Want Money?

Let me tell you how to get it. Idaho land is full of it, and the land isn't very high-priced, either. Climatic and living conditions are excellent—electricity used for cooking, lighting and heating on many farms—educational advantages unexcelled.

There are many tracts of land—irrigated and non-irrigated—suitable for all kinds of farming, for sale cheap and on reasonable terms. Seed raising highly profitable. I will give complete information to you free for the asking.
