The Season's First Great Sale of Furs

A Big Purchase of Several Thousand Dollars' Worth of Furs From a New York Furrier

This sale will show you the potency of ready cash in securing special prices. Our buyers had first selections from the stock of one of New York's leading furriers, and we purchased them at a saving of nearly one-half in certain lots. The purchase consists of samples in COATS, SETS, SCARFS AND MUFFS; also many small lots that he was unable to duplicate on and cleaned-up stock.

Every piece of fur is guaranteed by Brandeis Stores—guaranteed for quality—guaranteed for value—guaranteed for correct fashion—guaranteed for lasting satisfaction. You could not do better—nor so well—at a February clearance sale, as far as values go. And no clearance sale could give you this assortment of fine, new, rich, fashionable furs. No reason at all for waiting until later.

A small deposit will secure any of these bargains, and will hold until Christmas.
