

NEWLANDS ATTACKS HIS PARTY'S RECORD

Nevada Senator Says European War Counteracted Blunders and Saved It from Defeat.

NEW TARIFF ACT IS FAILURE

WASHINGTON, Jan. 11.—Senator Newlands of Nevada, democrat, attacked his party's record in the senate today, delivering a long prepared speech in which he criticized the tariff and banking reforms—the chief legislative achievements of the Wilson administration. He declared that because there had been industrial and commercial depression continuous with democratic control of legislation, the party would be in danger of defeat at the next presidential election unless the European war continued, and made the president's "sagacious and firm" handling of foreign affairs the overshadowing issue.

Although he characterized the general trend of democratic legislation as commendable, the senator asserted that the party was too radical and expressed the conviction "that no political party can hope to remain in power which adopts radical instead of evolutionary methods of reform."

War Saved Party Two Years Ago.

Danger of a democratic defeat in the congressional election of 1914, he said, "was averted only by the European war, which brought into sudden contrast the president's policy of watchful waiting regarding Mexico with the made haste of the European nations as they rushed into war, and which made that policy as popular as it had theretofore been unpopular."

"The realization that similar prudence would keep us out of European complications," he added, "saved the party at the last election from the defeat which would have surely come as the result of general prostration of business, popularly attributed to our economic legislation."

"It would not do to charge this to the European war, first, because that war, though injurious to our production and trade in its inception, has since become a stimulant to production and export, and, second, because the commencement of this depression antedates the European war and was contemporaneous with our legislation regarding the tariff, banking and trade."

Will Face United Opposition.

"We are about to face a united republican party, chastened by adversity and eager to persuade, and the question is whether the democratic party, having done much under this administration in the interest of genuine reform, is again to be thrown out of power and deprived of the opportunity of continued usefulness, simply because an intervening period of depression subjects us again to the charge of democratic hard times with its accompanying loss of votes."

"It is safe to say that the manufacturing, the banking and the large corporate interests are hostile to the democratic party, and that their employes are also preparing to throw their weight against it simply because its administration had not brought good times, but on the contrary has, in their judgment, brought bad times."

New Tariff Law Failure.

"Regarding the tariff, my view was that our undertaking was not to immediately adopt a theoretically correct tariff system, but simply to climb gradually down from the protection heights upon which the republican party had erected the manufacturing interests of the country, not to jump down at the risk of destruction, but to climb down, slowly and laboriously with a view to preserving, as far as practicable, every American industry and injuring none."

"When we came to a practical realization of what we had promised by legislation, we were indeed, I thought, to go too fast and too far."

Grand Jury Calls Labor Leader and Steel Plant Owner

YOUNGSTOWN, O., Jan. 11.—The grand jury investigation into the strike at the plant of the Youngstown Sheet and Tube company was resumed here today with a score of witnesses waiting to testify.

The gates at the Republic Iron and Steel company's plant, where 7,000 men have been on a strike since December 27, reopened today. Operations probably will be resumed in some department late today, President Thomas J. Fry said at noon that more than fifty per cent of the employees had notified him that they would return.

The Youngstown Sheet and Tube company posted notices at its plant today that the wages of skilled employees now receiving 40 cents an hour would be advanced to 42 cents, and those receiving 30 cents to 32 cents. The advance, it is claimed, affects about 3,000 men.

Subpoenas were served on Thomas H. Flynn, general organizer of the American Federation of Labor; James A. Campbell, president, and C. S. Robinson, vice president of the Youngstown Sheet and Tube company, to appear this afternoon before the grand jury. Mr. Flynn, it is understood, will be questioned regarding a statement in which he claimed that the riot in East Youngstown was a financial scheme to depress the value of stock of the tube company.

Would Modify Reserve Act.

"I think it would be wise to shape the way for legislation during the next session by making the reserve board non-partisan, merging the commissioner's office with all the powers and duties of the reserve board, and doing away with all capital requirements beyond the percentage of reserves of member banks now required."

MOHR TRIAL STARTS AT PROVIDENCE—The case of Mrs. Elizabeth Blair Mohr, Cecil Victor Brown and Henry Spellman, the two negroes with whom Mrs. Mohr is alleged to have conspired to kill her husband from ambush on the night of August 31, 1915, is bound to attract widespread attention.

AUSTRIANS DEFEAT THE MONTENEGRINS

Teutons Take First Line of Defense at Mount Lovcen After Series of Bloody Assaults.

WARSHIPS AND GASES AID

PARIS, Jan. 11.—Details of recent fighting in which the Montenegrins were driven back by the overwhelming efforts of the Austrians are contained in a statement issued tonight by the Montenegrin consulate. The statement says:

"The Austrian offensive continues to be energetically pushed. The enemy greatly outnumbered us and has been attacking furiously on the eastern front from Ipek onward."

"We repulsed him several times with such heavy loss that our troops, to recapture their lost position, were forced to climb over masses of bodies. Nevertheless, we have been obliged to evacuate Berane."

"Austrian attempts at Rugova and Mojkovac failed. By a counter attack we retook Tourlak, but the enemy having received reinforcements, we fell back on the left bank of the Lim."

"In the neighborhood of Gatzko enemy forces took several positions, parts of which we recaptured."

"For the last four days the Austrians have been delivering furious attacks on our Mount Lovcen front. Supported by a hurricane of uninterrupted fire from warships and the forts of Cattaro, the enemy advanced as far as our first line defenses. Our troops repulsed them time after time, inflicting enormous losses, but at night, as the result of a desperate struggle in which the enemy resorted to asphyxiating gases, the Austrians were enabled to occupy our positions at Kouk and Retatz."

"The fighting continues."

MASS MEETING OF G. O. P. IS ASSURED

Information Comes that Enough Signatures Are Obtained to Hold Harmony Conference.

SUGGEST NATIONAL DELEGATES

LINCOLN, Neb., Jan. 11.—(Special.)—Information comes that enough signatures have been obtained in the different parts of the state to call for a republican mass meeting to project a set of candidates for delegates to the national convention to make the meeting assured. The call fixes the date as January 19 and the place at Lincoln and states the purpose to be to agree upon a delegation that will represent the different elements of the party in order to head off a renewal of a factional fight.

It is understood here that the movement for this meeting originated in a conference held in Omaha shortly before the holidays at the office of State Chairman Walter A. George, at which were also present former Chairman E. M. Currie of Broken Bow, G. W. Wattles of Omaha, N. P. Hanson of Lincoln, and one or two others and that they also had assurance from ex-Chairman Epperson that he would be with them in the proposition. It is said the plan contemplates dividing the four delegates-at-large equally between the regulars and the progressives with Wattles, Currie, Epperson and ex-Mayor Love or some one else from Lincoln on the ticket.

The idea of a harmony delegation has so far not evoked any special hostility, although I. D. Evans of Kansas had a letter in the Journal protesting against the names mentioned for delegates-at-large and suggesting another set of names, almost all of them bull moose. It remains to be seen, therefore, whether the mass meeting will be sufficiently representative and itself harmonious enough to produce a harmony ticket that will spell harmony in the primary.

ITALIAN SHIP TRIES TO RAM SUBMARINE

Vienna Report Says Porto Said Committed Hostile Act After Raising White Flag.

CAPTAIN ABANDONS WOUNDED

BERLIN, Jan. 11.—(By Wireles to Sayville.)—A statement given out today by the semi-official Overseas News agency establishes the fact that it was an Austrian submarine which sank the Italian liner Porto Said in the Mediterranean last month, causing the death of six passengers and one member of the crew. It is asserted the steamship attempted to ram the submarine.

The statement follows: "In reference to the sinking of the Italian steamship Porto Said by an Austro-Hungarian submarine: "Vienna reports that the submarine ordered the steamship to stop. The Porto Said first attempted to escape, then ran up a white flag and halted."

"When the submarine approached the steamer, the latter suddenly steered at the submarine in order to ram it. At that juncture the submarine opened fire and hit the steamer, which again came to a halt and lowered boats."

"The submarine ceased firing, drew up to the steamship and observed that the persons in the boats which had put off from Porto Said were making for the coast without attempting to rescue those swimming in the sea. The submarine halted the boat containing the captain of the Porto Said. The captain was told that he would be shot if he did not save those struggling in the water."

"On the steamship were found two persons, one of whom was wounded. They were taken off in a boat from the submarine and after the wounded persons had been bandaged both were handed over to the captain's boat."

"It was not until after this had been done that the Porto Said was torpedoed. Meanwhile the submarine, while still giving assistance, was shelled by a hostile torpedo boat and a yacht."

Found Simple Remedy that Relieved Child

Mild Laxative Compound Corrects Stubborn Case of Constipation.

An important duty that devolves on parents is the regulation of their children's bowels. Health in later life depends in large measure on early training and a child should be taught from infancy to regular habits.

"When from any cause the bowel becomes congested with stomach waste a mild laxative should be employed to open up the passage gently and carry off the congested mass. A most effective remedy for this purpose is the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin. Mrs. W. D. Bulls of Reed, Okla., used Dr. Caldwell's Syrup Pepsin for her baby boy, Harley Buren Bulls, and says: "It did him more good than anything we have given him. His bowels are very stubborn about acting, but they act easily every time I give him Dr. Caldwell's Syrup Pepsin."

Dr. Caldwell's Syrup Pepsin contains no opiate or narcotic drug and is a splendid remedy for children and older people as well. It has been on the market for more than twenty-five years and is the family standby in thousands of homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle, free of charge, can be obtained by writing to Dr. W. H. Caldwell, 451 Washington St., Monticello, Ill.
