"A Real Estate Man's House" You hear a great deal about the substantial old house; about how much better people built years ago; how everything was done by hand; how much better materials were used, and so on. As a matter of fact, there are no better examples of building known than the houses which are built today by the established real estate men of a city like Omaha.

Persistence is the cardinal virtue in advertising; no matter how good advertising may be in other respects, it must be run frequently and constantly to be really successful. Let The Bee get you a good job. "Situations Wanted" ads are free
