

TWO MEN KILLED AT SWIFT PLANT

William Kendall and Eric Bildt Die from Escapine Fumes as Ammonia Pipe Explodes.

ENGINE FLYWHEEL BLOWS OFF

Two men were almost instantly killed by an explosion of an ammonia pipe in the east engine room of Swift Co.'s packing plant on the South side about 10:20 yesterday morning.

William Kendall, 2115 South thirty-fifth street, and Eric Bildt, 509 Reese street, employees in the engine room, were the victims. The fatal explosion occurred when a fifteen-ton fly wheel on one of the engines burst and was hurled clear to the ceiling of the engine room.

Contract is Let For New House of Hope at Florence

The House of Hope directors let a contract to Thomas Herd for the erection of the administration building for the House of Hope at Florence, to cost approximately \$50,000, work to be started once.

The plan contemplates a main building, cost, as above stated, \$50,000, with eight additional connected buildings, to be built at a total expenditure of approximately \$150,000.

The building is to be located on Main street in Florence between Farnum and Adams streets, on the paved road and rear car line.

The building committee consists of Thomas Herd, Gould Dietz, R. J. Dinning and Francis C. Parker.

Odell Will Stump Nebraska for Drys

The state dry committee, headed by W. S. Thompson of Lincoln, has obtained a promise of Frank G. Odell of Omaha that he will give them sixty days of campaigning next fall.

Odell was a prominent speaker for the Big Six candidates for the city committee in Omaha at the last city election, and stumped the state for prohibition also a campaign twenty-five years ago.

Little Unoccupied Land in Nebraska

The Union Pacific colonization has received official data from the general land office, showing that July 1, of this year, the United States there were 23,544,493 acres of public land, of which 17,987,912 had been surveyed and was subject to entry.

AMONG OURSELVES" IS TO HAVE A SPORTING EDITOR

"Among Ourselves" is the name of a new paper published by the employees of a Brandeis Stores and financed by the company. The first number has just appeared and is a snappy issue, full of news and humorous paragraphs.

The paper is managed by Ralph Campbell, who is also managing editor of the new paper, which will be published every two weeks.

ELLEVE STUDENTS GO TO FREMONT CONVENTION

Seven Bellevue college young people went to Fremont to represent their Young Men's and Young Women's Christian associations at the three-day state student volunteer convention.

The following cabinet members are sent by the Young Women's Christian association: Arline Smith, Margaret Diddoch, Margaret Ramsey, Nora Mohr, and Bernice Miller, and Perry Johns and Lester Stewart are the Young Men's Christian association men who will make the trip.

Do You Want A Better Position?

If you feel that you have reached your limit with your employer, or if you do not like your occupation, you owe it to yourself to change to some line where you can develop to the fullest extent.

To Make Skin Clear

Rev. Mr. Schreckmann of the Wesleyan university at Lincoln spoke from the Methodist pulpit last Sunday.

Deputy United States Marshal E. J. Quiley and wife of Omaha spent Thanksgiving with Mrs. Nell Overton.

Prof. D. H. Prope and K. F. Warner

Rigid Economy in All Expenditures of English Cities

(Correspondence of The Associated Press.) LONDON, Nov. 22.—Drastic economy in all municipal expenditures during the period of the war is the order of the day in England. The treasury has enjoined upon all city and village corporations to keep down their capital expenditures as closely as possible, and the Local Government board, which has the supervision of these bodies, has notified them that unusual expenditures except on account of imperative public health requirements or to facilitate the output of munitions will not be sanctioned.

In London the education committee of the county council proposes to save more than \$1,500,000 of the estimated cost of \$20,000,000. Fuel alone is the exception as the higher prices prevailing will mean an increase in cost of \$50,000. There is a cut of nearly \$600,000 in teachers' salaries, which is made possible by the fact that many have enlisted in the army, and the schools will get along with a smaller staff. Children's meals, and books, which have been provided by the municipality to a certain extent will be sacrificed to the amount of \$170,000, and there will be a drastic cut in such luxuries as paint and repairs.

The corporation of Liverpool is making a big saving all along the line. Street repairs will be reduced from the average of recent years by \$150,000, and \$25,000 will be saved on the single item of flower beds in the parks.

The changed conditions of wartime themselves have brought about considerable saving to the cities. Four thousand employees of the city of Liverpool are serving in the army and navy. Nearly a third of the London police have enlisted, and there are only 2,900 men

English Home Guards Are Well Trained Men

(Correspondence of The Associated Press.) LONDON, Nov. 15.—The Home Guards, composed of brokers, clerks, agents and other men exempt from active service showed themselves a well trained and physically fit body of troops at the recent inspection of Lord Kitchener. When the civilian troops received per-

mission from the war office to organize, they encountered ridicule in many quarters. But they bought their own uniforms and went to work with a will. Every afternoon squads drilled in the courts and buildings and in the public parks, and Saturday afternoons and Sundays the men either went to the country to practice trench digging or harden themselves by marching. Volunteer corps have sprung up all over the country and could face a hard campaign as well as or better than the second line troops in conscription countries. Its members are generally over 40 years of age.

ENFORCEMENT OF LAW TO TEACH TURKISH POSTPONED

(Correspondence of The Associated Press.) ALEXANDRIA, Egypt, Nov. 25.—The enforcement of the new law requiring the use of the Turkish language as the principal teaching medium has been postponed so far as the American protestant college in Syria is concerned. This was obtained by the president of the college, who made a personal appeal to the authorities at Constantinople. Turkish will be taught as a secondary language until the students become thoroughly grounded in it.

COTTON SEWING THREAD IS GROWING SCARCE IN GERMANY

(Correspondence of The Associated Press.) BERLIN, Nov. 25.—Cotton sewing thread has become so scarce that the German military authorities have announced officially that within a short time certain exceptions will be made to the order issued last August, forbidding the production of thread out of cotton.

Priceless Relics Found in Ancient Korean Tomb

(Correspondence of The Associated Press.) SEOUL, Korea, Nov. 25.—Priceless relics of a Koreanera fixed at 1,500 years ago have been found during excavations at the tomb of the old Shilla dynasty tombs of Korea at Kyongju. Workmen engaged in the restoration of a nine-story tower discovered an old stone coffin containing a jeweled ornament, a gold bell, a silver bell, a gold vase, a stone gourd, some exquisite comma-shaped jewels and other relics.

In this connection it has been noted that one of the three sacred treasures of Japan which symbolize the sovereignty of the emperor is a comma-shaped jeweled necklace. This jewel is borne to Kioto for use during the coronation ceremonies.

Women Should Get This Habit As Well as Men

Don't eat bite of breakfast until you drink glass of hot water.

Happy, bright, alert—vigorous, and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood.

If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Advertisement.

Do You Want A Better Position?

Each day some good, responsible business firms find it necessary to look for additional help to conduct their business.

The Help Wanted columns of the daily papers are the best means of filling the many wants of the modern business.

By watching the Help Wanted columns of The Omaha Bee closely, you will find a number of good positions open from time to time. Answer the ones that look best to you.

Everybody reads Bee Want Ads.

Reliable Laxative Relieved This Baby

Child was Badly Constipated Until Mother Tried Simple Remedy.

In spite of every care and attention to diet, children are very apt to become constipated, a condition responsible for many ills in after life unless promptly relieved.

Mrs. C. W. Wilson, of Shelbyville, Tenn., had trouble with her baby boy, Woodrow, until she heard of Dr. Caldwell's Syrup Pepsin. "I can safely say," writes Mrs. Wilson, "that the best remedy of its kind on earth, it acts so gently and yet so surely. Little Woodrow was very badly constipated and we could find nothing that gave relief until we tried your Syrup Pepsin, which gave immediate relief."

Dr. Caldwell's Syrup Pepsin is a compound of simple laxative herbs, free from opiates or narcotic drugs, mild in action, positive in effect and pleasant to the taste. It has been prescribed by Dr. Caldwell for more than a quarter of a century and can now be had for fifty cents a bottle in any well-stocked
