KIDDIES TELL OLD NICK THEIR WANTS

Santa Claus Takes Notes When Boys and Girls Tell Him Their Desires.

CROWDS SEE REINDEER MAN

These are busy days for Santa Claus. After eleven months spent in the workshop up at the North Pole making toys and keeping the reindeers in good shape, it's quite a change to come to Omaha and spend your time in Toyland where the children are trooping joyously through all day long.

But Santa Claus likes it. Bless you, of course he does. And he has a cheery word for every little child that comes to shake hands with him. He has more than that. At one Omaha department store he began yesterday giving away a box of candy to every youngster who came to see him.

The way that news spread through the city was like a cross-town street car. In just a jiffy after the candy-giving had been discovered by a few early birds it was all over town.

Came Like a Flood. From all directions the flood of kids came. The Pied Piper of Hamilton crowd was more handful compared to this juvenile army.

They stormed the doors. The railing in front of Santa Claus' sleet-covered house was soon a jam of eager youngsters. They filed past all day, each being presented with a little box of sweets. A couple of policemen had to be called in the afternoon to help handle the crowd.

The Santas in the other stores had a busy day, too. One of them has a house all his own with doors and windows and everything. Inside there's a fireplace and Santa sits on a big sofa. All about the walls and on the floor and mantelpiece are toys, toys, toys.

And such a jolly old soul as he is! In his red suit bordered with white fur and his white whiskers and white hair and with his jolly laugh and kindly inquiry as to what each youngster wants, why, he's just grand.

"Ha, ha, ha," laughs Santa as the kids stream in and he shakes their eager hands and now and then pats one on the head. "Ha, ha, ha, I am so glad to see such nice little boys and girls. Come right in, don't push. This is my busy day. Saturdays I'm always busiest. You must come sometimes another day. Then we sit down and have a nice long talk. Saturdays I can't talk so long. It's my busy day."

A little boy is stopping after his hand-shake. His face is serious and determined. He has evidently given long and serious thought to this occasion.

"Sandy Claus, I want either a tricycle or a bicycle for Christmas," he says. "All right, my boy, all right," says Santa. "I'll remember it." And then calls after him to go to the door Santa calls after him as though not quite sure. "A tricycle or a bicycle?" and the boy nods his head vigorously.

And so the stream continues. A youngster rushes back. He has forgotten something. "I forgot to tell you, Sandy Claus, my little brother wants a drum. He couldn't come today. His name is..."

Santa keeps a book and pencil, for there are certain practical youths who believe it is safest if Santa puts down the name and address so as to be sure he doesn't forget. "It's the next house to the corner," some will say, and Santa writes down, "next house to the corner" in the book. No chance for him to go wrong on such an order.

The Redhurst at 106 North Twenty-fifth street is not an inviting place for a man who enters the front door after dark and cannot satisfactorily explain his mission.

Last evening a derelict entered through the unlocked front door and muttered sundry mutterings in a manner which suggested that he was displaced over something.

Miss R. Hull, proprietress, emerged from her room, which opens into the hallway and inquired from what part the stranger might have sailed or whether he was bound.

While Miss Hull was holding a conversation with the man, Mrs. G. W. Doane, an upstairs occupant and secretary of the Associated Charities, fell into line with an armful of blue-steel hardware on the first landing of the stairway.

"You telephone for the police, while I pacify him with my revolver," shouted Mrs. Doane to Miss Hull. Rushing with considerable alacrity to her telephone, Miss Hull summoned the gardener.

Colonel Welsh Gives Sunshine Once Over and Becomes Poetic

"This fine winter weather is just breaking my heart with pleasure," said Colonel Welsh of the weather bureau, "no, no, we mean Colonel Welsh of the weather bureau."

"Sounds like the ache of a cursing heart or the curse of an aching heart or something," said the caller.

"Sounds like ready money to me," said the colonel cheerily. "Just look out there at the sunshine caressing the roofs of our beautiful city, the circumbient breezes purring melliflously among the branches of the trees, the little birds chirping and twittering their glad songs of praise, the very airman going about his duties with a song on his lips. I tell you this is fine winter weather."

"Nobody can complain except the coal man," said the visitor.

Doane College. Guy Green, graduate of Doane, who is acting as toastmaster at the banquet of the foot ball team, arrived today from Lincoln.

The captain-elect of the 1916 "Tiger eleven" will be announced at the annual foot ball banquet to be held at the Congregational church parlors Friday evening.

The final statement of the athletic management at Doane college for 1915 shows the largest receipts in the history of the school from the 1914-15 season. It shows support of the Crete business men and residents and the united effort of the student body swayed the record of four games at home to over \$500.

Lloyd Whitehouse, freshman at Doane, was elected captain of the basket ball team last Wednesday night. Whitehouse was formerly a member of the Hastings High school and was one of the ten men picked for the mythical All-Nebraska team in intercollegiate circles last year.

The first meeting and practice of the basket ball squad at the opera house last night drew a large number of spectators. Although none of the players had any experience with college basket ball, Coach Schuler hopes to put a team which will give the remaining state colleges a hard battle for honors.

A number of promising high school candidates are in the lineup and the prospects for a successful season are fair.

The representatives of the various classes of the college held a meeting Friday morning to revise the rules of the annual flag scrap between the college sophomores and freshmen. As both of the contesting classes are large in number, one of the liveliest scraps ever held in the school is looked forward to by the upper classes.

Although the exact date of the affair is never set, it is expected about the middle of the coming week.

Word has been received by college authorities that John Hall, graduate of Doane in '09, has been appointed executive secretary of the Young Men's Christian church of Cleveland, O. This church with its \$400,000 plant has formed a church and industrial department with physical departments as well as social, mental and moral. It is an institution somewhat on the order of the Young Men's Christian association included in the regular church. Mr. Hall is not a minister, but simply a layman, and his social work of the church. His salary at the beginning is said to be in the neighborhood of \$3,000 per year.

Grand Island College. College will close for the Christmas holidays Wednesday, December 16, at 12:30 p. m. Dr. Sutherland was the preacher at the First Baptist church of Grand Island Sunday, December 6.

Rev. Ezra Temple of Phillips visited the college Wednesday morning and took part in the chapel exercises.

C. A. Sorrenson, class of '13, has accepted the invitation of Henry Post to join his European tour and will depart for New York Wednesday morning.

Rev. Elisha H. Jackson of the class of 1902, who has indicated his acceptance of the Grand Island Baptist church, will move on the field and begin work January 1.

The debaters have finally decided on the question of the "Minimum Wage," as the subject of the triangular debate with the Hastings college and the Kearney Normal school.

The members of the faculty are submitting the question of the "Minimum Wage," as the subject of the triangular debate with the Hastings college and the Kearney Normal school.

Welfare Board in First Meeting

Proposed Loan Agency One of the Things Engaging Attention of Members.

Mayor Dahلمان Attends. Thomas F. Sturges, Rabbi Frederick Cohn, J. S. Walters, Sophus Noble and J. A. Rine, constituting the new Welfare board, held their first meeting Sunday evening in the office of the city attorney, with Mayor Dahلمان attending.

The session was devoted to a sectional consideration of the new ordinance which was read by Mr. Rine and discussed by the members.

Of special interest was the feature referring to a proposed loan agency which is provided for in the ordinance, a stipulation being that city funds shall not be used. Rabbi Cohn expressed the hope that within a short time after the board shall have been in operation some public spirited man will offer funds for use by the board under conditions similar to those of the Welfare board of Kansas City.

Mr. Sturges read a report of the Kansas City board, showing that during a recent year \$168,322 was loaned and only \$167 returned on an account of loss. The charge was 3 1/2 per cent.

Mayor Dahلمان told the members he expected the board would prove to be a live factor in bettering various conditions in Omaha and he urged the members to maintain an active interest.

Mr. Walters called attention to recent observations he made of crowded conditions at moving picture shows and of careless maintenance of doors and exits. Rabbi Cohn referred to various immoral and improper pictures being shown at some of these places of amusement.

The board understood from the ordinance that they will have full power to correct conditions in houses offered for rent, holding owners responsible.

Members will be furnished with badges and credentials which will give them authority to enter any public place at any time.

It was understood that the second assistant city attorney will have charge of the legal aid work until a regular appointee has been selected for the place.

Work of Coming Weeks. Until the city council approves the 1916 budget the board will not enter upon any extensive campaign, but will devote the next few weeks getting familiar with the scope of their work and discussing what has been done in other cities where welfare boards have been established, Kansas City being a notable instance.

Mr. Sturges was elected chairman and Mr. Rine will serve as secretary. Another meeting will be held on Monday evening.

Gayety Has Good Show for Current Week on Boards. Musical burlesque that is really musical, because good singers are presenting it, is offered at the Gayety for this week's bill.

At the opening chorus last night, the large company of principals and chorus girls ably demonstrated that they can sing.

Furthermore, the company includes a lot of "good-looking," creates plenty of fun, has the sparkle and snap essential to successful extravaganza, shows some classy wardrobe and is also "there" with the dancing.

As proof of the tough-compelling qualities of the show, it need only be said that last night a young woman got to laughing so hard at the fun that she fainted herself and had to be carried to the hospital.

Will J. Kennedy heads the company. He will be remembered for his comic work in past seasons as a rube sherriff the fellow who says, "I'm a god damn br-r-r-ave man, I am!" The best thing about his comedy is that it is clean cut and distinctive. Kennedy is still "coming," too; he has appeared fustier each season, and during a single performance, his comedy seems to grow on the audience, so that the longer he is at it, the better he becomes. Jack Miller also is a capable and popular comedian, and in a specialty and also with Kennedy and Harry Kelly, makes quite a hit. Harry Evans is a little fellow, who excels at freak dances.

Lynne Canter has one of the best female voices heard at the Gayety this season, such voices as hers are quite exceptional in burlesque. Flo Davis is a regular flash of lightning as a soubrette, being both clever and gingery in both songs and dances. Lily Forsythe and Lettie Blackford also are pleasing to the ear. One of the big hits of the show is the Carnival Four, a male quartet of tremendous pulling power, consisting of Jack Witts, Billy Lynch, Charles and Andy Smith.

AGED CORPORAL GIVEN WAR CROSS BY FRANCE

(Correspondence of The Associated Press.) PARIS, Nov. 22.—One of the soldiers who recently received the war cross is Corporal Charles Surugue, former mayor of Auxerre, a 75-year-old volunteer, who has been at the front from the beginning of the war. A citation in the order of the day says that the aged volunteer has participated as sapper and miner in all the work of the trenches, night and day, under the enemy's fire without once weakening.

Monsieur Surugue is a veteran of the war of 1870. He had received the red croix of the Legion of Honor before the war.

Listening to Good Purpose. There is a species of sentry groups employed near the trenches. They are called "listening patrols" and their duties are to be always on the alert and give timely warning of any attempted attack. One night an officer on his rounds inspected a listening patrol stationed in an empty farm. He asked: "Who are you?" The reply was: "Listening patrol, sir."

"What are your duties?" "We listen for the hen cackling" and then he pinches the egg, sir.—London Mail.

ARTESIAN WELLS FOR THE PEOPLE OF ISLAND OF LEMNOS

(Correspondence of The Associated Press.) LONDON, Nov. 15.—When the first British naval forces landed at Lemnos, near the entrance of the Dardanelles, they were surprised to find that the island, which has an area of 300 square miles and a population of 30,000, was practically destitute of drinking water, except for uncertain supplies from a few small springs. The allied troops were supplied with mineral water sent in shiploads through the generosity of a French woman in Marseilles.

The British authorities promptly sent to Canada for engineers, who are now engaged in sinking artesian wells which will guarantee the people of Lemnos a reliable and abundant water supply.

School and College Notes

evening in the dining room of the Presbyterian church. The attendance was the largest in the history of the school. The last evening of the year and it is looked forward to with real interest on the part of both the student body and the alumni.

The college had a larger number of visitors than usual during Thanksgiving vacation. Among them were Superintendent H. C. Welker, W. O. Gordon, and three of his high school boys, who were on their way to the High School Boys' camp at Lincoln; Messrs. Hatten and Philbrick of Fullerton, Rev. J. P. Anderson and wife of the Second church of Lincoln; Miss Maria Tripp of Kearney, Nebraska State Medical school, Mr. Rodney Dunlap, 12, of the high school at St. Joseph; Miss Mary Hatten, 13, of the Gothenburg High school; Miss Ethel Decker, 15, of Waverly; Mr. George Kline, who is in the engineering school of the university; Miss Day and Miss Buck of Superior, Milton Mook of Lincoln; Miss Nora Tripp of Kearney, Mrs. Rosenau and sons, of Alexandria. A number of these were former students of the college.

York College. President McLaughlin made a flying trip to Hot Springs, Ark., last week. Basket ball practice has started in earnest with the best team the college has ever had.

Prof. Munger gave two out of town readings the latter part of the week. He read "The Fortunate Hunter" and "The Fortune Hunter."

The first number of the college lecture course will be given on Friday evening of this week. The lecture course was delayed on account of the Lowry meetings.

At a recent meeting of the athletic board, Dr. W. O. Gordon, Chairman, Walter Young, Jake Gur, Galt Bush, Leland Storer, Percy Sanders, Cyrus Smith, George Kline, and J. A. Rine, and Rev. Mr. Ritchey of the local Christian church and Chancellor Geescher of Col. ney university, visited chapel on Monday, November 29. Rev. Mr. Ritchey conducted the devotional exercises and Chancellor Geescher gave a short address, which was very much appreciated.

An average total of 2,500 people visit the Young Men's Christian association every week day, making a weekly attendance of about 15,000, and during an average week, 150 or more meetings, classes and miscellaneous gatherings are held in the building.

These surprising figures were recently tabulated by General Secretary E. F. Denison of the association, who wanted to find out to what extent the building is being used by the members and friends of the association, and by the public in general.

Actual count with an automatic counter showed the number of persons who daily pass through the doors of the association. Then to determine how many meetings, classes and other gatherings are held in the building, Secretary Denison had a count made of them for a week by his heads of departments. The figures showed the following meetings, classes and other gatherings in the various departments: Educational, 90; boys, 14; physical, 28; religious, 21.

Wise Cat Was He. Two suburban gardeners were swearing vengeance on cats. "It appears to me," one said, "that they seem to pick out your choice plants to scratch out of the ground."

"There's a cat," the other said, "that fancies my plants and then sits and actually defies me."

"That's what makes me mad," was the reply. "I'll get a trick at him; I'll ask the first speaker."
