

HEAVY DAMAGES ASKED BY NURSE

Katherine Huber Asserts She Was Doped and Taken to the Office of an Attorney.

NYSTROM DENIES KNOWLEDGE

Miss Katherine Huber, 2911 Ames avenue, a nurse, in a suit for \$15,000 damages against John Nystrom, proprietor of the Kountze Park Memorial hospital, filed in district court, alleges that she was given wine, which caused her to lose control of her senses and was taken to the office of an attorney in the Omaha National bank building, and that an attempt there was made to compel her to make an affidavit as a witness in another pending suit. She escaped with the assistance of her mother, says her petition.

On May 21, Miss Huber alleges, John O. Nystrom and Josephine Nystrom went to her home, took her in a car to the Kountze Park hospital, 2207 W. 17th street, and gave her a glass of wine, which caused partial loss of consciousness. From there, she asserts, she was taken to the office of an attorney, where a threat was made that unless she signed an affidavit in another case, her reputation would be damaged. With the aid of her mother she escaped, according to her petition.

The desired affidavit, says Miss Huber, related to a damage suit brought by Stephen A. Scott against the hospital management. "I know nothing about these charges," said Nystrom. "Miss Huber was a nurse in the hospital at the time Scott was here, and I consulted her regarding evidence which I believed she could give. The charges are not true and are ridiculous."

Grief Causes Death of Mrs. O. E. McCune is Belief of Friends

Grief over the death of her husband, who died two years ago, is thought to have caused the death of Mrs. O. E. McCune, who passed away Thursday at the Lord Lister hospital. Mr. and Mrs. McCune had been married twenty-three years when Mr. McCune died.

Miss Rosalind Hill of the Redhurst apartments, where Mrs. McCune lived, has been appointed administratrix of the estate.

Funeral will be held today at 2 o'clock from the Cole-Mokey chapel. Burial will be at Forest Lawn cemetery.

Firemen Not to Get Raise Until 1916

Commissioner Withnell states that Senate File 77, relating to increase of pay of the firemen, will not go into effect until January 1, 1916, on account of lack of funds to carry out the provisions of the bill this year. He says the firemen are agreed to this proposition. The fire appropriation for next year will be increased \$20,000, as authorized by legislative enactment.

It is believed that the policemen will get their raises at the same time as the firemen, although it was expected that the increases would start next month. The police fund will have \$20,000 more next year.

The city legal department will be asked for an opinion as to the operations of the police and fire salary law.

Two Children Die of Scarlet Fever

The deaths of two children from scarlet fever have been reported to the health department in the last twenty-four hours. A 15-year-old boy, son of Mr. and Mrs. Griffin at 3021 North Twenty-second street, and a 4-year-old Serbian boy at 1210 South Twentieth street, were the victims.

The scarlet fever in Omaha is worse than it has been for a long time. One of the deaths just reported occurred a few hours after the first medical attention was received.

WILLIAM PARKER WILL LECTURE HERE SUNDAY

William Parker, chief physical director in the Model School of America, located in Gary, Ind., will lecture in the First Christian church Sunday evening, using 100 colored slides to illustrate his subject, "God's Great Outdoors."

Mr. Parker is making a 4,000-mile lecture tour in the west and will visit in Omaha a few days with his sister, Mrs. J. H. Ellsberry, 2335 South Ninth street. After leaving Omaha he will hike through the petrified forests of Arizona, over the painted desert, through 100 miles of the Grand Canyon of the Colorado and then visit the San Diego and San Francisco expositions, lecturing on the way up the coast in all of the principal cities.

NEW INTERNAL REVENUE AGENT TAKES UP DUTIES

C. B. Stiver has arrived from Indianapolis to take the position of internal revenue agent in the Omaha division, a place left vacant by the transferring of J. J. Drakendorf to Atlanta.

"As a mnemonic for my name I'll tell you a little story," he said. "I was once professor of mathematics and science in Yelplarsko university and one of my students there found that my name was in the dictionary. She took pleasure in calling my attention to the word and the definition. This is what it said: 'Stiver—A French coin and money of account, the present value of which is about 2 cents; hence, a thing of little worth.' You see, I am a modest man."

New Structure to Go Up on Corner of 15th and Douglas

Current report has it that another big building improvement is to go up on the corner of Fifteenth and Douglas streets in place of what is now known as the Creighton block as the result of the lease of the property by the Creighton university interests, to whom it belongs. The report has it that the lease is George Brandeis and that an annual ground rent of \$20,000 is to be paid for it. This is the property that J. Reblank was negotiating for as announced a week or so ago, but the transaction is now said to have been closed with another party.

Smith on Way from Europe to China

Charles H. Smith of the Associated Press, formerly of The Bee's local staff, is in Omaha on his way from Europe to China. He will be here only till this evening, spending the day with his aunt, Mrs. Z. T. Lindsay, and will take the midnight train for the coast to sail at once for Peking.

Mr. Smith went to London at the beginning of the war and has spent the last ten months in England, Belgium and Germany in the service of the Associated Press. He was in Antwerp when the Army for Ostend was under way, and has had a correspondent's share in several of the exciting episodes of the war.

NEBRASKA ASSURED OF FIFTH BIG APPLE CROP

With the apple crop about assured for Nebraska this year C. G. Marshall of Arlington points out that this will mark the fifth consecutive year of apple crops in Nebraska. He also points out that, according to the statistics of the killing frosts in all parts of the United States, Nebraska has no more of these to harm the fruit crops than have famous fruit sections of the United States.

"Fruit failures occur here about one year in five," he says. "The fruit crop of Nebraska for 1915 is assured. While light frosts did some injury to the fruit crop on the low ground and in pockets, most of the sections came through without material injury."

Why Should You Tolerate a Poison In Your Home?

Never Let the Skull and Crossbones Pass Your Threshold—It's the Only Way to Be Safe. Of course you frequently need a powerful antiseptic and germicide—nearly all families do. That is why "Benetol" has met with such instant success.

Your Home Isn't Safe With Poison About. It is absolutely necessary to know whether used externally or taken internally. And strange as it may seem, U. S. Government tests show it to be much stronger as a germicide than even pure carbolic acid! Put a bottle of "Benetol" in your medicine chest and throw away any mercury tablets, acids or other poisons you may have around. Then use your "Benetol" in any way that you have previously used the others. Instead of ever harming you, "Benetol" will always protect and help you. Gargle with it for a cold or sore throat. Wash out the nasal passages with it to cure catarrhal affections. Sweeten your stomach with a morning swallow. It will sterilize and keep your bowels and kidneys in the best of condition. Use it for the instant relief from cuts and burns. Teach the children to use it. Nothing will ever take the place of "Benetol" in your home after you learn of its wonders. If you have never tried it, let us send you our trial combination of "Benetol" liquid, ointment and tooth cream. This combination is not sold by dealers, but is sent direct on receipt of 10 cents to pay postage and packing. Buy "Benetol" in 25c, 50c and \$1.00 sizes, in nearly all drug stores. Made only by the Benetol Company, 144 Benetol Building, Minneapolis, Minn. Sold recommended and guaranteed in Omaha by Sherman & McConnell Drug Co., 16th and Dodge; Owl Drug Co., 16th and Harvard; Howard Pharmacy, 247 and Farnam; and Loyal Pharmacy, 27th and North 16th, and other leading drug stores.

East Bottoms Has Diamond Mystery

Chief of Police Dunn is trying to solve the "East Bottoms Diamond Mystery." James Whalen called on the chief and unfolded a story of a woman living on the bottom finding a valuable diamond which had been hidden in a small cache in a willow tree.

The woman said she was attracted by a piece of paper pinned to the tree. Removing the paper she noticed an incision into which had been inserted a small piece of paper containing an unmounted diamond. In her excitement to hasten to her house she stumbled and lost the diamond.

UNKNOWN WOMAN TRIES TO COMMIT SUICIDE

A woman about 50 years of age rented a room from Mrs. N. Navel, 318 North Seventeenth street, Thursday night, and after attempting suicide by gas was brought to police headquarters, where she is being held as a demented person. She refuses to speak when questioned by the police. Two towels found together and attached to the head of the bed seems to bear out the theory that the woman also tried to hang herself.

SENATOR AND MRS. DIETRICH SPEND DAY HERE

Senator Charles H. Dietrich and Mrs. Dietrich spent the day in Omaha on their way to their home in Hastings. Mr. Dietrich had been visiting relatives in Aurora, Ill., while Mrs. Dietrich was attending the suffrage conference at Chicago.

Nebraska Pickle Grower Looks for Outlet for His Crop

Otto Kuehne, president of the Kuehne Pickle company of McGrew, Neb., is in the city, calling on the wholesale grocery jobbers relative to handling the output of his plant. He is also visiting the railroad freight offices, lining up rates on pickles.

McGrew is a station on the Union Pacific's North Platte line, a few miles west of Bridgeport, in Morrill county, and in the country in the vicinity of the town, this year the Kuehne Pickle company has 20 acres planted to cucumbers. The crop is expected to produce 200 carloads of pickles, and at the McGrew plant that is being erected at a cost of \$50,000 everything in the pickle line will be turned out.

Several Want Job of Public Defender

A brisk competition is on over the appointment at the hands of Governor Morehead for the newly created position of public defender for which the legislature passed a law effective next month. The job carried a salary of \$1,200 and after the first incumbent's term is to be elective. According to the political dopesters, the bill was put through by Senators Howell and Bedford at the instance of Frank T. Hanson with the understanding that the plum was to fall to Ralph West, a young lawyer, son of Joel West, formerly associated with Hanson. Other aspirants, however, have not been content to let it go that way and are also pushing the favor of the governor. Among them are Joseph Berger, ex-Senator, Richard Horton of Omaha and J. J. Broen of South Omaha.

Insurance Girls to Hold Annual Meeting

The Insurance Girls' club, an Omaha organization, remarkable that it flourishes without constitution or bylaws, without officers and without dues to be paid by members, will hold its third annual meeting Saturday afternoon at the Field club. It is composed of more than twenty young women who are employed in local insurance offices.

According to the members of this society, the young women, having observed that politics and office-holding bring only worry and grief to both electors and elected, decided that their organization should be without a government. Volunteers do all the work involved in the upkeep of the club. Its members lunch together once each week at one of the local hotels.

HARVARD MEN ENTERTAIN FOR DR. CROthers AT LUNCH

Harvard men are giving a warm welcome to Dr. Samuel McChord Crothers, one of the Cambridge pastors, who is in Omaha to deliver a free lecture this evening at the Central High school auditorium. R. A. Capen, and other college men took luncheon with Dr. Crothers at Hotel Loyal this noon. Attorney W. F. Gurley, who attended Dr. Crothers' church, the First Unitarian, while at Harvard, will preside at the lecture this evening, and Harvard men will be ushered. The subject will be "A Literary Clinic," and the address will be under the auspices of the Omaha Unitarian society, although purely educational in its character and not sectarian.

This Sunday is a good day to settle the Tom Moore question

Smoking is one of man's normal delights—like enjoying prime roast-beef or drinking well made coffee.

But it's up to every smoker to put a little thought into choosing that cigar which gives him full satisfaction — but doesn't over feed his smoke taste.

We have always believed that few men can smoke heavy cigars all day long. Most men are best suited with cigars of a milder type, such as the Tom Moore.

Tom Moore gives you the unmistakable Havana flavor but its strength is "modulated" by the slight addition of certain milder tobaccos.

Sunday, when cigars mean such a lot to a man, is a good day to try out Tom Moore. Smoke one in the afternoon and another along in the evening. And here's to the good smoke hours that are coming to you!

"They always come back for Moore"
