LOBECK GIVES TALK TO POSTMASTERS

Congressman from Second District Delivers Address at Lincoln Convention.

STEPHENS VERSUS BALL GAME

(From a Staff Correspondent.) LINCOLN, June 9.—(Special.)—Congressman C. C. Lobeck of Omaha was the headliner at the postmasters' convention this morning and talked to the handlers of mail in an interesting way.

A paper by W. A. Danley of Chadron was given on the interesting and varied subject of "What a Postmaster Must Do, What He Must Not Do and What He Generally Does Do." This brought on a discussion which was entered into by several.

Parcel Post Problems.

"Handling Parcel Posts, Including Insured and C. O. D. Parcels" was the subject of a talk by George A. Allen of Clay Center. The discussion on the subject was led by Postmaster Osterman of Blair, who gave one of the most interesting talks of the session.

While all this was going on the ladies were given an automobile ride about the city and shown the state farm, after which all had their pictures taken.

Congressman Stephens Talks.

In the afternoon, all who did not take in the Sioux City-Lincoln ball game, listened to an address by Congressman Dan Stephens of Fremont, and a paper by E. S. Davis of North Platte on "Odds and Ends of the Service."

"Taking Over the Office by a New Postmaster" was a subject most of them had had recent experience with and the speaker, J. C. Carrig, was listened to with much interest in an effort to discover whether there was anything experienced by him not experienced by others. In the evening an entertainment was given at the penitentiary for the benefit of the visitors.

RIVER CUTS NEW CHANNEL AND BRIDGE HIGH AND DRY

McCOOK, Neb., June 8.—(Special.)—Red Willow county has the rather unique experience of having a river bridge at this point with the water of the river running in another channel. During the recent high water in the Republican river at this place the river cut a new channel south of this city and the full head of the stream was thus diverted about a quarter of a mile from its old channel and the bridge left high and dry. The farm of John Schmidt through which the river made a new channel, has been practically ruined. He was not long since offered \$1,000 for the forty-five acres comprising his farm, which is now practically worthless. The barn was carried away by the water, which finally stopped within a few feet of the brick farm house on the place.

LOSEY ASKS FOR PARDON

Convicted of Gambling, He Puts Up Plea that He Is Victim of Plot.

HIGH SCHOOL TALK BY ROACH

(From a Staff Correspondent.) LINCOLN, June 9.—(Special.)—The State Board of Pardons will meet tomorrow to hear the application of H. E. Losey of Sheridan county, serving a term in the penitentiary for gambling.

Losey says he is not entitled to a term of that kind and blames the county attorney for the arrest and conviction. He insists that he went to Sheridan county to take the management of the base ball club at Rushville in violation of the county attorney and that while he may have gambled a little he did not keep a gambling house as charged.

It is said that Losey's father served as sheriff of a certain Nebraska county for seven terms and also served in the legislature.

BRYAN'S ACTION GENERAL THEME

Public Men Divided in Their Views of the Result of Nebraskan's Resignation.

MAY YET AFFECT PATRONAGE

(From a Staff Correspondent.) LINCOLN, June 9.—(Special.)—The resignation of Secretary of State William J. Bryan and the effect it will have on the political situation in Nebraska, takes precedence today everywhere.

Many interested believe it will mean the closing up of the patronage trouble and that Senator Hitchcock will have undisputed right to appoint the men to fill the positions. Others think from that standpoint the fight will continue, giving as their reasons that President Wilson will be anxious to hold the support of the ex-secretary of state, and will be more than ever likely to accede to his wishes.

Generally the close friends of the secretary are backing him in his action, while his enemies are condemning him unmercifully.

What Judge Thinks.

A judge of the supreme court, who did not care to be named for publication, because of the non-partisan nature of his office, said today that he was trying to be as charitable toward Mr. Bryan as he could, but it appeared to him that Mr. Bryan was to say the least very unpatriotic to resign at a time when every citizen of the country should be forgetting personal feelings and giving his unrestricted support to the president in a trying hour. "I have always liked Mr. Bryan," said he, "and I am deeply disappointed to see him take this action."

Lobeck Remains Neutral.

Congressman Lobeck says he is neutral regarding the resignation of Mr. Bryan from the cabinet. He thought it would be "presumptuous" for him to criticize either Mr. Bryan or the president. He finally admitted that if the resignation was over the matter of arbitration he thought Mr. Bryan was right.

Congressman Dan Stephens of Fremont, said he was greatly surprised at Mr. Bryan's resignation, though he thought it perfectly natural that Mr. Bryan should resign under the circumstances, however, a national calamity. He did not think it would have any material effect on the democratic party and would have nothing to do with patronage.

ROADMASTER KNOCKED OFF MOVING LOCOMOTIVE

McCOOK, Neb., June 9.—An accident occurred yesterday on a freight train near Mix, Neb., in which Roadmaster O. Rosander of this city and Fireman Charles Wilson, also of the city, were severely injured. While the train was running at a rapid speed the injector pipe on the engine burst. In jumping back to escape the escaping steam, Fireman Wilson struck Roadmaster Rosander, who was riding on the engine to note track conditions, knocking Mr. Rosander off. The roadmaster sustained a fracture of a shoulder blade and dislocation of a hip. Fireman Wilson was severely injured by escaping steam. Superintendent Peckenpaugh of the McCook division was also riding the engine to note the track conditions over the territory which has recently been visited by heavy rains, but he escaped injury.

"An Old Man at 40" How often you hear that remark! How many such men there are! And how needless it is! Wrong food is the big cause. When one feels old at forty the first thing is to correct improper diet. The main fault with the dietary is often a lack of the vital mineral salts in food. Without these mineral elements old age steals on rapidly. To meet this very condition a food was devised which supplies those mineral elements such as phosphorus, iron, sulphur, etc. That food is Grape-Nuts Made of whole wheat and barley, this delicious food retains all the nutriment of these grains, together with the priceless mineral elements—notably lacking in white flour foods—which the system must have to build and maintain vigor and elasticity of body, brain and muscle. One can avoid this "old-age-at-40" business by proper eating and living. "There's a Reason" for Grape-Nuts Sold by Grocers everywhere.
