IT WOULD seem that Omaha girls are more than making an excellent representation in eastern colleges, both in their numbers and their work.

Miss Euphemia Johnson, principal of Brownell Hall, returned Tuesday from an itinerary that included visits to all the woman's colleges of note. The object of Miss Johnson's journey was to learn from personal investigation the policies of the different colleges, to see how her former pupils were doing at college, and to make arrangements for next year for the entering of Brownell Hall girls in Mount Holyoke, Vassar, Wellesley, Smith, Bryn Mawr, Barnard and Radcliffe.

At a conference where nine fashionable schools were represented Miss Johnson had an excellent opportunity to study the foremost "finishing" schools.

At Miss Johnson's own college of Barnard she had a delightful visit and meeting with friends.

At Vassar Miss Erna Reed entertained at tea for Miss Johnson, assisted by other Omaha students.

Miss Margery Smith was hostess at a tea at Bryn Mawr, given in honor of her former principal, and Miss Margery Swett, formerly of Omaha, was hostess at an afternoon affair at Smith college.

### Betrothal Announcement.

Mr. and Mrs. Myron R. Williams of Springfield announce the engagement of their daughter, Marion Virginia Williams, to William Francis Williams, eldest son of the Rev. John Williams of Omaha. The wedding is to take place next summer.

It was while at a college function in Cambridge that the young people met and a mutual friend jokingly referred to the similarity of the names when introducing them, saying that here were two persons with but a single name. The groom-to-be graduated from Harvard college in 1911, and Miss Williams will graduate from Radcliffe college next June. She is subscription manager of the college paper, the Radcliffe News, which put a new beat over the metropolitan press by first announcing the young people's betrothal.

A new neighborhood drama circle has been the outcome of the revived interest in the drama in Omaha as well as elsewhere. One of the most telling incidents of the new circle is the fact that it formed itself, making a class without solicitation for membership or any attempt at organization. It is starting with a membership of twenty, under the leadership of Miss Kate McHugh, and will meet Wednesday morning with Mrs. Warren Blackwell.

### Mrs. Brogan's Guest.

Mrs. Elwood C. Larkin of New York City, on her return from the Pacific coast, will arrive in Omaha Wednesday to visit Mr. and Mrs. Francis A. Brogan, over Sunday. Many small informal affairs are in planning for Mrs. Brogan's guest.

## Woman Who Has Been Over War Zone Speaks Here Monday

The impressions gained by an American woman, Mrs. Hilda M. Matthey of Davenport, Ia., in her travels through the war zones of East Prussia and Belgium, will be shared by her with the residents of Omaha on Monday evening at the Omaha Musikverein hall, Seventeenth and Cass streets. Here she will deliver her illustrated lecture, "My Experiences in the War Zones."

Mrs. Matthey is the only American woman privileged by the imperial government to travel through the war zones of East Prussia and Belgium. Her husband, a leading physician and surgeon of Iowa, has since the war been in charge of a military hospital at Allenstein in East Prussia.

During her six month's tour of Germany and Belgium, she made a close study of existing conditions. She viewed the terrible havoc wrought by the big battles, visited the trenches all the way to the Russian border and part way into that country, visited hospitals, prison camps and various other institutions now playing an important part in German life by reason of the war.

## Three Big British Labor Societies Form Federation

LONDON, Dec. 9.—The largest labor organization in the history of England, representing about 2,000,000 men, was formed today for the purpose of offensive or defensive action in matters affecting working and wages and condition of work.

The organizations composing the alliance are the Miners' Federation, the National Union of Railway Men and the National Transport Workers' union. The constitution adopted today provides that joint action can be taken only after the consent of the three organizations concerned is obtained.

## New Green Gold is Popular This Year

The jeweler craftsman has produced many new items this year and "Madame La Mode" has had something to say about it as well. One of the latest features of goldsmithing is green gold. This gold is described as fifteen karat fine, made necessary by the alloy. Jewelers explain this process by saying it takes fifteen parts of pure gold mixed with nine parts of alloy to obtain the green tint, and the alloy must be of certain metals to blend with the gold.

The stamp of approval has been placed upon this new color gold by makers of spoons.

The brooch has again come in the height of popularity, jewelers say. To a considerable extent it has replaced the long bar pin. "We welcome the return of the popularity of the brooch, as it is the most practical ornament in the matter of pins ever used," said a jeweler.

Jewelers are showing more new items this Christmas season than for several years past. The tendency in the gift line is to make the gift a personal affair, and mission jewelry is filling the need in this respect very well, jewelers say.

## Open Discussions at Jacksonian Club

This Saturday evening at the club headquarters, on the sixteenth floor of the City National building, Thomas B. Murray will read a paper on "The Problem of National Revenue, Effects of Direct as Compared with Indirect Taxation." On December 15, J. J. Dunn will read a paper on the question of preparedness.
