Wheat Receipts Are Light, Demand is Quite Active and Prices Remain Steady.

CORN IS CENT TO TWO HIGHER

OMAHA, January 4, 1916.

Cash wheat was steady, selling at practically unchanged prices.

The wheat run was rather light today, but the demand for this cereal was quite active and most of the samples on the tables were sold.

The receipts of corn were also light and there was sufficient demand to take care of the light offerings.

The bulk of the sales of corn ranged from 1 cent to 2 cents higher, but a few cars of the poorer grades sold at unchanged prices.

Oats were trregular, selling from 4 cent higher to 4 cent lower. The demand for oats was moderate and the receipts were light.

There was a fair demand for rye and barley and these markets were quoted unchanged.

Prices on Board of Trade.

CHICAGO, Jan. 4—Improved export demand brought about an advance in the wheat market today after an early decline. The close was strong 2%c to 2%6 2%c not higher, with December at \$1.25% and May at \$1.18%. Corn finished with a gain of %c to %6%c and oats of %6%c. Provisions underwent a setback of 507%c to 20c.

Leading exporters who have been decidedly bearish heretofore as to wheat made a sudden turn today to the bull side. Sales to Europe were said to aggregate 1,136,000 bushels. The foreign inquiry was felt at nearly every important trading center and notably so in Kansas City, Omaha and Winnipes.

Gossip that a widely known speculator was reinstating a big line of long wheat had a good deal to do with spreading buillish sentiment. This did not happen, however, until soon after the opening, a substantial break in prices had been forced, mainly in consequence of lower quotations at Liverpool.

Corn swayed with wheat. The late rally, though, was somewhat influenced by the smallness of receipts and by some inquiry from the seaboard.

Oats showed relative strength throughout the day. The chief reason was the wide discount of oats under corn.

Provisions were bearishly affected by the increase shown in the monthly report of warchouse stocks here and in the west. Steadiness in the hog market was ignored.

FIGS SHEEP-A very liberal supply was on hand, about staty-eight cars, or 16,000 head, arriving. The two days total of 27,584 head is the inrgest since four weeks ago, being nearly three Limes as heavy as last week and 1,300 heavier than two weeks ago. but smaller than the same days last vear by some 8,000 head. Heceipts were profity generous at most other points as well as here, and packers took advantage of the size of the supplies to make an effort to trim off the advances scored yesterday.

Trade was slow in getting started, but first sales when finally make looked fully logific and in spots as much as a quarter below Monday. The market never became anything but a slow, draggy affair, and

anything but a slow, draggy affair, and trade dragged along through the whole forencon, quite a number of tamba being atili in first hands at midday. Sales made

forenoon, quite a number of lambs being atill in first hands at midday. Sales made up to noon were quoted as weak to 10225c lower, most of them showing anyway a 10215c decline. Best price paid was 13.25, good eighty-pound Mexicans bringing that figure after being held all ferenoon at 53.26. Most of the sales ranged downward from 20.25 to 20.00, with some even below that. Clipped lambs at 33.25 did not look to be far from steady.

Muttons were in good supply, and on the whole were slow sellers. A few of the best ewes moved readily enough early at prices that were close to steady, good light Mexican ewes going to a shipper at 35.25. Anything weighty, however, found the outlet poor, and heavy stuff on the native order attracted little or no attention, bulk of the ewe offerings being still in first hands at midday.

Peeders were in slim supply, although several loads of a fleshy sort went for stearing purposes at 38.35. Feeding ewes made 35.25.

Much comment was occasioned in banking circles by the further decline in exchange on Germany to 75%, the lowest rate recorded since the outbreak of the war, and probably without parallel. In marked contradistinction of this movement, demand sterling rose to 4.74%, the highest quotation since last August.

Painful Swollen Veins Quickly Relieved and Reduced

Mrs. R. M. Remier, of Federal, Kansas, writes an interesting account of her success in reducing a severe case of enlarged veins that should be encouraging to others similarly afflicted. She suffered with badly swollen and inflamed veins (in fact, one had broken), for more than seven years before she became acquainted with Absorbine, Jr., and used it. Absorbine Jr., was faithfully applied for several weeks and, to quote from her letter, "The large knots in the veins left, it was all nicely healed, and has not bothered me since."

Absorbine, Jr., is an antiseptic liniment-healing, cooling and soothing. Safe and pleasant to use. \$1.00 and \$3.00 at your druggist's or postpaid. Liberal trial bottle postpaid for 10c in stamps. W. P. YOUNG, P. D. P.
