being placed on the market. Telephone Douglas 2596.

H.H. Harper & Company

1013-14 City National Bank Building.

EVANSTON IS THE ONLY NEW ADDITION LAID OUT IN DUNDEE THIS YEAR ON THE LARGE LOT PLAN WITH WINDING STREETS AND BOULEVARDS.

Improvements

Paved streets, sewer, water, gas, conduit for underground lighting system, trees planted, lots seeded and graded.

Twelve Beautiful Homes

Costing from about \$5,000 to \$15,000. Four finished, five about finished and three just started. More money is being spent for fine homes in Evanston than in any other addition in Omaha this year.
