POOL WILL REFUSE YEISER'S REQUEST

Secretary of State Announces He Will Not Withdraw Request to Take Roosevelt Name Off Ballot.

OMAHAN SAYS HE WILL FIGHT

(From a Staff Correspondent.) LINCOLN, Nov. 27.—(Special.)—Colonel John Oliver Yeiser of Omaha stands in the position of officially boosting two candidates for the republican nomination for the presidency.

However, in filing the name of Thompson Mr. Yeiser admits that his love for Theodore has wanted just a trifle and he wants to jig back by having the secretary of state pull the Roosevelt petition out of the political hopper and deposit it in the waste basket instead.

Now the hard hearted secretary of state refuses to bring joy to the heart of the flake wooer of presidential preference by refusing to allow the Roosevelt petition to be withdrawn.

May Dear Sir: I am in receipt of your favor of November 19, 1915, wherein you request that the petition filed by you and the names of the candidates...

However, I will say that if you had requested your individual name withdrawn from the petition, a different question might arise...

John O. Yeiser last night wrote a letter to Secretary Pool in which he declared he had been refused a hearing on application to withdraw Roosevelt's name...

Morehead Does Not Indicate His Answer to Ford

(From a Staff Correspondent.) LINCOLN, Nov. 27.—(Special.)—Governor Morehead has not made up his mind whether he will accept the invitation of Henry Ford to be one of the delegation of 100 to go to Europe to bring about a settlement of the war situation.

The action of Mr. Ford is arousing a great deal of interest was shown this morning when Chairman E. G. Magel of the State Board of Pardons sent Mr. Ford the following letter:

LINCOLN, Nov. 27.—Hon. Henry G. Ford, care Baltimore Hotel, New York City—Dear Sir: Your efforts to bring about an end to the terrible conflict now raging and devastating all of Europe is indeed worthy of the highest commendation of every thinking man and woman in all the world.

Judge Fawcett Talks To Bar Association

(From a Staff Correspondent.) LINCOLN, Nov. 27.—(Special.)—The Lancaster County Bar association held a banquet this evening. Judge Fawcett of the supreme court delivered the main address, his subject being "The Bench and the Bar."

VANDERSLICE HAD FURNISHED NO BOND

Head of Tubercular Hospital Discharge and His Accounts Are Found Much Mixed.

BOARD OF CONTROL UP IN AIR

(From a Staff Correspondent.) LINCOLN, Nov. 27.—(Special.)—The State Board of Control today settled the Thanksgiving turkey of Superintendent E. R. Vanderlice of the State Tubercular hospital at Kearney with a Christmas present in the shape of a dismissal as head of that institution.

Vanderlice was charged with misappropriating funds of the institution changing them from one fund to another in such a way that it was difficult to find out just where the institution was financially.

Long Sick Necessary. Bookkeeper George Weidenfeld checked up the institution the first of the week and discovered the books in such condition that it was necessary to go back to the beginning of the year in order to get at the accounts.

Although heads of institutions are required to give a bond, Vanderlice had given no bond and it is understood that there are other heads in the same fix.

There was considerable agitation among board members in an effort to find out where the newspapermen learned of the failure to file bonds and employees of the board were called on the carpet in an effort to find out where the information leaked.

How Law Reads. Paragraph 193, section 15 of chapter 74 of the statutes of Nebraska reads: "An official bond, properly signed and executed, in a sum to be fixed by the board, shall be required from each official and employe who is given the custody of funds or property belonging to the state of Nebraska."

Germany Unable to Secure Swedish Iron

(Correspondent of the Associated Press.) STOCKHOLM, Sweden, Nov. 27.—Swedish iron mine owners state that the British submarine blockade will result in a complete stoppage of Germany's large iron ore importation from this country.

Figures at hand show to what extent the exportation of iron ore has been concentrated on the Baltic and how shipping has decreased, owing to the risk of capture by British cruisers.

German ships are now playing a difficult game. Navigating close to the shore in order to be in neutral waters is not easy during the best season, and with the rough seas of winter it will be particularly hazardous.

AUSTRALIAN GOVERNMENT TO SALVE CRUISER EMDEN

MELBOURNE, Australia, Nov. 27.—Negotiations between private contractors and the Navy department for the salvaging of the German cruiser Emden having been broken off by the department chiefly because of the fear that complications might arise if the Emden were used as a "show ship" at various ports, the department itself intends to salvage the wreck.

Rabbit Plays Floor Game. News comes from down Boston way that Rabbit Maranville is playing basketball this fall.
