Dundee. Buy Now Dundee Lots. This fine corner lot is a bargain at the price asked. Address, northeast corner 26th and 14th; paved streets, water, sidewalk. Size 30x125. Can be cut into 3 good sized south front lots. Price is very reasonable. Be sure to see about this investment. Had Stecher on Mat. "In two minutes I had him down and had a half Nelson and a croch lock on the referee. I thought I had him down, but the referee wouldn't give it to me. So I changed my hold to a scissors and bar arm lock, and again got him down. This time I again failed to get the referee's eye, and we got to our feet and stood neck to neck. "There were no ropes to the ring, and there were plenty of arguments. Stecher stopped and went over and took a sup of water. I thought he was ready to quit, but he came back again and started to get rough. He gouged me in the eye, but I didn't complain about that, for I still figured I could beat him. We roughed it all over and off the mat, and he got a scissors on me off the mat. "If he quit again and went over and took a drink of water, I thought it was all over then, but he came back and we wrestled some more. At the end of forty-five minutes Burns suggested that it be called a draw and we both left the mat. We thought that was the way it was to be decided, but the next day the referee gave it to Stecher on a foul. They wanted to lynch me all the time and I was glad to get out of Dodge with my life. "Rough Match All the Way. "If there was any biting he did it. It was a rough match all the way through and probably plenty of fouling on both sides. "But what's the use of talking about that match? We are going to meet again and this time I hope to prove which is the better man by winning in straight falls. I think I can beat him, otherwise I never would have consented to the match. If he beats me, all well and good; I'll be the first to take my hat off to him and say he is a real champion. "Hussane probably will leave for Omaha Sunday and finish his training for the match there. Heinie Zim Buys Three New Hats in the Same Morning. The point is—are YOU dreaming of successes which MIGHT come to you in other places, or are you looking with seeing eyes for the opportunities right here at hand? Omaha is full of them, opportunities for the live young man who will grasp them. Take property, for instance: Real estate which was bought for "a mere song" a few years ago is now quite valuable, and likewise that which can be bought reasonably now will command much more later on. Because Omaha is advancing, surely and steadily moving on in the forward march of progress. It would be wise if you should turn at once to the real estate columns of THE BEE and look with seeing eyes at the many opportunities which await you there. Reliable realty men and builders wish to serve you. The Omaha Bee
