## SUFFERED 15 YEARS WITH PSORIASIS

Weeks at a Time in Such Misery Did Not Get a Night's Rest. Used Cuticura. In 18 Weeks Entirely Well.

107 N. Mesaba Ave., Virginia, Minn.—"Since I was fourteen years of age I suffered with psoriasis. I was in misery for fifteen years. For the first time or ten years it would come and go but each appearance would be longer and more severe until it refused to leave at all until I got so bad that I could not do any work. At times there was not a place on my entire body, excepting my face and hands that was not covered. Weeks at a time I would be in such misery that I did not get a night's rest. My body was covered with shiny white scales and under them was as red and inflamed as blood. They would crack open some half an inch in length.

"My husband was telling a friend of the condition I was in, and he too had been a sufferer of the same trouble and had been healed by Cuticura Soap and Ointment. I at once commenced the treatment. In eighteen weeks I was entirely well." (Signed) Mrs. Edwin Mitchell, June 22, 1914.

# Italia Irredenta

Whether Italy's entrance into the War was an act of "unparalleled perfidy," as Emperor Francis Joseph proclaims it, or whether it was justified and made unavoidable by a policy of treaty-breaking and temporizing on the part of her former ally Austria, is a question that drops into the background because of the more important one that is in many minds: Can Italy's army and navy turn the scale of battle and bring the war to an end in favor of the Allies?

In THE LITERARY DIGEST for June 5th, Italy's position as viewed from every angle by leading newspapers of America and Europe is shown, also A Fine Map of the Austro-Italian Boundary, Across Which the Italian Army Is Striking

The consensus of American newspaper-opinion seems to hold that Germany's reply to President Wilson's protest is evasive, and in some quarters there is grave apprehension that it presages a stand on Germany's part which may draw the United States into war. In this grave crisis the war news presentation in THE LITERARY DIGEST will be appreciated by all thoughtful people, giving, as it does, without animus, and without distortion, every feature as it arises.

The wide scope of the contents of THE LITERARY DIGEST, in the issue of June 5th is shown by the following interesting subjects fully covered and illustrated with striking maps, photographs and cartoons:

- Italy's Moral Position
- America Unready
- The Americas for Americans
- Rooseveltian Language Upheld
- How Europe Views Italy's Act
- Britain Swaps Horses in Midstream
- Starving Germany
- Sacrament Before Fighting
- Galicia's Vanishing Church
- Sculpture at the Fair
- Stilling Europe's Song Bird
- What Literature Reaps from the War
- Elbert Hubbard from an English Angle
- Gas as a Weapon
- Why Drinkers Are Fat
- Dental Deductions
- Illness From Spoiled Food
