

ITALIANS MAKING GAINS IN ISONZO

Ground Captured Near Gorizia is Retained Despite Many Desperate Counter Attacks.

AUSTRIAN LOSSES ARE ENORMOUS

ROME, Nov. 21.—(Via Paris, Nov. 22.)—Italian troops have made an advance on the Isonzo front, especially on the heights northeast of Gorizia, according to an official statement issued today at the headquarters of the general staff. The ground gained was retained, it is claimed, in spite of vigorous Austrian counter attacks.

The text of the communication follows: "Yesterday was marked by an important success for our arms along the Isonzo front, especially on the heights northwest of Gorizia. We began the action at night by making with great bravery numerous breaches in every extensive barbed wire entanglement, defending remarkably strong enemy entrenchments. At dawn our infantry, adequately supported by artillery, attacked the village of Oslavia and the heights to the northeast and southwest of the country lying across the route from San Floriano to Gorizia.

"The enemy offered an extremely obstinate resistance, but finally was driven back by the impetuosity of our attacks. He fled, leaving his trenches full of dead. We took 60 prisoners, many of whom were officers. Successive violent attacks by the Austrians advancing with shouts of 'Bohaya' for the purpose of decaying our troops all were repulsed with irresistible energy. On the heights of Podgora and Calvario, south of Oslavia, thanks to an admirable effort carried out under a formidable artillery fire, our troops took by main force two more lines of trenches and occupied almost the entire length of the summit.

"On the Corno plateau we continued our advance along the northern slopes of Monte San Michele and southwest of San Martino where we dislodged the enemy from trench after trench, making numerous prisoners.

"Enemy aeroplanes threw bombs yesterday on Schio, fifteen miles northwest of Vicenza, wounding slightly eight soldiers. One of our air squadrons under highly unfavorable atmospheric conditions caused by high wind renewed the raid on the enemy aviation camp at Assavizza on which more than 100 hand grenades were dropped. Our aeroplanes returned undamaged."

Prelate Criticizes Recognition of the Carranza Regime

ST. LOUIS, Nov. 22.—The American recognition of the Carranza government of Mexico is called "not auspicious" in a letter from Archbishop Glennon to the Catholic priests of the archdiocese of St. Louis asking them to celebrate a Thanksgiving mass for Mexico.

The letter says in part: "In making this Thanksgiving for the blessings we enjoy we should remember especially our neighboring people in Mexico, who have suffered and who are suffering so much because of the revolutions which afflict and continue to afflict that unfortunate country."

"It is true that the recent recognition of Carranza, perhaps the worst of the revolutionists, is not auspicious; still we cherish the hope that the government of the United States, together with the governments of southern republics, who saw fit to give him recognition will not now desert an unoffending people.

"Our government, founded on justice and equal rights, should not be true to its people or its traditions if, now that it has undertaken the recognition of Carranza, it permitted him to continue a career of injustice and outrage. Our Catholic people await the outcome with anxiety and impatience."

Widener's Art Treasures May Be Given to City

PHILADELPHIA, Nov. 22.—The will of the late Peter A. B. Widener, admitted to probate today, leaves the bulk of his estate, estimated between \$2,000,000 and \$3,000,000, to his son, Joseph E. Widener, in trust.

Joseph E. Widener, under the terms of the will, is given complete authority over his father's collection of paintings and art works, considered one of the most valuable in America.

He is given uncontrolled discretion to present the collection to either the city of Philadelphia, Washington or New York. In the event he sees fit to present the collection to the city of Philadelphia, Mr. Widener is authorized to erect out of the funds of the estate an art gallery properly endowed.

Mr. Widener's collection of paintings and art works are world-famous and are valued at several million dollars. Among the masterpieces in the collection are Rembrandt's "The Mill," for which Mr. Widener some years ago paid \$500,000; Raphael's famous Panahauer "Madonna" and Botticelli's "Madonna of the Thorns."

Under the provisions of the will Joseph E. Widener is directed to divide the articles of household use and ornament into two classes: one ordinary and the other extraordinary. The latter class is to include all paintings, statuary, bronzes, tapestries, etc., which the son is to select.

The will provides that the power given to the son to give away any or all of his art works may be exercised either during the son's lifetime or by direction of his will. Joseph E. Widener is also given authority to dispose of the paintings and art works at public or private sale, in which case the net proceeds are to be added to the residuary estate.

In the event the son fails to dispose of the art collection in his lifetime or by will the executors are directed to sell it for the benefit of the estate.

After making numerous bequests to members of the family the will directs that the residuary estate be held in trust until twenty-one years after the death of the last survivor of those descendants who were alive at the time of P. A. B. Widener's death. The net income is to be divided monthly into as many shares as there are sons living and sons dead. Mr. Widener had but two children, Joseph E. Widener and George D. Widener, who lost his life when the steamer Titanic went down.

The dead son's share in the estate is to be divided equally among his descendants. After the twenty-one years' period has expired there shall be a redistribution of the estate among descendants. Joseph E. Widener and George D. Widener, Jr., a grandson, are named as executors.

Bulgars Defeated Near Leskovats

Important Victory of Serbians Said to Secure Safety of Part of the Nish Railroad.

Means Much to Lumbermen

(From a Staff Correspondent.) WASHINGTON, Nov. 22.—(Special Telegram.)—Joining Lincoln and Omaha together in a common freight cause to continue existing rates on yellow pine lumber from southern points to the cities mentioned was a strong plea which E. J. McVann, traffic manager of the Omaha Commercial club made today before the Interstate Commerce commission.

The rate on yellow pine is 25 cents from southern territory to the cities mentioned. This rate was fixed in 1910 by the Interstate Commerce commission to continue two years.

Just as soon as the two years were up the railroads raised the rates and the commission after due consideration suspended the rates. Thus conditions ran along until early this year, when the commission decided that the 25-cent rate should become permanent. The railroads objected and so strong were their protests that the commission decided finally to hear the whole subject, with a determination to settle the controversy once for all.

In addition to Mr. McVann there were present at the hearing Fred Lehmann, Jr., of St. Paul, who was accompanied by E. G. Wille and A. G. T. Moore of New Orleans, representing the southern pine shippers. The railroads were represented by A. G. Herbel of the Missouri Pacific and W. F. Dickinson of the O'Leary Island.

The gist of the argument made today by Mr. McVann was that it would cost \$5,000 a year if the rates were advanced, but if the commission denied the advance according to the railroad attorneys it would force a reduction of rates at a number of intermediate points.

In view of the fact that this is the fifth time these yellow pine cases have been argued or adjudicated, Mr. McVann hopes today's presentation is the last. Mr. McVann will join Mrs. McVann in Detroit for Thanksgiving.

Big Suit Against Farwell Estate is Argued at Chicago

CHICAGO, Nov. 22.—Arguments were begun today in the United States district court in the suit of the Capitol Freehold Land and Investment company of London, England, against the estate of John V. Farwell to recover interests in Texas land and cattle valued at \$300,000.

One of the attorneys explained that 2,000,000 acres were given to Mr. Farwell and two associates, also dead, as compensation for building the Texas capitol. They later sold the land to the company and Mr. Farwell leased it for a term of fifteen years, which ended January 1, 1908. He died the following August and his estate refused to turn over 120,000 cattle on the land, asserting that improvement in the stock and increase in numbers was to accrue to the benefit of the tenant.

The land was vacated and the cattle turned over on an agreement that court should determine the ownership of the estimated added value of \$300,000. This suit was filed six years ago.

Carranza Troops Take Possession of Cananea, Mexico

NAGO, Ariz., Nov. 22.—Train service to Cananea, Sonora, Mex., was resumed today. Carranza troops under General Alvaro Obregon took possession of Cananea yesterday, the Villa garrison having evacuated to go to the aid of their chief, reported defeated near Hermosillo.

American Consul Montague of Cananea reported today that General Jose Rodriguez, head of the Villa forces which recently evacuated the copper camp, destroyed no property, and that all Americans there are safe.

It was rumored here today that a detachment of Obregon's forces is pursuing some of Rodriguez' troops toward the Sonora river southwest of Cananea.

A military supply train dispatched to Obregon last night is reported wrecked at Del Rio.

DOUGLAS, Ariz., Nov. 22.—General Obregon's main army, advancing upon Nogales along the Del Rio and Nogales branch of the Southern Pacific railroad, was reported unofficially today to be making slow progress.

Official messages from Colonel Cardenas, received by Mexican Consul Leleiver at Naco, indicated General Jose Rodriguez with his Villa troops evacuated Cananea and turned eastward, contrary to previous reports from Obregon. They apparently were moving in the direction of Chihuahua state. Cardenas reported his cavalry in pursuit.

A military supply train, derailed at Del Rio last night, has arrived at Cananea.

Obregon was due at Agua Prieta, opposite here, late today from Naco.
