A transcript of the application for letters of administration of the estate of John F. Merritt, a wealthy resident of Dunlap, Harrison county, was filed in probate court yesterday. The administrator is stated to be in excess of \$40,000. William F. Merritt, a son, is to be the administrator. A summer campaign to keep up the receipts at the Young Men's Christian association has been inaugurated by the Board of Directors, who yesterday directed that a quiet effort be made to secure new members among the business men. It is believed that during the summer the business men can receive the greatest physical benefit from the physical culture program at the institution. Every year the activities of the association drop to low ebb during the summer months. A comparatively small income from memberships and other sources of revenues, while the expenses necessarily incurred during the summer and a committee of the board have gone over the expenses and reduced all expenditures for the summer to a minimum, and now the board members are seeking sustaining memberships to keep up the income.

The monthly report of the police department, completed yesterday, shows 183 arrests for the month of May, representing twenty-three classes of offenses against state and city laws. There were sixty-two arrests for intoxication and less than 10 percent of the persons were residents of Council Bluffs, and fifty-six of the remainder were held for investigation and violating city ordinances. The next largest number were gathered in on vagrancy charges, seventeen in number. There were eight arrests for larceny and twelve arrests for being disorderly and disturbing the peace. There were no arrests for serious crimes and no such offenses were committed in the city during the month. During the month there were only 120 lodgers accommodated. For the previous two months the number reached 150 per month. The other work of the officers covered a wide field and was of the usual varied character.

Mrs. M. J. Bellinger will return this evening from Rochester, Minn., where she was taken by Dr. Bellinger several weeks ago for an examination by Dr. Mayo. The illness which she contracted, which was performed immediately, with most successful results. Friends of Mrs. Bellinger will be delighted to know that she is in a condition of almost complete recovery and will be delighted to meet them at her apartment, 401 to Omaha street, Dr. Bellinger, who has made several trips to Rochester after leaving Mrs. Bellinger. She has arranged for the trained nurse who has cared for her, to accompany her to Council Bluffs. She will arrive about 10:30 tonight. Mrs. Bellinger has been in the hospital for several weeks and her friends here for the last week or more, indicating the happy frame of mind that marks her return home.

J. W. Casey, a former well known Council Bluffs man, who has been held in custody by the jury on a charge of being implicated with young Wade, jitney driver, in the loss of a jitney car in his charge belonging to 40 to Omaha street. Casey, the jitney business in Council Bluffs, has submitted a statement showing that he was no measure of responsibility in the disappearance of the car. He also shows that instead of being in Omaha for two days without knowledge or consent of the owner of the jitney he had driven to Missouri Valley and Logan on business matters for which he has arranged for their return from Missouri Valley at night as they were followed by two strangers in a car who drove away from him to follow closely on account of fear of losing his way. Casey says in his statement that after the disappearance of the car before putting the jitney in the Piersall garage he accepted the invitation of the stranger to go to Omaha and stay at the Ford, has not been recovered.

Stranger Run Over And Killed by Train

An unidentified stranger was instantly killed under the wheels of a Rock Island train yesterday at the Chautauque switch northeast of the city limits. He attempted to board a train and fell across the tracks. His body was rolled along and mangled by a dozen or more cars that passed over it.

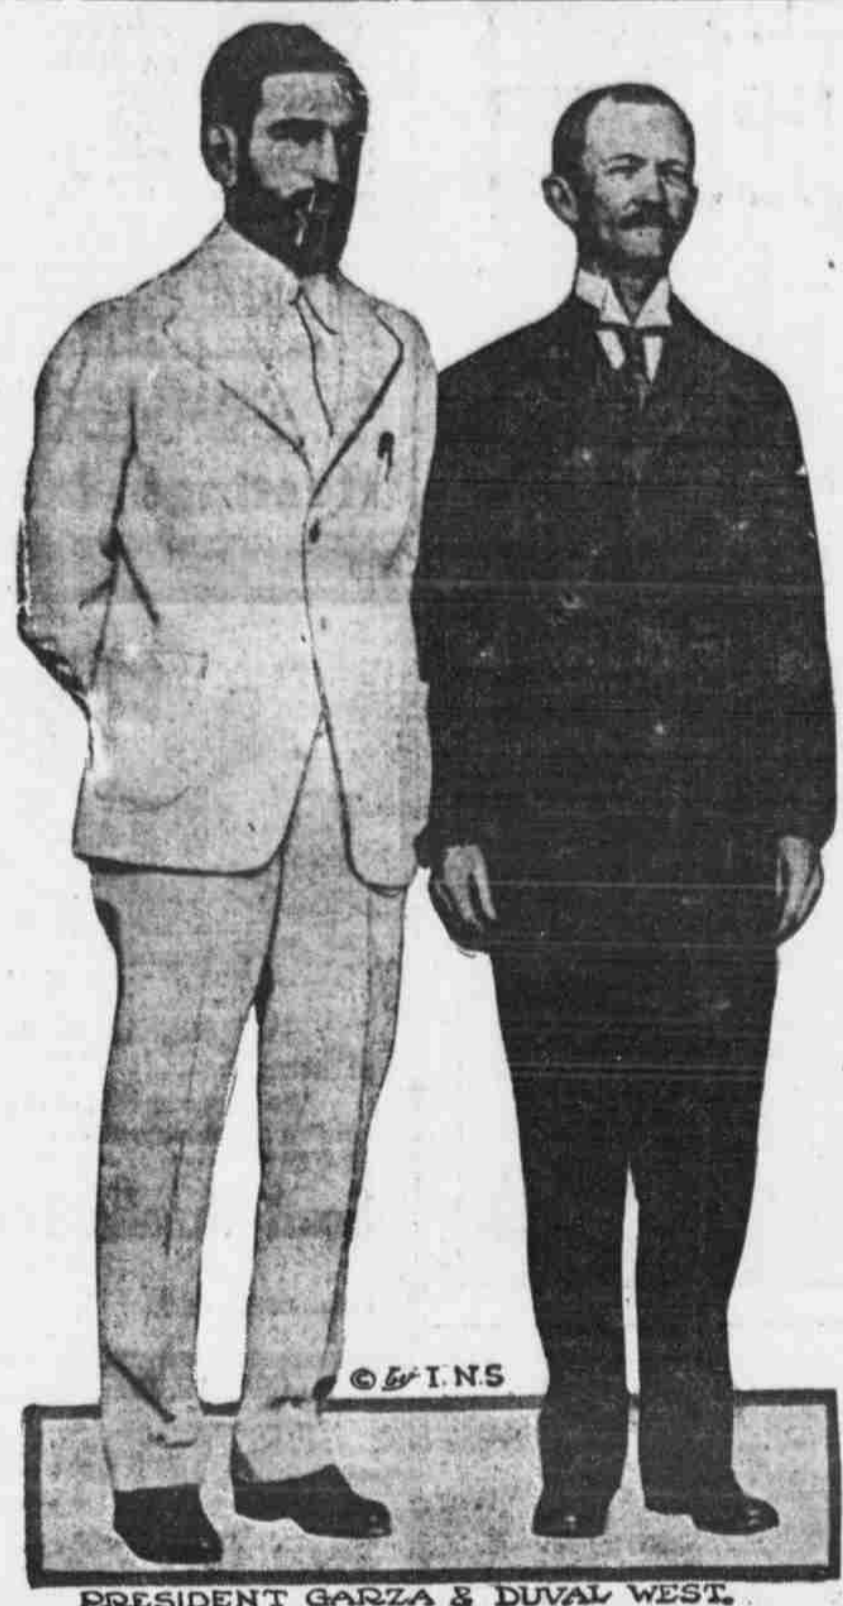

Adopt New Plan To Govern Traffic

At the next meeting of the Board of Fire and Police Commissioners, Commissioner Egan will suggest the adoption of the system used by the Omaha police department to secure observance of the rules governing automobile traffic. Council Bluffs has no other rules than the state laws, and very often unnecessary hardships are inflicted upon strangers who drive to the city and unintentionally violate some of the restrictions placed upon drivers of cars. This especially relates to leaving cars on the streets in locations not designated by the police department. In Omaha the stranger who innocently violates this rule finds a card attached to the wheel of his car containing a friendly warning and designating the offense committed, with directions how to avoid a repetition. In the Bluffs the man's car is taken to the police station and discovered there when the owner comes to report its supposed theft. He is then compelled to pay a stiff fine for an offense he had no intention of committing.

Tribute to Marvin To Retiring Partner

C. N. Marvin, editor of the Shenandoah (Ia.) Sentinel-Post, pays the following tribute to A. S. Bailey, who has been his business and editorial associate for a score of years and who has retired this week from active work to spend quietly the remaining years of his life. Mr. Bailey is more than 50 years old and all of his active life has been spent in county newspaper work.

"A. S. Bailey, who has been with the Sentinel-Post for more than twenty years, retired from active service Saturday night. I can think of no other instance in which a newspaper man has continued in the harness pulling his load day after day along with younger men until past his eightieth year.

"Though he accumulated little of this world's riches in a material sense, he has won riches in a long life of purity, of devotion to high ideals of right, of earnest service in the cause of peace and honor and honesty in the world.

"I do not want to wait until he is dead to speak a word of praise for him. In many years of association with him I learned to know him intimately, and I say without hesitation that I have not thus known any other man so nearly free from guile.

THANKS COURT FOR SENTENCE

Owens Pleads Guilty to Forgery and Gets Ten Years in the Penitentiary.

TRIES TO GET MONEY ON CHECK

Alfred Crosby Owens, who asserts that he is a lieutenant commander in the United States navy, a graduate of Annapolis, owner of an English title, a close personal friend of the lord bishop of the Episcopal church at Aberdeen, Scotland, was given a sentence of ten years in the Fort Marion penitentiary yesterday upon his plea of guilty to the charge of forgery.

Crosby is a puzzle to all who have come in contact with him. That he is a man of more than ordinary ability and refinement is evident and that he is a skillful swindler has been proven. Some of those who have studied him closely believe he is the victim of obsession. His career in Council Bluffs was short.

At 10 o'clock last Sunday morning Owens called up Secretary Hadley of the Young Men's Christian association on the telephone and announced that he was Rev. Mr. Buxton, rector of St. Paul's church, and that he wished to acquaint Secretary Hadley with the fact that Mr. Zimmerman, a greatly beloved nephew, had just arrived in town for a brief visit at the rectory and that the young man wished to immediately connect himself with the association, also stating that he desired to take out a membership for the purpose of securing a room in the building which he would occupy while visiting his uncle.

On Hand with Check. The voice at the other end of the wire asked Mr. Hadley to show the worthy young man every courtesy possible. The voice sounded like that of Rev. Mr. Buxton, and although at that moment Secretary Hadley realized that the rector should be in his pulpit conducting the regular morning services, no suspicion was aroused.

In due time the young man appeared at the association building and informed Secretary Hadley that he was the nephew. He showed great anxiety with the work of the Young Men's Christian association and appeared to have a very pleasing personality. He told Secretary Hadley that he had a \$25 check with which to pay the membership and a week's room rent and asked to be given the change. He was assured that it was unnecessary; that the check need not be cashed on Sunday and he could keep it until Monday. This appeared satisfactory.
